Attorney General Miller says the authority thus given has never been revoked and he follows it up by quoting with approval the instructions issued on the 18th of last month by C. M. Den-nison, chief supervisor of elections of the northern district of New York, in reply to an inquiry whether "special deputy marshals have a right to be in-side the place of registration during the progress of registration and whether they can be inside the polling places on election day outside the guard rail." Further, that the provisions of the federal election laws are in force whenever a representative in congress is voted for, and whenever any of the provisions of the federal law are in conflict with the state statute the federal statutes must be followed.

Fusion in South Dakota.

ABERDEEN, S. D., Nov. 2 .- The Democratic leaders of South Dakota have crats have the other state offices. The vote of the state two years ago was: Republicans, 34,000; Alliance, 25,000; Democrats, 18,000. If the agreement is faithfully kept, the Independent electors may win, but the Republicans claim at least 10,000, Democrats will insist on voting for Cleveland. It looks as though the party which wins will not have a majority of more than 1,000 to 2,000.

Democratic Clubs.

New York, Nov. 2.-Lawrence Gardnet of Washington, D. C., secretary of the National League of Democratic clubs, arrived in New York. He will make a report of the work of the clubs to the Democratic national committee. We now have over 5,000 clubs "he said, and I don't know how many mem-bers. They include all the Democrats who would join and number many thousands. The clubs have done great work in advancing interest in the Democratic campaign and I believe good results will be seen on election day. I have not yet received returns as to the amounts so collected, but I am convinced they are very large.

Violated the Civil Service Law.

Washington, D. C. Nov. 2.—The civil service commission has reported to the attorney general for criminal prosecution under the law against soliciting political contributions the case of Samuel Thomas, treasurer of the Republican state committee of New York. Three separate offenses are charged, consisting of sending letters to the government clerks in this city. The documents in each case are forwarded with the report, The letters call for no specific sum, but request the contribution of such an amount as the recipient may chose to give toward the necessary and legitmate expenses of the campaign.

In Colorado.

DENVER, Nov. 2 .- Judge Miller of the district court has issued a peremptory restraining order to prevent County Clerk McGaffey from printing and publishing the official ballots with the names of the People's Party electors on the straight Democratic ticket. Clerk McGaffey will simply file an answer questioning the jurisdiction of the court and proceed to print the ballots accord-

Cleveland Electors Withdrawn.

PORTLAND, Ore., Nov. 2.-Instructions have been received by telegraph from the national Democratic headquarters to withdraw the Cleveland electors in favor of the Weaver men. This ac-tion meets the approval of the Demo-crats here and they claim that it assures the defeat of the Harrison electors.

Closed Their Session.

COLERIDGE, Neb., Nov. 2.—The annual conference of the Church of the United Brethren in Christ, which has been in session here during the last week, closed. The set ion was one of interest throughout, 1 shop Floyd presided. THE W. C. P. D.

possession of the stock held by Marshau Field, amounting to \$250,000. Mrs. J. B. Hobbs of Chicago, superintendent of the National Temperance hospital, made a report on that institu-tion. There were 121 patients during the year, of which eighteen were men and the balance women. The death

Election Errors in Oklahoma. GUTHRIE, Nov. 2.-Through neglect and ignorance on the part of the officials a serious complication has arisen in this territory, and it is questionable whether more than half of the counties in the territory can hold a legal election next cially printed in two newspapers for two weeks preceding the election. In fully half of the counties this has not been complied with, and it is feared their vote can not be counted. This printing of the tickets is expensive, and added to the other costly and useless machinery of the system will make the expense of holding an election run up into the thousands. In a number of counties holding this single election will cost more than the entire expenditure of the counties for all other official business during the year past.

He reached Schenectady on the train that arrived at 6:45, and was met at the station by prominent Democratic leaders in the county.
