—Have you recovered from the grippe.

Corn 55 cents per hundred at the lumber yard.

Remember the M. E. Quarterly meeting, Feb. 8th and 9th.

FOR RENT—My restaurant property. Inquire of J. H. Bartell.

Go to Dr. Clary, Chadron, to get your eyes, ears and throat treated.

When you want a good square meal go to the Northwestern hotel.

School meeting next Monday at 2 p. m., at the school house.

Remember you can buy corn for 54 cents per hundred at the lumber yard.

FOR RENT—Good house, 14x26, two rooms and cellar. Enquire of Conrad Lindeman.

Farmers go to the lumber yard where you can buy corn for only 55 cents per hundred pounds.

Go to Dr. Clary, specialist in eye, ear and throat diseases. Office in Central Block, Chadron, Neb.

If you need anything in the way of Eye, Ear or Throat treatment, go to Dr. Clary, specialist, Chadron, Neb.

G. Guthrie informs us that he intends to handle pumps and wind mills in connection with his lumber business.

The Northwestern hotel always takes good care of its guests. A trial will satisfy you that that is the place to stop.

The second quarterly conference of the M. E. church will occur on Feb. 9, 1890. Presiding Elder T. C. Webster will be present.

C. R. Wells has fitted his store room up in nice shape, with convenient bins and other fixtures which enables him to take care of his customers in short order.

For comfort and good living go to the Northwestern hotel when in Harrison. Everything is done that can be to make it pleasant for those who stop there.

The popularity of the Northwestern hotel has been gained by the pains taken to please guests of the house. People like to go where they are well taken care of.

A few days ago Andrew Christian, who lives in the edge of Wyoming, was lifting a log when his foot slipped and a piece of wood went nearly through his foot. No bones were injured, but he will be laid up for some time.

The farmers are all talking of putting out quite a quantity of sugar beet seed, if they can get the seed. It would be a good plan for some of our merchants to see if they can get a supply of the best seed so that the farmers can obtain what they need.

The contest on Tuesday evening at the M. E. Church for the Demorest gold prize medal was well attended and a great interest shown. The gold medal was won by Miss Emma Weir. This closes the work of the first class, and it is probable that a new class will be organized and the contests continued.

The school meeting announced in the last issue for the 27th inst. was for school district No. 7 instead of No. 9 as stated. By an oversight the figure 9 was put in when it should have been a 7. The meeting will be at the school house in Harrison at two p. m. on Jan. 27th, and it is urged that all interested be present.

We hear it remarked that there is a dearth of wheat in Sioux county for seeding purposes, owing to the small acreage which was raised last year. It will be necessary for organized action in this matter. The acreage of grain should not be permitted to suffer for the want of seed for the farmers to sow. The railroad has a special rate on grain to be used for seed and if it could be ascertained how much more would be needed than there is in the county a united effort would do much toward securing the needed grain. It is getting to be the time of year when this matter should be looked after.

—Tell your friends in the east to come to Sioux county. There is no danger of a dry season in 1890. You can urge that point for a plenty of rain is assured.

—Elsewhere in this issue appears a call by the county for bids for furnishing coal to the county for the ensuing year. The new officials propose to do things right.

—Mr. and Mrs. C. E. Verity welcomed a brand new boy to their home on last Saturday. That is the cause of the broad smile which Mr. Verity wears of late.

—A good many of our citizens are temporary grass widowers, their families being in the east visiting. It would be a good plan to organize a grass widowers' club.

—State Auditor Benton reported to the county clerk that during the year of 1889 there were 170 pieces of land proved up on in Sioux county. This, with the increase in personal property and railroad in the county will make quite an addition to the taxable property to be listed next spring.

—County Clerk Lindeman and ex-Treasurer Lockwood put in a good deal of hard work during the past week getting the records of the clerks office relative to the doings of the treasurer in shape. Everything in the treasurer's office has been checked up so that it is known in just what shape the finances are in.

—The commissioners passed an order at their session last week requiring that all justices of the peace in the county deliver their dockets to the county clerk, prior to the next meeting of the county board. Notice of the meeting will appear in THE JOURNAL so that the justices can be thus informed of the date at which the dockets will be wanted.

—Some time ago the hearing in the case of Brookmire vs. Rosa & Thompson was had before J. W. Hunter, who was then county judge, and a judgment rendered in favor of the plaintiff. The attorney for Brookmire states to us that the time for taking an appeal has expired and therefore the case has terminated in favor of his client. We are informed that P. E. Baird, of Chadron, attorney for Rosa & Thompson, did not intend to appeal the case, but is preparing to take it to the district court on error.

—Owing to the fact that most of the village funds were used up for officers salaries, the town is now short of water. A subscription was circulated some time ago and enough contributed to complete the large cistern near the well, and enough was pledged to do the work, but for some reason no work has ever been done on it. As it is something will have to be done or water will have to be brought from some other place. It was understood when the contract was let for running the pump that a bond was to be given for the performance of the work but the supply of water is about exhausted. Some action should be taken to prevent such a state of affairs.

—While the snow on the ground is a good thing for the farmers it is rather bad for the cattle men who have let their cattle range for a living without providing feed or shelter. It is said that many of the cattle are already getting quite poor and if the snow remains much longer it will cause serious loss to the cattle men. As the locality is settling up quite rapidly, the days of ranching are past and this also goes much against the large cattle ranches. The opening of farms makes it necessary for the cattle to be herded during the entire year and it is plainly evidenced that it is but a question of a very short time when the range cattle will all be removed from this part of the country.

