Send your girl a valentine on Feb. 14th and bring her to the ball in the evening.

Go to Dr. Clary, specialist in eye, ear and throat disease. Office in Central Block, Chadron, Neb.

T. O. Williams began on Tuesday to put down a well for Wm. Moore on his place southeast of town.

As another indication that spring is near at hand it is proper to mention that H. A. Priddy has cut his beard off.

The Northwestern hotel always takes good care of its guests. A trial will satisfy you that that is the place to stop.

Farmers go to the lumber yard where you can buy corn for only 50 cents per hundred pounds.

If you need anything in the way of Eye, Ear or Throat treatment, go to Dr. Clary, specialist, Chadron, Neb.

The building formerly occupied as a meat market has been moved to the lot north of Weir & Co's store. We have not learned who will occupy it.

For comfort and good living go to the Northwestern hotel when in Harrison. Everything is done that can be to make it pleasant for those who stop there.

Everybody come to the dance on the evening of Feb. 14th and bring all the girls. A good time assured. Ticket's to dance 75 cents, supper 75 cents a couple.

The popularity of the Northwestern hotel has been gained by the pains taken to please guests at the house. People like to go where they are well taken care of.

J. H. Bartel has been engaged in plowing for the past few days, and it is reported that others are doing likewise. That does not indicate very severe winter weather.

Henry Armstrong has purchased the interest of Z. D. Amos and Eli Armstrong in the well drill and now owns the entire outfit. He is putting down a well for A. R. Kennedy at present.

Last week Sheriff Reidy took a yoke of oxen and wagon under a chattel mortgage given by Mathew Riley to James D. McCannaughy and assigned to David Rands. The sale under the foreclosure of the mortgage is advertised to take place at Harrison on Feb. 22, 1890.

On last Monday E. M. Carrier was sharpening the well drill belonging to T. O. Williams at Snyder's shop. Mr. Williams was striking the drill with a sledge when the hammer came off the handle, and struck Mr. Snyder, who was standing near, a heavy blow just above the right knee. The bone was uninjured but Mr. Snyder will be apt to limp for a few days.

Vague rumors are flying through the air about a rich gold find having been made a few miles from Harrison by some of our people. The ones having made the discovery are keeping the matter dark until they are certain of what they have. We are informed that a few of their friends will be let on the inside as soon as they can get the thing safe, and we hope they will strike it rich.

It has been remarked that the fact of the county clerk being allowed a deputy does not indicate economy on the part of the new county administration. The fact is that the clerk and his deputy are paid out of the fees, there being none paid out of the taxes collected except the \$400 allowed the clerk as clerk of the board of county commissioners. If the fees do not amount to enough to pay the clerk and his deputy, the clerk is the loser, not the tax payer.

Ball Feb. 14th.
Good flour at 40 cents a sack at Turner's.

Corn at 50 cents per hundred at Turner's.

Dr. Shaffer informs us that a fine new daughter arrived at the home of Mr. and Mrs. A. W. Nelson on Thursday night, Jan. 30. All concerned were doing well at last reports.

Remember THE JOURNAL clubs with almost any paper in the United States and when you want anything in the line of papers or periodicals call and see us and we can save you some money.

We are informed that L. O. Hull has the papers all ready to file in the district court in a suit against the county commissioners for damage, placing the amount at \$5,000, because the board would not recognize his alleged appointment.

Arrangements are being made to have a ball at Andrews hall on Friday evening, Feb. 14th, St. Valentine's Day. A good time may be looked for and all are invited to attend. Don't miss this ball for those in charge of it are determined to make it pleasant for all.

The supper at the M. E. church last evening was well attended and all enjoyed themselves. The proceeds were to be used to pay for fitting up the parsonage and enough was taken in to clear up the debt. The people of Harrison always enjoy themselves at such gatherings.

Ed A. Weir has purchased the quarter section of land recently owned by his mother, east of town, the purchase price being one thousand dollars. This gives Mr. Weir a half section of valuable land in a body, close to town. There is no question but that real estate will greatly increase in value in the near future.

The social at the residence of D. H. Griswold on last Friday evening was quite well attended and a pleasant time enjoyed by all who were present. It is the intention to have such gatherings each week, and all are cordially invited to attend. The next one will occur on the evening of Thursday, Feb. 13th, the supper at the church last evening taking the place of the social this week.

With four men arrested on a criminal charge in White River precinct, one for grand larceny from Andrews precinct, the numerous cases growing out of the Rosa & Thomas matter, L. O. Hull's suit for damage against the county commissioners and a number of other criminal and civil cases being prepared, the prospects are that the estimate of the county commissioners for district court expenses may not be far out of the way.

