—We have the biggest stock of hardware, implements and furniture ever shown in Sioux county. Come in and look us over. GRISWOLD & MARSTELLER.

—On Sunday, May 4th, Rev. Lusk will hold services at the Southworth school house in the morning, and at the Bodarc school house in the evening. All are invited to be present.

—It is reported that one of the bridges built last year by Murphy & Whitney, at so great expense to the county, is now in an unsafe condition and unless repaired will have to be rebuilt in the near future.
—We wonder if the attorney for Brookmire & Co. will send out the report of the action in the case of Brookmire & Co. vs. Rose & Thompson as he did the action in the case when it was before the ex-county judge?

—The Cheyenne Indians at the Pine Ridge agency are becoming uneasy and the troops at Fort Robinson are held ready to move at a moment's notice, to prevent the Indians from leaving the reservation. No serious trouble is anticipated.
—Constable Columbia took some cattle from John Hunt on an execution a few days ago. He took some stock on which M. Gayhart had a mortgage, and Sheriff Reidy has gone to serve the papers and take the stock under a writ of replevin.

—James W. Scott says his father will be here in a few days and in May a number of families from his former home in Illinois are expected to come to Sioux county to live. Everything indicates a large number of new settlers for Sioux county this season.

—Quarterly meeting will occur at the M. E. church next Saturday and Sunday. Preaching Sunday morning and evening by Rev. Julian of Chadron. All are invited to be present.

—A cry of fire attracted a good sized crowd to the vicinity of C. E. Verity's barn last Saturday. It appears that ashes had been deposited in the alley close to the fence and had burned the fence and caught into the hay scattered about. It was soon extinguished, but had it not been discovered until a few minutes later, the barn would have been consumed.

—The gang organ continues to charge every act of the county officials to Judge Barker. That is all right. If the people know that Judge Barker is in favor of any movement, they will know that it is to the interest of the public to favor it. When they undertake to prove anything dishonorable or dishonest in the actions of that gentleman, they will find they have a big job on their hands.

—On last Saturday evening rain began to fall and it continued rainy weather until Monday afternoon. The result is that the ground is thorough soaked and contains enough moisture to insure a good crop of small grain. The farmers are all happy and a large amount of breaking will be done during the season. Farming is being done in earnest in Sioux county this year and prosperity is bound to follow.

—We are informed that it is being reported that the question of herd law has been taken to the supreme court and decided not to be in effect in Sioux county and consequently that free range is still in force. We do not know where any one gets authority for making such reports. Free range is not in existence in the state of Nebraska. The matter has never been taken to the supreme court. No case including that question has ever been brought in the county so that it has ever got to the district court, and that makes it impossible for it to have reached the supreme court. Herd law is the law of the state and there is no way by which this or any other county could adopt free range if it was desired so to do. If any such case has been decided by the supreme court we should like to be informed when, where and by whom it was brought as no such case appears in the court records of which we have any knowledge.

—If any one tells you that Sioux county is not productive tell them to call at THE JOURNAL office and see some products of the soil of Sioux county in 1889. We have some oats measuring four and a half feet in height, some blue stem grass nearly four feet in height, some joint rushes which are never found except where the ground is rich, and some potatoes of the Early Ohio variety which make ones mouth water to look at them. In addition to these there is in the collection a sample of second crop oats which were grown in 1888. The regular crop of oats was cut and later a second crop came on and matured. These specimens were brought in by Eli Smith and are good arguments in favor of the productivity of our soil. Last year was considered an unusually dry year in this locality, but we did not learn of any wheat being threshed which yielded less than sixteen bushels per acre and the prospects are that the crop this season will be enormous. The reports are that everything is looking fine and the farmers are happy.

Married.
OLINGER—HESTER.—At the residence of the bride's parents, at Harrison, Neb., on Wednesday evening, April 23, 1890, by Rev. J. A. Scamahorn, Mr. George Olinger and Miss Ida Hester, both of Harrison, Neb.

The groom is one of the energetic young farmers who has made many friends during his residence here, and the bride is one of the most estimable young ladies of this community.

