—For REST—restaurant property. Inquire of J. H. Bassell.  
—The celebrated Anchor, patent brand of flour at C. R. Wells'.  
—Go to Dr. Clary, Chadron, to get your eyes, ears and throat treated.  
—When you want a good square meal go to the Northwestern hotel.  
—Best vinegar in town at 30 cents per gallon.  
—Remember you can buy corn for 50 cents per hundred at the lumber yard.  
—Send your girl a valentine on Feb. 14th and bring her to the ball in the evening.  
—Don't forget that Sioux county will raise some fine sugar beets during the season of 1890.  
—Go to Dr. Clary, specialist in eye, ear and throat diseases. Office in Central Block, Chadron, Neb.  
—The Northwestern hotel always takes good care of its guests. A trial will satisfy you that this is the place to stop.  
—Farmers go to the lumber yard where you can buy corn for only 50 cents per hundred pounds.  
—If you need anything in the way of Eye, Ear or Throat treatment, go to Dr. Clary, specialist, Chadron, Neb.  
—For comfort and good living go to the Northwestern hotel when in Harrison. Everything is done that can be to make it pleasant for those who stop there.  
—Everybody come to the dance on the evening of Feb. 14th and bring all the girls. A good time assured. Ticket to dance 75 cents, supper 75 cents a couple.  
—A postoffice has been established in Snake Creek precinct, in this county, at the store of W. Kernall. It is named Canton, and Mr. Kernall is to be postmaster.  
—The popularity of the Northwestern hotel has been gained by the pains taken to please guests of the house. People like to go where they are well taken care of.  
—In another column appears a call for the board of county commissioners to convene on Monday, Feb. 24, 1890, at 10 o'clock, a. m., for the transaction of county business.  
—Messing & Heckman, the windmill and pump men of Montrose, were in Harrison the first of the week to get the material for a couple of windmill towers which they are to erect in that vicinity.  
—John A. Pratt was brought before Judge Barker last Friday on the charge of stealing a horse, as mentioned in our last issue, and waived examination and gave bonds for his appearance at the district court.  
—We are in receipt of further information in regard to the sugar beet matter, but it arrived too late for publication in this issue. We have a copy of the contract used by the company which anyone can see by calling at our office.  
—Sheriff Reidy has appointed Jo Decker, of White River precinct, his deputy. A good deal of trouble has occurred in that locality and with an officer right in the vicinity it is to be hoped that fewer rows will occur. It is pretty well understood that Mr. Decker is able to take in all offenders.  
—In figuring up the indebtedness of the county it would be necessary to add to the amount published, the sum of something over \$500, for which bills were on file before the close of the old administration but which the old board failed to act on. This goes to swell the amount of indebtedness still more than was expected.  
—The quarterly meeting of the M. E. church on last Saturday and Sunday was very satisfactory. Presiding Elder Webster was present and the affairs of the organization were well investigated. The indications are that an arrangement will be made to get the church in a better condition than it has been in the past. The attendance at the services was the largest in the history of the church.

—18 pounds prunes for one dollar at Turner's.

—14 pounds dried apples for one dollar at Turner's.

—11 pounds granulated sugar for \$1 at C. R. Wells'.

—California canned goods at 25 cents per can at C. R. Wells'.

—The social this evening will be at the residence of H. T. Conley.

—12 pounds granulated or 14 pounds C sugar for one dollar at Turner's.

—The snow last Monday was all right, except that there was not enough of it.

—I cannot, I will not, I shall not be beat in low prices. Respectfully,

C. R. WELLS.

—Oil cake meal, the best feed for all kinds of stock, is sold at the Ranch Supply House.

—A choice family flour \$1.15 per sack, no better for the price sold.

C. R. WELLS.

—FOR REST—A farm with about 40 of breaking, house, stable and pasture. Also some land near Harrison. Inquire at Ranch Supply House.

—Griswold & Marsteller are having an addition built on the rear of their store building to make room for the new goods which Mr. Griswold is buying while in the east. W. A. Nelson is doing the work.

—On last Monday work was commenced on an addition to the residence property belonging to County Clerk Lindeman. He will greatly improve the house and make it one of the nicest places in town. Dave Bartlett and Bert Carrier are doing the work.

