VOORHEES LISTENED TO

He Favors Discontinuing the Purchase of Silver Bullion,

APPLAUSE IN THE GALLERIES.

Biewart of Nevada Makes an Address. Froat the California Midwinter Exposition.

WASHINGTON, Aug. 23 .- In the senate Mr. Allen (Pop., Neb.) offered an amoundmont to the Voorhees repeal bill in the form of a provision for the coinage of lver at the present ratio of 16 to 1 un-

the same conditions enforced as to e coinage of gold, and directing the sinage (without unnecessary delay) of the silver bullion now in the treasury. It was referred to the finance committee. as was also a bill introduced by Mr. Peffer (Pop., Kan.) for the reduction of the salaries of all the government officers from \$1,900 upwards by 15 and 25 per cent.

N Comer

There was gathered within the walls of the senate chamber a larger attend ance of spectators in the galleries than there has been seen for many a day. The occasion was the announcement that the senate was to be addressed by Voorhees (Dem., Ind.), chairman of the finance committee, in support of the bill

reported by him discontinuing the purchase of silver bullion. The speech was listened to from beginning to end with close and eager attention, both on the floor and in the galleries.

He had not been speaking more than a quarter of an hour when he noticed Stewart (Rep., Nev.) rise as if to put a question, but Voorhees declined to yield and resumed the delivery of his speech. He was soon again interrupted-this time by applause in the gaileries, following an encomium on President Cleveland. This was checked by Vice President Stevenson, who threatened to clear the galleries should it be repeated.

The speech was followed by an argument from Dubois (Rep., Ida.) in opposition to the bill, as a measure to establish gold monometallism; and by one from Palmer (Dem., Ills.) in support of not the impossibility, of bimetallism according to the Chicago platform.

Stewart (Rep., Nev.) addressed the "given the law to the north and the negro to the south." The last hour or two of the day's session passed in a discussion of Cockrell's amendment to the bill for the increase of national bank circulation, but no action was taken upon it and the senate adjourned.

A Maze of Litigation.

OMAHA, Aug. 23 .- A cross bill in equity was filed in the United States court here by the American Waterworks Company of Illinois against the American Waterworks Company of New Jersey, the Denver City Waterworks company, E. Hyde Rust, the receiver of the New Jersey company, and other directors and officers of the different corporations that have become mixed up in the maze of litigation. The bill joins in thprayer for the permanent removal of Receiver Rust of the New Jersey com pany and charges that the incorporation of that company was illegal.

Bids For the Cherokee Bonds.

FORT GIBSON, 1. T., Aug. 23 .- The sale of the Cherckee bonds, amounting to something over \$6,000,000, has again been brought before the people in the shape of a new bid received at the executive department at Talequah, and there is talk of immediate sale. The bid is from a New York syndicate and though the names of the men composing it have not been given, it is understood to be from an entirely new source. Par without interest is what was offered, and it is thought that the executive council will accept it.

BESTOW WITHDRAWS HIS NAME.

Sars its Mail Eather Have the becoud Place on a Ticket Braded by Boles, Than First Place Without Boirs Silver Question Unorithed.

Dds Morxus, Aug. 23 .- It is generally believed that Governar Boies will be renominated at the Democratic state convention. The party managers and the rank and file of the delegates already assembled could see no other way out of the chaos existing before the agreement dressed-the Denver chamber of comwas reached. The nomination of Gevernor Boies under the circumstances which surround it will be an event of an unusual nature in politics. He has twice held the office of governor and has written a letter declaring himself conscientiously opposed to third terms and declining to be a candidate, wishing to retire to private life. The party looks to him as its leader and has been unable to agree upon any other man.

Want Boies to Lead the Ticket.

Lieutenant Governor Bestow, the only avowed candidate for governor, has agreed to the nomination of Boies. coupled with his own renomination for lieutenant governor. "I had rather," he said, "have the second place on a ticket headed by Boies, than first without Boies.

Governor Boies has not consented to the use of his name, although he is being constantly urged to do so. It is believed he will be nominated even without his consent, but that he will not refuse to make the race.

