Corrected every Thursday.

—For farm loans go to S. H. Jones.

—School closed here on last Monday.

—Attend the school meeting next Monday.

—Republicans are urged to attend the primaries.

—T. O. Williams has his new picket fence completed.

—Feed and grain for sale at Smith Bros. livery barn.

—Henry Armstrong has a well nearly completed for J. H. Bartell.

—Harness made to order out of No. 1 oak leather, at Cunningham's.

—The annual school meeting will occur on next Monday, June 30th.

—We want a large number of people to take advantage of our new clubbing offer.

No other blood medicine so utilizes the results of scientific inquiry as Ayer's Sarsaparilla.

—Call and see the complete line of harness, saddles, whips, lap-dusters, etc. at the harness shop.

—The picket fence in front of the residence property of C. E. Holmes is completed and painted.

—If you want the very best terms on farm loans, go to the Bank of Harrison before making application elsewhere.

—E. A. Weir has been installed up and keeps a good supply of fresh water always ready for the stock in his pasture.

—By taking advantage of our new clubbing offer you can get a large amount of good reading for a small amount of cash.

—Horsemen—my fine stallion "Norman" can always be found at my farm 1 mile southwest of Harrison.

R. WILSON.

—SEASONED LUMBER: We have a good supply of seasoned lumber constantly on hand at our mill on West Boggy.

ARNER BRO'S.

—S. L. R. Maine has the contract for carrying the mail to Gramma and Eckert for the ensuing year. He will make tri-weekly trips beginning next Wednesday.

—Rev. Bates, an Episcopal minister of Valentine, came to Harrison on Wednesday and held services in the evening at the M. E. church. He is a pleasant gentleman and we hope he will come again.

—John Pratt had the misfortune to have a horse fall with him a few days ago, and it is thought the bone of one arm is cracked. He will be obliged to carry the arm in a sling for some time.

—Cyclones appear to be uncommonly numerous this season. A number have visited portions of this state during the past week. Thousands of dollars worth of property has been destroyed and a number of lives lost.

—Word was received on last Friday morning of the death of Henry Snyder, of Hot Springs, S. D., which occurred on the previous evening. He had never fully recovered from his severe illness while here last winter.

—Don't fail to attend the school meeting next Monday. That is the day of the annual school meeting in every school district in the state. Do not stay at home and then kick because action was taken which was not in accordance with your views.

—Grant Guthrie is developing into quite a real estate dealer. Last week he purchased a farm over in the valley, and also sold his home farm north of town. He intends to build a house in town as it is inconvenient to carry on his lumber business and live out in the country.

—On last Thursday a veteran association was organized in Harrison. E. G. Slough was elected president and D. P. Davis secretary. D. P. Davis and F. F. Gray were elected delegates to the state association which met in Lincoln on June 25. All honorably discharged union soldiers are requested to become members of the organization.

—Word has been received to the effect that the claim of Tollerton & Stetson Co. against Horn & Thompson has been satisfied in full, and their attorney here, H. T. Conley, will discontinue the suit now pending in the district court of Sioux county. The Tollerton & Stetson Co. evidently had their claim as well looked after as Brodzgus & Co., judging from the results.

—A. E. Gates was in Harrison on last Saturday and informed us that his daughter who was kicked in the head by a horse recently was recovering rapidly. He thinks it a miracle that her life was saved.

—The sale of the drug stock of C. H. Andrews under execution, commenced yesterday and will continue until the goods are gone. C. F. Carlton is the auctioneer. There is a good opening here for some one with a stock of drugs and medicines.

—The mandamus case mentioned last week to compel commissioners to issue warrants for the old claims before those for the expenses of 1890, came up for hearing before Judge Kinkaid at 10 o'clock on Tuesday. A demurrer was filed and sustained and the case dismissed. The bills of 1890 will take precedence in the issuing of warrants and what is left at the end of the year will apply on the old indebtedness.

