ESTIMATES ON THE SENATE BILL.

Compared With the Wilson Bill and Present Law—Senator Peffer's Resolution on Sugar Speculation Laid on the Table. House Considered Only One Bill—Statement of Sugar Bounties Paid Last Year.

WASHINGTON, March 13.—The senate committee on finance took up the tariff bill Monday as amended by the Democratic members beginning with the chemical schedule.

Senator Aldrich on behalf of the Republican members stated there were representatives of several interests affected by the bill now in Washington asking to be heard by the committee as to the changes made and mentioned especially a delegation of laboring men from Worcester, Mass., interested in the manufacture of firearms, who, he said, regarded the provisions relating to these articles injurious to them, and who were very desirous of presenting the facts in the case. He therefore offered a resolution that five days be set apart to hear workingmen, farmers, manufacturers and other persons interested or desiring to be heard on the rates suggested in the bill.

The resolution was voted down by a strict party vote, the Republicans favoring and the Democrats opposing it. The committee did not make much progress with the bill, only six items being passed. All of them were left unchanged.

Different Tariff Measures Compared.

The committee was supplied with a tabulated statement prepared by the treasury department, showing in detail the amount of revenue which it is estimated will be received under the senate bill if it should become a law; also giving the estimate under the Wilson bill and comparing both with the returns from the treasury departments under the present law for 1893. The statement also gives an estimate of the increase in the internal revenue under the senate, as follows: Income tax, $30,000,000; spirits, $20,000,000; cigars, $9,000,000; cigarettes, $1,500,000; playing cards, $3,000,000; total increase $63,500,000. The estimated duties of the senate bill as compared with those of the Wilson bill and the returns under the present law by schedules are as follows:

House Considered One Bill.

OPPOSED TO AN INVESTIGATION.

Senator Peffer's Resolution on Sugar Speculation Laid on the Table.

WASHINGTON, March 13.—Mr. Blanchard the newly appointed senator from Louisiana was presented to the senate at the opening of that body Monday and took the oath of office. The resolution of Senator Peffer calling for an investigation as to senators speculating in Wall street was, on motion of Mr. Gorman laid on the table, by a vote of 33 to 27. In support of this motion, Mr. Gorman characterized the charges as based upon rumor and slander unworthy of consideration.

The seigniorage bill was then taken up and Mr. Vilas resumed his speech in opposition to the measure.

Mr. Allison of Iowa made the speech which he was not well enough to deliver last Friday. In the course of his remarks he said: "If the Democratic party is willing to pass this bill, authorizing the issue of $55,000,000 without a dollar back of them, they are willing to do that which they have never done before—the issue of fiat money."

Senator Wolcott of Colorado advocated the passage of the bill, he would have been glad to have seen the proposed amendments discussed and voted on, but it was also true that the friends of the bill (if they were in the majority) had the right to pass the bill as it was. At the conclusion of his speech the senate adjourned.

Statement of Sugar Bounty Paid.

WASHINGTON, March 13.—Complying with a resolution, the secretary of the treasury sent to the senate a list of licensed producers of sugar from beets, sorghum and sugar cane in each state and territory to whom bounty has been paid and the amount to each. The statement shows that the payments for the current year up to March 4 have been as follows: Beet sugar, $610,935; sorghum sugar, $16,935; cane sugar, $2,513,597; maple sugar, $115,597—Total, $3,257,055. The state of California leads in the production of beet sugar. Nebraska and Utah are also producers of this kind of sugar. Kansas and Minnesota are the only producers of sorghum sugar, and the latter only to a very slight extent. Louisiana receives the bulk of the bounty paid on cane sugar, but Texas, Florida and Mississippi also show an interest in the industry.

Suspensions of Pensions Removed.

WASHINGTON, March 13.—All suspension of pension in cases in which payment has been already resumed, or where the pensioner's name has not been stricken from the rolls, will be removed by an order signed by Commissioner Lochren. This action affects the cases of between 3,000 and 4,000 pensioners. The special agents will be instructed to pay these pensioners their former rates until otherwise ordered.

The estimates submitted by the secretary of war for 1895 were $25,332,918.

LOYAL ORANGE INSTITUTION

United States of America.

ORANGE PRINCIPLES.

On behalf of the Loyal Orange Lodge of the United States of America, and with a view of correcting the false impression that enemies are endeavoring to convey to the minds of men who are unacquainted with Orange principles, are these few statements made:

The Loyal Orange Institution is a brotherhood and sisterhood, bound by three ties—Justice, Truth and Righteousness.

It has no hidden aims.

It is Fraternal and Benevolent—assisting and protecting members while living and their widows and orphans when they are removed by death.

It upholds the right of private judgment—the untrammelled freedom of opinion; believes the public schools are an essential safeguard of the state, and should be kept free from ecclesiastical or sectarian control and that persons disloyal to the government—who hold a mental allegiance to the pope of Rome—should be rigorously excluded from teaching therein.

It believes primary allegiance is due to the government which protects the lives, liberties and properties of its citizens, and that ecclesiastical authority should not under any circumstances, be permitted to meddle in the affairs of state, and that coercion of a citizen in the exercise of his or her right of franchise, under the guise of religious or spiritual authority should be punished as a crime against the state.

That it is the duty of every citizen to defend the lawfully constituted authority and institutions of our country against corrupt and inimical influences, as well as against armed assailants, to the end that our glorious freedom be protected and transmitted unimpaired to posterity.

It encourages habits of frugality and industry among its members, and is proud to boast that Orangemen seldom become a public charge or accept pauper bread.

It believes in the restriction of immigration and the extension of time for the naturalization of citizens, and that the public lands shall be held for actual American citizens who become settlers.

The Loyal Orange Institution of the United States of America has certain requirements for membership:

That a man shall be an actual American citizen, having complied with the laws of the United States with regard to naturalization, and without a mental reservation.

That the applicant shall be a Protestant, and also that his parents and wife shall be Protestants.

That he shall be thrifty and successful in his business; honorable and truthful in his dealings with his fellowman, and shall be known as a law-abiding citizen.

That he will endeavor to give his children or any children under his charge at least a good common school education, being careful to avoid all popish doctrines, and

That he shall be in sound health at the time of making application.

It makes no difference where a man was born, so long as he meets the foregoin requirements.

These are the qualifications required o every applicant to the order, and we do not think that any patriotic American order can offer a better array of principles and teachings.