—H. T. Conly has ordered a complete set of abstract books which will be here in a few days and work will be commenced on them at once and it will not be long until he will have an abstract of every piece of deeded land in Sioux county and will at all times be prepared to make abstracts.

—A replevin suit has been brought against Sheriff Reidy by Mathew Riley for the yoke of oxen and wagon taken by him under chattel mortgage a short time ago. The action in replevin was brought before J. W. Hunter, justice of the peace of Bodarc precinct. On Monday Coroner Shafer served the papers on Sheriff Reidy and the hearing is set for Friday, Feb. 14th.

—J. B. Bradley has recently been improving his residence on his farm. The people of Sioux county have houses of a far better class than the early settlers of other portions of the state. There are two reasons for this. One is the fact of having native pine lumber and the other is that they are a better class of people, as a rule, than first settled up most of the older counties.

—The Herald of last week states that W. R. Smith contemplates resigning as member of the village board and also of the school board. It would be better if instead of Smith resigning as member of the village board, those who were members when the actions were performed which got the town in its present financial condition would resign and let some one be appointed on the board who is not built altogether on the public-office-is-a-private-snap plan. At all events it would be a hard matter to get the affairs of the town in much worse shape than they are at present. While Mr. Smith has not done in all matters what appeared for the best, he made a vigorous kick on the high-salaried officers and accomplished his object, in part, at least, and he is entitled to credit for what he has done in that line.

The senior proprietor of this paper has been subject to frequent colds for some years, which were sure to lay him up if not doctored at once. He finds that Chamberlain's Cough Remedy is reliable. It opens the secretion, relieves the lungs and restores the system to a healthy condition. If freely used as soon as the cold has been contracted, and before it has become settled in the system, it greatly lessens the attack and often cures in a single day what would otherwise have been a severe cold.—Northwestern Hotel Reporter, Des Moines, Iowa. 50 cent bottles for sale by C. H. Andrews.

A GOOD RECORD—"I have sold Chamberlain's Cough Remedy for ten years," said druggist, E. B. Legg, of Vail, Ia., "and have always warranted it and never had a bottle returned. During the past 90 days I have sold twelve dozen and it has given perfect satisfaction in every instance." It does not dry up a cough, but loosens and relieves it. It will cure a severe cold in less time than any other treatment. 50 cent and \$1 bottles for sale by C. H. Andrews.

### More Buildings Needed.

Last week the Senate occupied an afternoon talking about the needs of the government in the way of more buildings. It was pretty well agreed that a new interior department, a supreme court chamber and an extension of the general post office must be provided for. The debate prompted an inquiry of the treasury department as to what amount of room is now rented at the capital for government purposes. A reply was received. It shows that the government is paying rent in Washington to the amount of \$121,700 a year. There is construction going on all the time, but it seems the offices and the business increases faster than the stone and mortar can be put together.—Globe-Democrat.

### Bodarc Items.

Superintendent Southworth held a special examination in district No. 27 last Thursday. There are now two new teachers in the county.

Our greatest need is a mill. Not to grind our saw-logs but to grind the abundance of grain that is and can be grown in this fertile valley. Why cannot some of our farmers organize a stock company and put up a water-power mill on the creek or a wind-power mill on the hill? Our citizens waste more in time and horse flesh than a mill would cost by driving so far. Why can't we have a mill? There is an abundance of power.

W. A. McMann went to "Crawtown" Monday.

A. B. Southwick is at Chadron on business.

Thursday night's literary at the boggy was followed by "hugging set to music."

There will be a lecture at the Southworth school house, district No. 9, Sunday, Feb. 16, at 11 o'clock a. m. Subject, "Civil Government and Religion."

Points to be considered are as follows: "What is due to God and what to the civil power?" "Moral law and civil law compared—sin and crime defined—God the only moral governor—The principle expressed by Christ is the principle embodied in the U. S. Constitution. The powers that be—an exposition of Rom. 13, 1, by examples from Holy writ—How earthly governments are ordained of God—the power of rules limited by the people."

All who are interested in their civil and religious liberty are invited to come.
