WASHINGTON, D. C., June 17 .- The Indian appropriation bill was passed by the house yesterday substantially as eported from the committee. A determined effort was made to kill the bill by a motion to re-commit, with instructions to strike out the provision for contract schools and to provide for the erection of government Indian schools, but it was unsuccessful. The Indian appropriation bill was taken up and the reading was concluded. The Indian school at Mount Pleasant, Mich., 150 pupils at \$150 a year was provided for instead of 100 pupils at \$167. The bill was passed by a vote of 156 to 33.

In Accord With the Constitution.

Within a few days past a great hue and cry has been raised against an organization styled "A. P. A." From what has been published on this subject the Republican had been led to regard it as

"A monster of such frightful mien That to be hated needs but to be seen." and so took the trouble to get at the kernel of the matter.

A good many upright citizens and liberal-minded men fail to discover anything so terribly alarming in its declaration of principles; indeed it seems to embody the essential features of the declaration of independence and be in harmonious accord with the constitution of the United States.