—The Elkhorn is piling up ties along the "Y" at this place. We have not learned the object but it is likely they are preparing to extend their line west in the early spring and are getting their supplies of material as near the place where they will use it as they can. At all events the prospects are that this line will be made an important one before the close of the present year. It is a case of necessity for the company to increase its business in some way for the travel on the line does not pay and rail roads do not, as a rule, operate their lines for fun. If a connecting link is put in from this line to the U. P. it will give a through line to Denver and that will be an excellent thing for this section of the country.

### Dissolution Notice.

Notice is hereby given that the partnership heretofore existing between S. H. Jones, C. E. Verity and C. E. Holmes, under the firm name of Jones & Verity, is this day dissolved by mutual consent. The business will be continued by C. E. Verity, who will pay all liabilities and to whom all accounts are payable.

### PERSONAL.

G. W. Hester contributed to the welfare of THE JOURNAL last Saturday. Geo. Cobb and John Ragland were in Harrison on Tuesday.

Clara Christensen was in Harrison the first of the week and made a pleasant call at our office.

Mrs. J. M. Robinson was sick the first of the week; but at last reports was improving.

Ed Blunt called at our office yesterday.

Dave Bartlett is still on the sick list though improving.

Mrs. J. T. Weir and daughter, Miss Emma, left last evening for Boston. Mrs. Weir will extend her visit until spring, and her daughter will enter school and remain until her education is completed.

### Wild West.

We have snow a foot deep on a level. Fine prospects for a good crop.

Nothing to do, every body stays close to their stoves and plan for the coming spring.

Mrs. T. Holley is under the doctors care at Crawford, Mr. Holley made her a visit the 18th.

Watson and I. Bowser are at Crawford running a beef and bologna shop.

Jerry drove all of his hogs, big and little, down to Crawford.

Geo. Cant is batching with Holley this winter.

There are some range horses running at large here which will be corralled.

—Feed for sale at the Harrison livery barn:

Corn, bulk,	55 cts per hundred
" sacked,	65 " "
Shorts	75 " "

SMITH BROS

Mr. William T. Price, a justice of the peace, at Richland, Neb., was confined to his bed last winter with a severe attack of lumbago; but a thorough application of Chamberlain's Pain Balm enabled him to get up and go to work. Mr. Price says: "The remedy cannot be recommended too highly." Let anyone troubled with rheumatism, neuralgia, or lame back give it a trial and they will be of the same opinion. 50 cent bottles for sale by C. H. Andrews.

C. H. Andrews, druggist, desires to inform the public that he is agent for the most successful preparation that has yet been produced for coughs, colds and croup. It will loosen and relieve a severe cold in less time than any other treatment. The article referred to is Chamberlain's cough remedy. It is a medicine that has won fame and popularity on its merits and one that can always be depended upon. It is the only known remedy that will prevent croup. It must be tried to be appreciated. It is put up in 50 cent and \$1 bottles. For sale by C. H. Andrews.

—The new county officials have got fairly into harness. County Clerk Lindeman has got pretty well fixed in the running of his office. Treasurer Gayhart has got his duties well in hand and as he cannot be here all the time he has appointed S. H. Jones, of the Bank of Harrison, deputy treasurer, so that parties having business with the county treasurer can always be able to transact it when at the county seat. The recent ruling of the land commissioner prohibiting the county judge from taking testimony in final proof cases cuts off the business of that office so that a man cannot afford to put in his time for the amount he would receive, and commissioners having provided that the clerk could have a deputy Mr. Lindeman has appointed Judge Barker to that place. That makes it so that the county judge can always be found at the court house when needed and at the same time gives Mr. Lindeman a careful, painstaking and competent deputy. Superintendent Southworth is getting the details of his office in shape and will do all in his power to advance the educational interests of the county. Sheriff Reidy has not selected a deputy so far, as he does not see the demand for one. Surveyor Dew is ready to fulfill the duties of his office whenever called on, and Dr. Shaffer wears a solemn look, in keeping with the duties of the office of coroner, while County Attorney Walker is ready at all times to do the duties devolving upon him as prosecuting attorney for Sioux county. By the amount of business transacted during the first session of the board of commissioners it is pretty well demonstrated that they propose to accomplish something while in session. The prospects are that under the new administration the affairs of the public will be well looked after. The new officers realize that their action in all matters will be closely watched by both friends and enemies and as they are pledged to the people to give them honest, just and economical government they will put forth their best efforts to redeem that pledge.

### Best Line to the East.

The Burlington Route B. & M. R. R. is running elegantly equipped passenger trains without change from Newcastle, Wyoming and Crawford, Nebraska, direct to Lincoln, Nebraska, making connection at that point with their own through trains for Denver, Cheyenne, and all points west, and for Kansas City, St. Joseph, St. Louis, Omaha, Peoria, Chicago, and all points east.

Remember this is the only line by which you can take sleeping car from Crawford in the evening arriving in Lincoln and Omaha the next afternoon, and in Chicago, Peoria and St. Louis the following morning.

For further information and tickets apply to nearest agent of Burlington Route B. & M. R. R.
