

OUT ON A STRIKE.

Union Pacific Shopmen Quit Work.

THE CAUSE OF THE DIFFICULTY.

Disagreement Over Matters Pertaining to the Control of the Workmen—Men at Denver Will Await Further Instructions From Omaha—At Other Points.

OMAHA, April 15.—Five hundred machinists and helpers at the Union Pacific shops here, and 50 at North Platte, struck under orders from the Federation of Machinery Constructors, upon the company refusing to sign an agreement to make more binding the plan of a schedule day of nine hours.

The employees claim that the company has acted in bad faith concerning the fulfillment of an agreement entered into to allow the force of men employed to reduce itself when the time was below the standard of nine hours a day. It is claimed that the company, instead of allowing the force of men employed to reduce itself naturally has kept up the full quota of men and in some shops, Omaha included, has increased the force. The company not only increased the force but reduced the standard of time of nine hours to eight hours for a working day January 15 of this year.

The strike navigated affects about 2,600 men on the system and only interests the workers of iron or those men who are working eight hours, as they allege they were promised on Jan. 15. The towns to be most affected by the strike in addition to Omaha, are Denver, Cheyenne, Salt Lake, Rawlins, Armstrong, Pocatello, Evanston, Laramie, La Grande and Shoshone.

Did Not Go Out at Denver.

DENVER, April 15.—The men in the Union Pacific shops in this city did not go out, but it is probable they will follow the example of the men at other points. It seems to be a fight between the unions and the Knights of Labor here, and the Knights have won in the preliminary skirmishes. Several telegrams have been sent to Omaha by the union men, who are only waiting the word to go out, but up to a late hour no reply had been received.

Should the strike go into effect, there are about 15 trades unions who will walk out of the Denver shops, while about 200 of the men who belong to the Knights of Labor would probably remain at their posts.

The Knights of Labor were notified by their executive board that the strike ordered by the unions was in support of a demand for an agreement with the company covering only machinists, boiler-makers and blacksmiths, and which is in direct opposition to the spirit of the agreement entered into by the company with the Knights of Labor, and they would be expected to oppose it. A meeting will be held, which promises to be long and stormy.

At a meeting of the Union Pacific shopmen held here it was decided to send a committee to Omaha to see if some arrangements could not be made to avoid a strike here. Until this committee is heard from it is probable no strike will occur in this city.

The Situation at Cheyenne.

CHEYENNE, Wyo., April 15.—The boiler-makers and machinists employed in the Union Pacific shops at this point have struck. It was expected that the blacksmiths would also go out, but so far they have not done so. The striking men held a meeting at which the situation was discussed. Many of the striking mechanics are dissatisfied with the order received which compels them to quit work, and at the meeting this element gave expression to views antagonistic to the course that has been pursued. The blacksmiths and woodworkers refused to become a party to the arbitrary action of the men who have struck. There is no little excitement about town over the strike and people of this city universally regret the hasty action of the men.

Quit Work at Armstrong.

KANSAS CITY, April 15.—One hundred and forty machinists and boiler-makers in the Union Pacific shops at Armstrong, in Kansas City, Kan., struck just before noon the foremen were notified to order their men not to return to work at 1 o'clock. The order came by wire from Omaha. The strikers went to the office of the Division Master Mechanic Roberts to see what he was going to do about it. Mr. Roberts could do nothing for he gets his orders from Omaha too. Many of the strikers went to their homes, while some lingered about the shops. They were all peaceful and made no effort to interfere with any one. They say they are acting under orders from their executive board at Omaha.

At Salt Lake.

SALT LAKE, April 15.—About 50 men employed in the shops of the Union Pacific railroad quit work in obedience to orders received from the Machinists, Boiler-makers and Blacksmiths union at Omaha.

Out at Pocatello.

POCATELLO, Idaho, April 15.—Employees in the Union Pacific shops here to the number of 200 walked out. The 50 blacksmiths remained at work.

Iron and Steel Combine.

CINCINNATI, April 15.—The announcement is made of an immense iron and steel combine that includes 13 of the most extensive companies in Ohio and Pennsylvania. They are organized under one management with a capital stock of \$12,000,000 and Cincinnati is to be the distributing point. All the preliminaries to the combine were finally arranged through Cincinnati and New York brokers. The new concern will be incorporated under the laws of Illinois.

