Nov. 5, 1889.

The new walk up to the court house is being laid by street commissioner Brooks.

Every day reports come in from all parts of the county in regard to the political situation, and everything indicates that every candidate on the republican people's ticket will be elected by a greater majority than has been estimated at any time.

The voters do not like to pay several hundred dollars for work on a road that never can be made a good road unless enough money was expended on it to back up the county.

At the meeting of the county commissioners on Thursday, October 24, 1889, the following changes were made in the polling places in the precincts named: In Five Points precinct, from the school house, which is not in that precinct, to the house of James H. Proctor.

In Warbonnet precinct, from the residence of A. E. Andrews to the school house in district No. 15. In Cottonwood precinct to school house in district No. 4.

All who are tired of the affairs of a county being run by a ring should vote the republican people's ticket on Tuesday.

You want to keep your taxes down where they belong and do not want public money squandered, vote for the republican people's ticket.

Vote for the straight republican people's ticket and you need not fear that it will be allowed which will not be legal by the district court.

The republican people's candidates have made a pretty thorough canvass of the county, came into the county the first of the week.

The new ball recently ordered by the school board for the school house is arranged in future the children will be called to school by the ringing of the bell.

The arrangements are being made for a grand ball on Thanksgiving night, to be given by U. E. Blunt, and he says he wants to get a big crowd out to a dance in Harrison and will offer an amusement by giving each person who purchases a ticket a chance to win a good horse in a raffle.

Do not let any of the candidates put up by the fusion convention deceive you into voting for them by promising you to support a certain candidate on the republican people's ticket.

Voters, one of the advocates of the ticket made the assertion that \$250 would change the result of the election next Tuesday, and that money would buy any vote in Sioux county.

Some samples of corn were brought to this office on Saturday which goes far to prove that corn can be grown in Sioux county. It was grown by Blunt Bros. near their place a few miles north of town.

Prize Contest. The third emerald prize medal contest, under the auspices of the Woman's Christian Temperance Union, will be given at the M. E. church on the evening of Nov. 1, at 7:30 sharp, to which all are invited. Admission free.

Marion Pfost was in Harrison the first of the week and called at this office on Tuesday.

S. W. Carey of Cottonwood precinct, was in Harrison on Saturday and made a call at our office.

Mr. and Mrs. A. R. Oldham, who have been visiting Mr. and Mrs. G. W. Hester for a few weeks, left on Tuesday for their home at Greenfield, Iowa. Before leaving Mr. Oldham called and ordered THE JOURNAL sent to his address.

Mrs. L. A. Post has been on the sick list for the past week, but is now much better.

A. Jacobs, of Running Water precinct, was in Harrison the first of the week and called at this office. He says the settlers are all for the republican people's ticket in his neighborhood.

J. W. Langdon was in Harrison the first of the week. He says that Antelope precinct is going to give a good majority for the republican people's ticket on next Tuesday.

In looking over the republican people's ticket it is a noticeable fact that it is distinctly a farmer's ticket, for all but two of the candidates are living on farms.

Thos. Reidy, the candidate for sheriff, being engaged in business in Harrison. Martin Gayhart, the candidate for treasurer, lives on his farm a short distance from Montrose, where his sons carry on the mercantile establishment of M. Gayhart and son.

Conrad Landeman, the candidate for county clerk, lives in Bodare precinct where he is establishing a home for himself and family.

Charles Grove, the candidate for county commissioner from the 2nd district, is a resident of Cottonwood precinct, where he has a farm. John A. Green, the candidate for county commissioner from the 1st district is a resident of Running Water precinct, where he is engaged in farming.

S. Barker, the candidate for county judge, is the second one who is not a farmer, but he is the owner of a good quarter section of land close to Harrison, so that his interests are the same as other land owners.

Alanson Southworth, the candidate for superintendent of public instruction, is one of the prosperous farmers of Hat Creek precinct. A. R. Lew, the candidate for county surveyor, is a farmer in Warbonnet precinct, where he has resided ever since he has been in the county.

J. Geo. J. Shaffer is living on his farm a few miles from Harrison. If that does not come pretty near being a granger ticket we do not know how you would go to work to better it.

Every man on there is a clean, straight man who will conduct the affairs of the public with care and honesty, and the election of that entire ticket will be a credit to the people of Sioux county.

Closing Out Sale. We have some rock salt on hand that we want to close out to make room for other goods.

Legal Ballots.

