GRISWOLD & MARSTELLER.
—Who called the mass meeting of citizens which nominated a ticket in the interest of harmony? "Only us eight."
—The Northwestern hotel always takes good care of its guests. A trial will satisfy you that that is the place to stop.
—In another column appears a call by the county clerk for a meeting of the board of county commissioners on Friday, April 11th, for the transaction of county business.
—The Lunn Brothers who have been in the sand hills during the winter with their cattle returned yesterday. They report the stock as having gone through the winter in good shape.
—The body of an infant was found in a privy vault last Thursday. An inquest was held and a verdict rendered to the effect that it came to its death from causes unknown to the jury.
—In another column appears an advertisement of the imported Percheron stallion, Barbarin, owned by A. W. Mohr. This is one of the finest horses in the state and those desiring to raise valuable horses will do well to read the advertisement.
—Out of the whole twenty-one whose solemn promise to support the ticket which they themselves nominated is a matter of public record, only one remained true to his pledge, and that one is S. W. Cox. May the other 20 strive to emulate his noble example.
—Action is to be commenced by a number of the property owners of the village of Harrison to prevent the collection of the tax illegally levied in 1889. There is quite an amount of this illegal and the property owners do not care to pay more than they were obliged to.
—By promptly declining to accept the office of trustee, after being elected in the manner he was, C. E. Verity acted in a way that shows true manhood. No one could countenance such proceedings, or in any way be a party thereto without odium attaching to him as a result.
—Arrangements are being made to ship more corn in at the free rate for seed and feed for the farmers. This is a great help to the settlers and the railroad company are entitled to their thanks for the favor. The prospects are that this is the last season that it will be necessary to ship in grain.
—The boys, most of them of a larger growth, indulged in snow balling Wednesday afternoon. The result was a great deal of sport, a broken window in Weir & Co's. front and also in the post office. It seemed to afford fun enough to pay for the expense, and every one who attempted to cross the street had a volley of snow balls to dodge.

—For farm loans go to S. H. Jones.
—Meats at all hours at the restaurant.
—Good flour at 90 cents a sack at Turner's.

—SPECIAL BAKE—Friday, 10 a. m.—Jelly buns, 15 cents per dozen, at the restaurant.
—Mrs. J. A. Snyder has received a nice stock of fancy goods and notions which she is selling very cheap.

—When you want a farm wagon, plow, barrow, or anything else in the implement line call on Griswold & Marsteller.
—H. T. Conley has consummated arrangements whereby he is authorized to make loans for private parties on Sioux County real estate.
—We have the biggest stock of hardware, implements and furniture ever shown in Sioux county. Come in and look us over. GRISWOLD & MARSTELLER.
—For comfort and good living go to the Northwestern hotel when in Harrison. Everything is done that can be to make it pleasant for those who stop there.
—"To be or not to be" was the question decided by the historical twenty-one and S. W. Cox is the only one who decided "not to be". His action is a pleasing contrast to the perfidy of the other twenty.
—In our advertising columns appears the announcement of the horse, Bay Bob, the property of C. S. Scott. This horse is a good one for general purposes and stock men should not fail to read the advertisement.
—HARNESS SHOP.—I will, within the next thirty days, open a first-class harness shop in Harrison and endeavor to give you satisfaction in work and stock. Soliciting your patronage, I remain Respectfully,
H. A. Cunningham.
—It is to be hoped that every one in school district No. 7 will attend the special meeting called for April 10th. There is no way for the affairs of the public to be conducted satisfactorily unless the public take an interest in the work. The question of settling the indebtedness of the village of Harrison to the school district is the object of the meeting and all should be present and participate.
—A snow storm visited this locality last Saturday, and although unpleasant while it lasted it added considerably to the amount of moisture received by the ground and is one more point in favor of the prospects of a grand crop the coming season. A large proportion of the seed wheat is already in the ground and as soon as possible the oat crop will be put in. A big crop is looked for.
—Last week a friend of Otto Munson arrived from Iowa with his family and a car load of stock, household goods and farm implements, with which to convert a quarter section of government land into a good home. People are beginning to find that Sioux county is a good place to come to live and they will also soon learn that if they desire to get free government land they must come soon.
—One greatly needed addition to the business enterprises of Harrison has been arranged for. H. A. Cunningham was here last week and arranged to open a harness shop and be ready for business in a short time. He is a practical harness-maker and intends to keep a full stock of everything needed by the people in his line. As soon as he can settle up some business matters at Rushville, where he has been in business until recently, he will return prepared for taking care of the peoples' wants in line of harness supplies. The farmers will greatly appreciate a harness shop for they have been greatly inconvenienced in the past.