Voluntarily Assigned.

CHICAGO, April 15.—The Coleman & Ames White Lead company made a voluntary assignment. The assets and liabilities are given at \$50,000 each.

Horace A. Hurlbut Dead.

CHICAGO, April 15.—Horace A. Hurlbut, widely known in financial circles, died suddenly at his residence in this city.

DEMAND THEIR RIGHTS.

Belgian Workmen Want a Vote in the Government.

BRUSSELS, April 15.—Meetings in favor of universal suffrage are being held throughout the country and great excitement prevails at all of them. Everywhere speakers declare that the time has come for the downtrodden workmen to assert his right to a voice in the government of the country and impassioned appeals are made to those who live by toil to leave their work and to join the great demonstration now in progress.

The governor of the province of Brabant has instructed all mayors of cities and towns within his administrative district that they must prohibit all public demonstrations for universal suffrage. The government has issued a decree calling out all the militia for the defense of the state. This means the mobilization of 45,000 troops against the workmen.

In the fight between the workmen and civic guard in the streets of Mons 14 soldiers were wounded, three fatally. They were removed to the hospital, where their anti-mortem statements were taken. Dispatches from Antwerp show that the situation in that city has grown more threatening hourly. The strikers gathered repeatedly in large crowds throughout the northern districts. A squadron of police riding with drawn swords against the workmen were overwhelmed with showers of stones and timbers. The police retired in confusion.

While the reserves were being summoned, the strikers threw up barricades in the side streets. Women and children hastened from the houses with firearms. When another squadron of police, supported by a detachment of the civic guard, arrived, half an hour later, to drive back the mob, they were met with volleys from the revolvers and rifles of the men behind the barricades. Many of the soldiers were wounded and were removed to the hospital. More militia were summoned, and after two charges, carried the barricades. The strikers retreated firing. Crowds are still gathering in the northern district, and more fighting is expected.

ZANTE AGAIN VISITED.

Awful Ravages of Earthquakes on the Island.

ATHENS, April 15.—The island of Zante, one of the principal Ionian islands, was visited by a destructive earthquake, resulting in great loss of life and property. The greater part of the city of Zante was destroyed. The streets are filled with wrecked houses. The bodies of 20 persons, killed by falling walls, have been recovered. It is feared many more are dead in the ruins. The number of injured amounts into the hundreds. The greater portion of the inhabitants fled to the plains back of the city. The search for bodies is slow on account of the confusion.

A large number of buildings were thrown down, among them St. Dionysius' church and the government offices. The whole island was devastated. Many villages were destroyed and the loss of life is very great. The full extent of the calamity cannot be estimated at present. Since morning two more heavy shocks have shaken the whole island of Zante. The people are fleeing from all the towns to find safety on the plains and hillsides. All are terror-stricken. Thousands are without shelter, and few have sufficient food.

The British minister resident has telegraphed to the British foreign office a request for warships to be sent at once to Zante with men and building materials, that temporary sheds may be erected for the shelterless at once on the plains and hillsides.

Lease's Answer Filed.

LINCOLN, April 15.—Ex-Archbishop General Leese has added to the already voluminous impeachment record in the supreme court by filing his answer to the articles against him by the legislative committee. As respondent, he enters a general denial to all the specifications, and especially to the charge that he got \$500 for writing an opinion for C. W. Mosher favorable to the prison contract. Ex-Auditor Benton also entered a plea. It is similar to that of ex-Treasurer Hill, filed several days ago, claiming the lack of jurisdiction on the part of the supreme court, on the ground that it is unconstitutional to bring impeachment proceedings against an ex-official.

Egan Making Trouble.

WASHINGTON, April 15.—The trouble between Minister Egan and the Chilean authorities, over the action of Mr. Egan in giving shelter and protection to two Chilean refugees, has not been adjusted. Secretary Graham refused to say what action he had taken in the matter. He stated that he expected additional information from Santiago by cable, but up to a late hour no such message had been received.

Took the Matter Under Adjudication.

WASHINGTON, April 15.—Secretary Morton has received the report of Assistant Attorney General Colby, who conducted the investigation into the charges of illegal and fraudulent disposal of public property in the weather bureau. The secretary read the report, and announced that after going through the immense amount of testimony in the case, he would take the matter under advisement.

