Much good can undoubtedly be accomplished toward hastening the settling up of the country and we think the right steps are being taken. A 10,000 edition of a six column folio, describing the country, will be issued about the 1st of next month. The article in the Boggy items last week referring to the statement made by both the Herald and Republican that the Coffee Bros. purchases in Harrison, amounting to \$300 or \$400 weekly the year round; was not intended by the author to say that Mr. Coffee had made the misstatement, but that it was the Herald and Republican who had so wantonly misled the people.