He proposes to induce the schools to make an exhibit of their work at the teachers' institute and offer prizes for the best productions by the various schools. In addition to this, other parties have agreed to give prizes for individual work in certain branches. The list is not yet complete, and those who feel interested in the work are requested to inform Mr. Southworth what prize they will give and for what line of work. We believe the plan a good one and will show excellent results. The teachers of the county are urged to take hold of the matter and get up the best exhibit possible.

For a number of years I have been subject to violent attacks of inflammatory rheumatism which generally lasted about two months. On the first of this month I was attacked in the knee and suffered severely for two days, when I procured a bottle of Chamberlain's Pain Balm and it relieved me almost instantly. I therefore most cheerfully recommend it to those who are similarly afflicted everywhere.—R. D. Whitley, Martindale, N. C., Feb. 1888. Mr. Whitley is a very prominent man in this place and his disease was very widely known as he suffered such severe pain.—W. B. Houston & Co., Merchants, Martindale, N. HENRY ARMSTRONG.

They Do Not Want Peace.

Three or four weeks ago a meeting was held at which all but two or three voters of the village of Harrison were present. It was called in the interest of peace and harmony and it was agreed that concessions should be made all around, and the municipal affairs run in the interest of the town and taxpayers. With this end in view selections were made for trustees and C. R. Wells, Thos. Reidy, C. H. Weller, S. Barker and J. C. Northrop were chosen, and all present agreed to stand by the ticket at the election on April 1st.
All went along well until the morning of election when a different ticket was sprung consisting of W. R. Smith, W. A. Snyder, C. E. Verity, J. C. Northrop and C. H. Weller printed thereon instead of those selected at the meeting.
It goes plain to see that the old gang had got to work and fixed up the new ticket and by working the voters the count showed the vote to stand as follows:
W. R. Smith.....20
W. A. Snyder.....21
C. E. Verity.....20
J. C. Northrop.....28
C. H. Weller.....28
S. Barker.....8
Thos. Reidy.....8
C. R. Wells.....7
After all the promises made the vote showed that the gang and every man they could control voted different from the agreement. The inference to be drawn from this is that they do not want peace. In fact, if peace reigned the principal occupation of some members of the old gang would be gone, and the protestations of those who were so anxious for peace and then acquiesced in the disreputable work of last Tuesday, certainly shows that they have not been sincere in their professions.
In this connection C. E. Verity authorizes us to state that he was not tendered the nomination, that he was not consulted in the matter and therefore did not consent to be a candidate and positively declines to qualify as member of the board of trustees.
The bad faith shown in the matter certainly will not tend to promote harmony, and it looks as if some people, instead of wishing to build up the town would rather see it remain at a standstill, but their efforts will prove unavailing. The settlers in the country have learned the object of the old gang and have downed them and the people in town will get their eyes open and do likewise.
There need be no lick at the men elected, but the principle, or rather the lack of principle, shown by those who managed the affair is certainly deserving of censure by all men of honor.
The promptness and certainty of it's cures have made Chamberlain's Cough Remedy famous. It is intended especially for coughs, colds, croup and whooping cough, and it is the most effectual remedy known for these diseases. 50 cent bottles for sale by C. H. Andrews.