A little controversy occurred on Wednesday between Sheriff Reidy and L. O. Hull. The latter had received a summons from the supreme court in the quo warranto case and placed it in the hands of the sheriff for service on Mr. Walker. After it had been served Mr. Hull wanted Sheriff Reidy to return it to him, but this he would not do as he had to make his return to the supreme court. Mr. Hull got quite heated, but he did not influence the sheriff to return the document to any one but the clerk of the court.

On last Thursday the papers in the Brookmire vs. Rosa & Thompson case were filed in the district court, the case going up from the county court on error, and on Saturday Sheriff Reidy served the papers on L. O. Hull as attorney for Brookmire. Mr. Rosa called at our office and in conversation stated that but for the way in which the goods at this place had been handled they would be in business at this date, and also that the loss would be entirely on himself and Mr. Thompson, and that the creditors would get all their money.

Joe Decker came up from White River on the passenger last Monday morning, bringing information regarding the assault on John Shay on Saturday.

D. H. Griswold left on last Saturday evening for Omaha to purchase goods for the spring trade.

On last Saturday a row occurred in White River precinct in which John Shay was pretty badly pounded up. It seems Shay had taken up some cattle which belonged to a man by the name of Jewett and went to the sawmill belonging to him to notify him of the fact. Jewett was not present and the notice was left with his man. Some words were had between Shay and the man and the result was that blows followed. There were four men at the mill and Shay claims they all pitched on him. At all events, Shay was so laddy pounded up that he was confined to his bed for some days. On Monday word was brought up asking that County Attorney Walker and Sheriff Reidy go down. Warrants were issued by Justice McIntosh for the arrest of Perry Levin, John Stratton, Frank Stratton and Frank Sisson, charging them with assault with intent to do great bodily injury. The men were arrested and asked a continuance of the case until the 14th inst., and gave bonds for their appearance at that time.

The lead pipes were opened the first of the week and a supply of water is being pumped into the reservoirs, so that the people can once more have a supply of water. Had the pipes been drained properly after being used they would not have frozen, but as it is they are bursted in some places and will have to be replaced in the near future. It is to be hoped that the property of the city will have better care in future so that it will not be needlessly rendered useless. Every effort should be made to keep a good supply of water on hand all the time. There is an inexhaustible supply in the well and all that is needed is to pump it. No town has a better supply of water or that of better quality, than Harrison, and it will do much to keep away who would come here to do business if they cannot get accommodations when they come here. How any person who expects to do business can be so short sighted as to in any way cripple the interests of the town is hard to understand. It is just as necessary to show to the farmers that we like to have them come here and do business and be our friends as it is to sell goods at fair prices, to get them to come here. If any man is not a friend to the farmers he cannot expect to be very successful, especially in a farming community like this.

WILD WEST.

A Severe Loss.

On last Thursday G. W. Hester met with a heavy loss by fire. Two wagons loaded with hay had been left near the barn and a train put up for noon, and the family had just sat down to dinner when the high wind which was blowing carried a spark from the chimney and set the hay and barn on fire. They got to the barn in time to get three of the horses out unharmed, but the fourth could not be reached in time to save it, and died in the fire. The two loads of hay and wagons were burned and in the barn was a saddle, some harness and other articles, so that the loss will reach at least three hundred dollars. The fire spread to the north and east and a party went out from town and succeeded in stopping the fire before further damage was done.

The entire community will sympathize with Mr. Hester in his loss and hope that his misfortunes have ended, and that he will in future enjoy unalloyed prosperity.

Little Cottonwood Glimmer.

James Osborn is building a new frame house.

D. A. Publow has rented the Dick Boel place for the coming season.

The la grippe is losing its grip.

There was a social gathering at John Bamfords last Wednesday evening and the evening was very pleasantly spent by the host and guests.

Born on the 26th ult. to Mr. and Mrs. Wm. A. Rann, a boy of usual weight. All doing well, especially the father.

The Literary and Debating society in Dist. No. 4 is progressing nicely. The question for debate last Saturday evening was, Resolved: that there is more to be learned by reading and meditating than by travel and observation. The negative side were the victors. The literary exercises were very interesting.

Another sawmill was moved into the valley last week. This makes four mills on Cottonwood and the demand for lumber ought to be supplied. Lumber is selling at the mills at \$10.00 per thousand.

Fred Procnier is turning the earth upside down, a small portion of it in his field. He says it is rather dry business.

The senior proprietor of this paper has been subject to frequent colds for some years, which were sure to lay him up if not doctored at once. He finds that Chamberlain's Cough Remedy is reliable. It opens the secretion's, relieves the lungs and restores the system to a healthy condition. If freely used as soon as the cold has been contracted, and before it has become settled in the system, it greatly lessens the attack and often cures in a single day what would otherwise have been a severe cold.—Northwestern Hotel Reporter, Des Moines, Iowa. 50 cent bottles for sale by C. H. Andrews.
