Conley, Reedy & Pollard have plenty of money to loan on improved farms at the most reasonable rates of any firm in Sioux county.

If you procure a loan of Conley, Reedy & Pollard you can pay it off and procure a larger loan next year without additional cost.

Having opened a meat market in the Schenck building, on the west side of Main street, we invite the patronage of the public.

WAINS & BROS.

Remember THE JOURNAL club, with almost any paper in the United States and when you want anything in the line of papers or periodicals call and see us and we can save you some money.

J. A. Green informed us that the surveyors of the Sioux City & Ogden railroad were staking out a line across this county, crossing his place. A railroad there would make the people of that section happy.

Amos & Armstrong Bros. had the misfortune to get their drill fastened in the well they were putting down for G. Guthrie, and will be obliged to let it remain there and get a new one. They say it will not be long until they will be ready for business again.

The owners of cows are experiencing considerable trouble of late. There is no one running a herd and the cows cannot be allowed to run at large on account of the crops. There is no way out of the difficulty except to either tie the cows up or hire a herder.

From present indications it will not be long until government land in Sioux county will be in good demand. People are coming in all the time and letters are being received almost daily from all parts of the country asking in regard to the prospects of securing cheap homes. There is still plenty of room for all.

Send the names of your friends in the East who wish to visit you, or who are seeking new locations, to J. R. Buchanan, Gen'l Passenger Agent of the Fremont, Elkhorn & Missouri Valley R. R. Co., Omaha, Neb., that he may send them information relative to the "One-Fare Harvest Excursions," which occur September 10th and 24th, and Oct. 8th.

The idea of a building and loan association is received with interest by a number of our people and some favor the organization of one at once. It is a question with us as to the advisability of attempting to organize one for a while, until the town gets a little larger. It would be a good plan for some one who has had experience with such associations to get the matter fixed up so that when the proper time does come a move can be made and an organization perfected.

The Fremont, Elkhorn & Missouri Valley R. R. and the Sioux City & Pacific R. R. "The North-western Line," will sell tickets from all stations on their lines at one far for the round trip for the National G. A. R. Reunion at Milwaukee, Wis.

Comrades and others desiring to charter sleepers should make their arrangements at once. Through coaches will run from important stations to Milwaukee via Chicago without change.