The wedding was a quiet affair, no guests being present except the relatives of the contracting parties.

The best wishes of a large circle of friends are extended to the young couple for a long and prosperous married life.

Some Opinions.
The following are the views of a few of the tax payers as expressed to THE JOURNAL on the question of issuing funding bonds, and getting the affairs of Sioux county on a cash basis:

J. G. Morris—I believe the issuing of bonds to be the cheapest and easiest way to pay the debts of the county.

A. W. Mohr favors issuing bonds and paying off the indebtedness and thus avoid suits and high taxes.

Eli Smith is opposed to bonds at least until he finds out more about the matter.

G. W. Greger—I believe we had better vote the bonds, as that is the best way to square up the debts of the county.

Peter Henry—I believe it is the only thing we can do. Expensive suits will be brought if the debts of the county are not paid.

If we have the indebtedness to pay it is best to bond and be on a cash basis says James W. Scott.

"I favor the bonds" remarked ex-Superintendent Cox, "because it will reduce the taxes by putting the county on a cash basis."

John Serres, of Five Points precinct, says he favors the bonds and believes they will carry if the grangers turn out to the polls.

Andrew Jacobs, of Running Water precinct, says: "I am in favor of bonding the county and paying off the indebtedness, so as to lower the taxes."

D. H. Griswold favors bonding the county to pay off the outstanding indebtedness, for the county can be run cheaper and the taxes will be correspondingly lower, but he thinks \$10,000 would have been enough.

C. H. Weller favors the voting of bonds, but thinks more time should have been given in order that the people might vote more intelligently, and also given time for the collection of delinquent taxes.

R. Simler favors voting enough to pay off the actual indebtedness of the county and no more, as it will make the interest lighter and leave the debt for a greater number to pay.

Grant Guthrie is flat-footed for bonds. He wants the credit of the county up to a cash standard.

C. R. Wells favors bonds. It will give the county a better rating in the east and bring in eastern capital.

John Bartell favors the issuing of bonds to pay off the indebtedness, simply to put the county on a cash basis so that bills against the county will not be double what they really ought to be.

Court Proceedings.
The following is the disposition of the cases in the district court not noted in our last issue:

State vs. Raymond or McNab, continued for arrest.
State vs. Albert Rands, continued.
State vs. David H. Rands, continued.
State vs. John D. Campbell, dismissed.
E. S. Scales vs. August Ring, continued.
Tollerton & Stetson Co. vs. Rosa & Thompson, continued.

John Hunt vs. Mary Jane Hunt, continued.
Henry Kreman vs. John Shay, dismissed at cost of plaintiff.
James Farnum vs. Dunn Bros., trial to jury; verdict for defendant.

Joseph Decker vs. James E. Wallace, judgment for defendant.
S. L. R. Maine vs. Theodore Trimmer, continued.
C. L. Columbia vs. M. E. Scofield, et al, dismissed.

Albert E. Gates vs. Sioux county. Trial to jury; verdict for plaintiff; damages assessed at \$40.
Christ Hansen was recognized in the lower court in the sum of \$100 to appear as a witness in the case against Mary Shay, and not appearing, the court declared the sum forfeited.

In the case of Farnum vs. Dunn Bros., W. F. Shepherd was subpoenaed as a witness and the court ordered a bench warrant and an officer sent after him. When he appeared, the court inquired into the matter and finding that he did not intentionally delay the court, he was let off by simply paying the expense of getting him here.

Quite Likely.
ED. JOURNAL.—I feel safe in inferring that recent articles in the Herald signed by anonymous and fictitious names are the productions of an ex-political aspirant and non-tax payer whose time is now spent solely in nursing some favorite from the canine race and seeking where he can secure the most food for the least labor by trespassing upon the good nature of his few but indulgent friends.

If this non-tax-paying blood relation of Annanias would allow persons who possess property and brains to discuss the question of bonding the county to pay off the indebtedness thereof he would make a great stride toward being the gentleman he falls so far short of trying to represent.
