Sheep Creek and Snake Creek precincts failed to come in with their usual majorities this year though Running Water did fairly well considering—

The National Ticket

Has been elected by the Republican party according to the showing so far. New York and Indiana have both been carried by the Republicans by small majorities.

Representative Gilchrist

Carries this county by a majority of 8 and the District by about 1000.

Oats for sale at the lumber yard.

Chas. Jameson received this week a new burglar proof safe for use in the bank.

If the parties speaking of the young man who votes where he sees fit, wishes to teach him a lesson he should do so. Better keep quiet, that young man may teach you a lesson you should have learned long ago.

What can be done to encourage the trade from the "mammoth south precinct?" Voters come to Harrison, subscribe for the JOURNAL and get your supplies at the Ranch Supply House.

Buffalo Bill.

Buffalo Bill, Hon. William Cody, arrived in town yesterday. He is in the enjoyment of excellent bodily health, he possesses even in greater degree than ever before the distinguished air which makes him a central figure in any gathering.

His inseparable companions, his diamond buffalo head and cuff buttons flash as of yore, though his manner has less of the dash and more of the reserve than formerly distinguished him.

"I am going to my home in North Platte," said he, "to be introduced to and cultivate the acquaintance of my family, not having seen them in nearly two years. We left this country a year ago the 19th of last March and have since played as you know with wonderful success in England. We have also played to great audiences in this country. We carry more horses, equipments and men than any show on earth. We have even knocked Barnum out. At first he used to run against us, but we have knocked him out so that he has concluded to give the western show a wide berth. Our stock is now at General Beal's farm, eight miles outside of Washington. General Beal is the man who has the Arabian stallions which were presented to General Grant."

"I shall stop a couple of months at home and then go on a hunting expedition across the country, possibly to the Pacific coast. In our party will be a number of gentlemen from abroad, Lord Beresford, probably Lord Mandeville, Lord Clifford and others. Nate Salisbury will not go. He is going to Paris to make arrangements for our show there next season. The show we will give there will be a great one. The one we took to England was a big one but it won't be a starter compared with that which we are going to take to France. You see we are not only still in the business, but are making improvements even if it doesn't put anything into our pocketbooks."

Mr. Cody left last evening for North Platte and was accompanied by Sherman Canfield, who has just returned from his trip with William to England.

The Peoples Paper.

Oats for sale at the lumber yard. Stock trains are numerous again. For Sale—oats at the lumber yard. Fine cigars at Bartell's restaurant.

D. A. Price was in Harrison Friday. Grand Free Range Ball on the 15th. John Nolan visited Harrison Thursday. John Bartell is building himself a stable.

Mrs. B. F. Thomas was in town Thursday. Apples by the bushel cheap at the restaurant.

Mr. John Ragland called at this office Thursday. Work on the court house is progressing again.

Fresh fruit and fancy candies at the restaurant. Alonzo Southworth called on the JOURNAL force Thursday.

Go to the restaurant when in Harrison for a square meal—only 25c. Alonzo Southworth went to Chadron Wednesday returning Thursday.

The President announces that Thursday the 29th will be Thanksgiving day. Justice Jones went down to Crawford Thursday evening and returned Friday.

J. Cook was in town Thursday laying in supplies at the Ranch Supply House. Red Fitzgerald "set up" the lunch to all present on election day in real bachelor style.

Ned Andrews was in town to hear the election news and returned to his claim Thursday.

The wind mill has been taken down from over the town well but the tower still stands.

A new floor, and other improvements, adds to the appearance of Christensen's hardware store.

Messrs. Backer Sr. and Thos. Reidy returned Monday from a short visit to friends east of here.

This is the time to make bets on the presidential outcome but don't follow the first reports too closely.

Horner Priddy was the recipient of a fine bird dog last week. It was sent him by his father from Iowa.

James Farnum and Perry McCrean spent Election day at Sheep Creek polling place but no voters put in an appearance.

Mr. Ed. Galpin has commenced the erection of a building just north of Mrs. Loutzenhiser's millinery store to be occupied by himself as a barber shop.

Voters seem to be plentiful in some precincts where people are scarce. Perhaps the coyotes have a voice there. Wolves always gobble the unprotected.

Geo. Walker's trial did not come off Thursday for want of someone to prosecute and the case was continued again until Saturday. His liberty was secured by giving a recognizance bond of \$100.

The poor judge still exhibits his deformity on every accessible occasion. He even declares the Ohio Reports to be Ohio Statutes, but he failed to soft-soap the Bodare election board just the same.

The first real snow-fall of the season arrived here Sunday followed by another small fall on Wednesday morning. It amounted to only three or four inches in all and the sun's rays have reduced that to a nothing in many places now.

There was a surprise party at the residence of Mr. and Mrs. Simler Wednesday evening. The several persons present enjoyed themselves at "skipping the light fantastic" and other amusements until a late hour and all departed well pleased with the occasion.

I would say to the people of Sioux county that I never ran for a public office on a prohibition ticket; neither would I think less of a man because he has lived and is living a temperate life, or would have others so live; and my family has never suffered because of my inebriety. I never bought or drank a pint of whiskey in my life. I am guiltless of being drunken or of making others drunken; or of abusing my neighbors when I could not answer their argument.

Yours &c. B. F. THOMAS.

We would Like

—To know who the next postmaster will be.

—To know if the steam pump is still "on the road."

—To know how much whiskey was paralyzed on election day.

—To see a person that can learn to play a horn faster than Ed Weir.

—To know which is the most honorable; to be elected or defeated by fraud.

—To have someone bring us a load of wood on subscription. Don't all speak at once.

—To know of a restaurant keeper that tries harder to please his customers than Mr. John Bartell.

—To know if Mr. Warneke's store does not look like a different place since his large winter stock has been shelved.