As some question has been raised in regard to how ballots should be printed in order to have them conform with the statutes, a letter was written to Attorney General Lese, asking his advice in the matter. The following is what he says in reply:

"In answer to yours relating to the ticket I will say that Section 115, relating to fraudulent votes or ballots provide, a ballot with a designated heading containing printed thereon, in place of another, a name not found on the regular ballot having such heading, etc."

"Thus you will see that to have a ballot counted for the people's ticket it must be on the head 'People's Ticket.' My judgment would be that to have the heading thus:

REPUBLICAN STATE TICKET
PEOPLE'S COUNTY TICKET.

and then set out the offices for state and county as you have them on your copy. Yours, &c., WM. LEESE."

The ballots on which the "People's Ticket" is printed are printed in accordance with the above opinion, and the voters should see that no one is allowed to throw any of them out, but should be certain that every vote is properly counted and a straight return made.

When you go to the polls be sure that you vote the ticket that will give good public officers to the county for the next two years. So one denies that the affairs of the county have been mismanaged, even the fusion convention which met on October 4, 1889, put in its resolutions the following clause: "We heartily concur that there should be improvement in the administration of our county affairs."

By the adoption of such a plank they acknowledge that the public matters have not been conducted in the past as they should have been, and then the same clique go to work and put up men of their own ilk, some of whom have been officers during the time, according to their own resolution, that the affairs of the county have been mismanaged. That is a very nice dodge, but it will not deceive the voters or induce them to again entrust the public affairs to their keeping.

The men on the republican people's ticket are men against whom not a word can be said nor a charge of any kind be made against the character, honor or ability of any one of them. They are men who came here to build up homes and they have been identified with the interests of the people ever since they have been in Sioux county, and if they receive the support at the polls on next Tuesday to which they are entitled every one of them will be elected and the settlers of Sioux county will have cause to rejoice over the result.

Do you want Sioux county to settle up rapidly so that your farm will become valuable? If so, vote the republican people's ticket from top to bottom. It is a business proposition. It is the settlement of a country that gives a value to real estate. It was only a few years ago the land in the eastern part of the state was as cheap as it is in Sioux county. It was nothing but the settlement of the country and the cultivation of the soil which has made the land worth from \$25 to \$60 per acre. The land there was not considered to be of the best quality, but the development has been wonderful, and there is no reason why Sioux county cannot experience the same results if proper care is taken of public matters so that the taxes are kept as low as possible, and the proper encouragement given to people to come here to live.

In order to get these matters into proper shape vote the republican people's ticket all through next Tuesday.

Do you want a man on the county board who was a member of the election board of Running Water precinct in 1888. The returns which came in from that precinct last year are well-known to all the people of Sioux county and they should make it known that they have no use for such men in the conduct of the public business. If you want the business in charge of men whom you know for certain will transact the business in an honest and honorable manner, vote for John A. Green for county commissioner from the 3d district.

Remember there are no chronic office seekers on the republican people's ticket, and no men who in former years have been making a living out of public office or posing before the public as candidates for honors and office. The candidates on that ticket were placed there for the purpose of breaking up a ring and putting the control of affairs in the hands of men who will administer their offices in the interests of the entire people and not for the benefit of a favored few.

With the amount of moisture falling this fall and the excellent prospects for the election of the entire republican people's ticket there is no doubt that within the next year Sioux county will enjoy unprecedented prosperity and the population ought to be almost doubled by January 1, 1890.

Look Before You Leap.

It is a well settled fact that the returns from Running Water precinct in 1888 were not just as they should have been. Do you want a man to have charge of the affairs of the county who had a hand in that election matter, not simply as an outsider, but one of the judges, sworn to protect the purity of the ballot box? It is out of the question for this to be denied. It is a matter of record and that is the best possible evidence. In order that there be no mistake about the matter we publish the following certificate from the county clerk:

State of Nebraska } ss.
County of Sioux. }

I, Chas. C. Jameson, County Clerk in and for said county do hereby certify that the commissioners record of Sioux county, book A on page 98, is entered December 1st, 1888. Claim No. 471 allowed to J. W. Earnest for judge of election and returns the sum of \$7.00 from Running Water precinct.

In testimony whereof I have hereunto set my hand and the seal of said county this 23d day of October, 1889.

CHAS. C. JAMESON,
County Clerk.