Imports and Exports.

WASHINGTON, April 15.—The bureau of statistics, in its statement of foreign commerce for March, shows the excess of imports over exports to be as follows: For the month of March, \$27,070,000; for the three months ended March 31, \$91,916,000; for the nine months ended March 31, \$47,119,000; and for the twelve months ending March 31, \$53,616,000.

Rescinded the Order.

WASHINGTON, April 15.—Secretary Herbert has rescinded the order of Secretary Tracey, issued February 7, 1893, placing Paymaster J. C. Sullivan on furlough on account of certain publications relative to the Bering sea controversy, published in a Pacific coast paper, purporting to have been based upon an interview with Sullivan.

The German Fleet.

WASHINGTON, April 15.—The German minister has informed the navy department that the German cruisers Kaiserin and Seeadler arrived at Halifax on the 15th and would probably reach Hampton Roads by the 18th.

MOVING TO RESTORE LILIUOKALANI.

Hawaiian Make Sensational Announcement, Teaching the Government's Commission.

KANAWA CITY, April 15.—The Times prints a special dispatch from their correspondent in Honolulu, Hawaii, via San Francisco, under date of April 15, in which he says: "The royalists profess to be in possession of facts relative to the future actions of Mr. Blount, in which the commissioner, in the name of the United States government, will restore the deposed queen to the Hawaiian throne. The royalists, in the same spirit of confidence, are now asserting that Queen Liliuokalani will be restored to her throne within two weeks."

Not Outdone by Her Exting Spouse.

TRENTON, N. J., April 15.—A double elopement occurred at a boarding house on Petty street a few days ago. John Saxton and John Hood have gone off with the wives of other men. Mrs. John Wayne was deserted by her husband a few days ago, and to even matters she has eloped with John Hood. She also induced Lena Norton, the wife of another man, to go away with John Saxton. Both men boarded at the house where the two women resided. Saxton claims to be the son of a New York searator. The flirtation that ended in the elopement had been going on for several weeks. John Wayne, the missing husband, has a national reputation as a steeple and amokestack climber.

Fatal Collision.

FAREWELL, Mich., April 15.—In the Ann Arbor collision near here, J. W. Ungor, married, and Isaac Ruchnell, both of Owosso, were killed. Frank Thompson of Elsie, had a thigh broken and was otherwise injured. His condition is critical. O. S. Crouthers of Owosso, and James Pickering of Fawcett, were seriously bruised. Several other laborers were more or less bruised and cut. The work train had been picking up some wrecked cars and was backing up when the passenger train struck it.

Carter Inaugurated.

CHICAGO, April 15.—Mayor Carter E. Harrison was inaugurated for the fifth time in the council chamber, a crowd of people, limited only to the hall's dimensions, being present to witness the ceremony. The chamber was handsomely decorated with floral offerings of pretensions designs, gifts from the admirers of the new officers of the city government. The capacity of the chamber being but a few hundred, many persons were turned away from the doors.

Kansas Prairies Swept by Fires.

TOPEKA, April 15.—Reports continue to come in of disastrous prairie fires in the western part of the state, and unless there is a soaking rain it will be a barren waste. The most destructive fire occurred in Hodgman county Thursday. Many houses and barns were burned up and large numbers of horses and cattle were lost by the farmers. It is impossible to estimate the loss. Logan county has also suffered great losses by prairie fires this week.

Mrs. Maybrick Attempts Suicide.

LONDON, April 15.—A report has been circulated and generally credited in London that Mrs. Florence Maybrick tried to kill herself in the Woking prison on Saturday. She is said to have stabbed herself severely in the throat and chest with a table knife, which was taken from her barely in time to save her from inflicting mortal wounds.

It Was Not Dynamite.

VALPARAISO, April 15.—Order has been entirely restored at Santiago. A thorough investigation has been made as to the explosions in the Case de Moneda, which caused so much excitement owing to the belief that they were caused by dynamite. The investigation shows that they were caused by escaping gas, and not by dynamite.

Given a New Trial.

MEMPHIS, April 15.—The supreme court at Jackson, Miss., granted Henry Foster, who killed ex-Congressman J. P. Morgan, a new trial. Foster was condemned in the lower court to a life term in the penitentiary.