Silver Question Unsettled.

The silver question remains to be settled. While the party managers favor an endorsement of the national financial plank of last year, the free silver men rupted by some callers of prominence refuse to be satisfied with the arrangement, and claim to be strong enough to control the convention. They held a secret meeting to agree upon the method of conducting a fight in the convention. minister. Blount was quite as reticient Ex-Congressman Walter H. Butler, himself a free silver advocate, addressed the meeting, urging harmony and compromise. A silver fight in the convention, similar to the controversy over prohibition in the Republican convention of a week ago, is greatly feared by the Democratic leaders. If harmony does not prevail Governor Boies may refuse to accept.

The Incident Satisfactorially Settled. ROME, Aug. 23 .- According to a semiofficial announcement made, Admiral Brin, minister of foreign affairs, has instructed Signor Rossmann, Italian amabassador to France, to inform the French government that in view of its spontaneous dismissal of the mayor of Aigues-Mortes, the Italian government, appreciating the friendly disposition thus shown and placing complete confidence in the efficient and impartial action of the

Doffes the Law of the City.

COUNCIL BLUFPS, Aug. 23. - Last week an ordinance was passed by the city council establishing a 3-cent fare on the street car lines. The fare was 10 cents when the ordinance went into effect. The street car company paid no attention to it and continued to charge the old fare. Citizens boarded the cars and tendored the 3-cent fare. They were all refused permission to ride and forced to leave the cars. For each offense in disobeying the law the street car company is liable to a fine of \$100. The company is now defendant in suits amounting to over \$30,000.

Blount and Gresham Confer.

WASHINGTON, Aug. 23.-A conference between Secretary Gresham and Minister Blount was held which lasted nearly three hours. Secretary Gresham sent for Blount's report on the Hawaiian situation and the two considered them at length. Gresham refused to be interwho sent in their cards. When the conference was over he declined to make idea of the result of his talk with the and referred all who inquired to Secretary Gresham.

Supposed to Be Cattle Thieves.

DENISON, Tex., Aug. 23.-A report reached here that the bodies of two men were found beside the carcass of a butchered yearling near Bagtickalo, in the Cherokee nation. The bodies were full of bullet holes and it is thought that the men were killed by ranchers, who had caught them in the act of stealing cattle. It is said that a gang of thieves Fremont, Elkhorn & Missouri Valley have been driving cattle from the range into Texas and smuggling them into Denison for the local market, and warrants have been issued for the arrest of several men interessed in the raids.

Proceedings of the House.

WASHINGTON, Aug. 28.-The interest in the silver debate was transferred from the house to the senate, but the audience in the former parliamentary body was not entirely disappointed, although Breckinridge of Kentucky, who was expected to open the debate, did not apapear. Mallory (Dem., Fla.) was the first speaker against the unconditional repeal of the Sherman law. Hopkins (Rep., Ills.) took the other side, incidentally charging the Democrats with partisanship. The new Populist from Nevada, Newlands, made a good impression in his speech, which was a vigorous one in support of the free coinage of silver. Bynum (Dem., Ind.) made a short but interesting argument in favor of the Wilson bill. The surprise of the day was the speech of Hepburn (Rep., Ia.), who was comptroller of the currency under the Harrison administracolleagues and emphatically declared against the repeal of the Sherman law. That law, he contended, had been beneday's debate with an argument in favor of bi-metallism.

The senate bill was passed admitting free of duty all articles intended for exhibition at the California midwinter international exposition.

The house then took a recess until S o'clock; but only after an agreement that during the remainder of the week the daily hour of meeting shall be 10 o'clock.

The Evening Session.

After the recess Ellis (Dem., Ky.) spoke in favor of free coinage and severely criticised the position taken by his colleague (McCreary) upon the quesmonometallism. McKaig (Dem. Md.) Pacific, advocated the free coinage of silver. De Forest (Dem., Conn.) favored the immediate repeal of the silver purchasing sity for which is so clearly written on (Dem., Miss.) though depricating the necessity of having to speak to empty benches, spoke in favor of the free coinage of silver. The house adjourned at 11:40.