Now, farmers, if a man will be a party to such a transaction, do you want to have him in a position where he will have an opportunity to run the affairs of the county? Do you want to put it in the power of men of that kind to say how much tax you shall pay and what shall be done with the money. It is right and proper that when a man has held an office the way in which he conducted himself as an official should be taken into account, when he asks for the votes of the people to give him authority to transact their business. Vote for no man on whose official record there is a blot.

A bran new boy arrived at the home of Carlton Koott on Saturday, Oct. 26th.

All old soldiers and sailors are requested to meet at the court house on Saturday, Nov. 9th, at 1 o'clock, sharp, for the purpose of organizing a G. A. R. Post.

On last Tuesday C. F. Slingerland returned from his trip down the road and people were not a little surprised to see him accompanied by a lady and still more surprised when they learned that he had been married at Chadron on the day previous. We wish the newly married couple much matrimonial happiness.

Straight republicanism was recognized at the recent senatorial convention at Rushville, called to nominate a candidate to fill the vacancy caused by the resignation of Hon. C. H. Cornell. C. E. Holmes, E. A. Weir and C. E. Verity went down as delegates from the straight republican mass convention and C. F. Slingerland went down as a representative of the fusion convention. The delegates sent by the mass convention were seated by the unanimous vote of the convention and that settled the matter so far as the senatorial district was concerned and the selection of Hon. Alfred Bartow as the candidate completed the work of the convention.

On the evening of the same day a convention was held at Chadron to place in nomination a candidate to fill the vacancy caused by the resignation of Hon. L. W. Gilchrist and the same delegates went there to represent the republican mass convention, and C. F. Slingerland also went to Chadron, but at the last moment his gall must have failed him for he did not appear at all to ask for a seat in the convention. Both conventions passed resolutions condemning the mixing of parties in primary work and the true party spirit of the northwest counties is thus displayed in a manner which cannot be mistaken.

RUSHVILLE, OCT. 25, 1889. In pursuance to the published call, delegates to the republican senatorial convention for the 14th district, assembled at the court house hall, and the meeting was called to order at 11 o'clock a. m. by the chairman of the central committee, Alfred Bartow, of Dawes county, and after a few remarks called upon the committee's secretary, who read the call for the convention.

Sioux county—3 votes, to be cast by Chas. E. Verity, Chas. E. Holmes and Ed. A. Weir. This committee hereby censures the old republican organization of Sioux county for affiliating and combining with the democratic party in said county, and does not approve of the boating republicans recognizing a people's ticket in said county, but on the evidence before us we are compelled to endorse the delegation herein recommended, believing it more fully represents true republicanism in Sioux county.

Respectfully submitted, W. H. REYNOLDS, Chairman.

The committee on permanent organization and resolutions presented the following reports:

We, the republican representatives of the 14th senatorial district of Nebraska, in convention assembled, hereby resolve:

First, That we heartily endorse the platform and resolutions of the republican party as set forth and declared by the last national republican and state conventions, and adhere to our adherence to the same.

Second, That we also endorse the administration of President Harrison as being wise, conservative, patriotic and in accord with the principles of true republicanism.

Third, That we deprecate the action of so-called republicans who affiliate with other political parties for the purpose of subscribing individual interests, at the expense of party organization and complete republican success.

Fourth, That we pledge ourselves and our best endeavors to the election of the state, county and local officers, and the ensuing election, on November 5th next.

ALFRED BARTOW,
Geo. W. SEELYE,
C. M. WOOD,
Chairman.

Both the above reports were unanimously adopted.

Nomination of a candidate for a senator, to fill vacancy caused by the resignation of Senator Cornell, being in order, the names of Judge Tucker, of Cherry county, Mr. Johnson, of the same county, and A. H. Tingle, of Rock county, were presented to the convention.

Judge Tucker urged the nomination of Mr. Johnson, but on motion, the convention suspended the rules and nominated the Judge by acclamation. He thereupon declined to accept, and presented the name of Alfred Bartow as a candidate. On a call of the counties the vote stood as follows: (Brown and Keya Paha not answering to roll call.)

Dawes, Alfred Bartow, 9
Sheridan, " 8
Box Butte, " 6
Sioux, " 3
Cherry, " 5
Rock, A. H. Tingle, 4

Before the vote could be announced, Mr. Sanders, of Rock county, charged the vote of his county from Mr. Tingle to Mr. Bartow, and he was declared the unanimous choice of the convention for state senator.

Mr. Bartow accepted the nomination and thanked the convention for the same. On motion, Judge Tucker was elected chairman of the central committee in place of Mr. Bartow.

Convention adjourned.