—The commissioners had just completed their work of equalization and only needed the railroad assessment to enable them to make the levy and adjourn, when word was received from the state auditor that a suit was pending in the supreme court asking that a mandamus issue compelling the state board of equalization to assess all the railroads at full valuation, and stating that it was desirable the time of making the levy be postponed as late as possible, which is July 30th, in hopes of getting the decision from the supreme court. The result is that the commissioners will have to remain in session until that date, as the decisions of the supreme court are to the effect that the board cannot adjourn as a board of equalization to a future time at which to make the levy. If it is decided that the railroads have to pay taxes on the full valuation it will help the payment of the debt of every county in the state.

—On last Saturday a team of broncos here left in front of G. H. Turner's warehouse while the driver, a Mr. Lavis, went in to get a sack of flour, Charlie Carleton was in the buggy. The team started to run and the boy thrown out, but was not hurt. The animals dashed across the open lots, toward the court house and par between the blacksmith shop and residence of E. M. Carrier. A number of children were playing there and all attempted to get out of the way when they saw the team coming. In this all were successful except the little son of Grant Guthrie, who was struck by one of the horses and knocked down and run over, being stepped on by a horse and run over by the vehicle. It was thought the ankle joint was ruined but it is now believed that it will be all right. This accident ought to be a warning to the owners of teams to be more careful. There is no dependence to be put on any team if left standing in the street untied, and the loss of life or limb of a human being is too high a price to pay for a little negligence by those in charge of a team. To cripple a child for life is a damage which can never be satisfactorily settled, for neither sorrow nor gold can pay such debts.

—The report comes in that portions of the Hat Creek country are suffering for want of rain, and that a good deal of the small grain will be a failure in that part of the county. That may be true of some localities as the soil appears to be of such a nature that a great deal of rain is needed for small grain. Corn is said to be good in all parts of the county. We have a specimen of wheat brought from Spaw creek a few days ago which is as fine as any one needs. D. F. Mack was in Harrison on Tuesday and said the crops in his section would stand it for some days yet, without rain and that he believed people were more scared than hurt. On the table land, crops of all kinds are reported as looking excellent and the settlers all feel confident of getting a good crop. Some of the settlers whose crop failed last year and who are located in the districts where the prospects are not good at present, are considerably discouraged and some are going east to where they came from. That is not to be taken as a sign that the country is not good. In every county in Nebraska the same experience has been passed through in the early years of settlement. In some counties no crops were raised for three, four and even seven consecutive years on account of lack of rain, but in spite of that the country developed and the land is now valuable. The same was true of land in Illinois. The writer recalls one forty acre tract of land which was traded in the early days of settlement for a pony and saddle, and a few years after the same land, with very little improvement, was sold for 240 acres. During our residence in Nebraska we have seen a good portion of the state, as well as Kansas, pass through the same difficulties encountered by Sioux county, and the inevitable result has been that those who held on to their land and attended to their work finally realized handsomely for the time and trouble they had expended. The people of this county must not get out what the country is best adapted to grow and how it should be cultivated and sown and prosperity will yet crown their efforts.

Married.

UNIONBROOK—MEHOLIN—At Ainsworth, Neb., May 25, 1890, Mr. Harry A. Cunningham and Miss Annie Meholin, both of Norden, Neb., Judge Toliver officiating.

"It's rather mean to hold the neighbors in suspense so long when they all thought something had happened but the official news arrived this week.

"Harry is one of Norden's old timers, being well and favorably known by all, while Mrs. C. is a sister of our estimable banker Meholin. It is with regret that we announce these facts as sooner or later they will locate at Harrison, Neb., where Mr. C. is engaged in a flourishing business, thus parting with a lady that has taken a prominent part in Norden society. The least we can wish is that they may secure an abundant share of this world's goods, together with a long life of happiness."

The above is taken from the *Norden Herald*. It was rumored when Mr. Cunningham went down the road in May that it was on important business, but his friends did not suspect the true nature of his mission. Mrs. Cunningham will be at home in Harrison in a few days and we bespeak for her a cordial welcome and prosperity and happiness for herself and husband.

TIEZTE—WALTER—At the county court room, in Harrison, Neb., on Monday, June 23, 1890, by S. Barker, county judge, Mr. Otto Tietze and Miss Loretta Walter, both of Sioux county, Nebraska.

The groom is one of the enterprising German farmers who are changing some of Uncle Sam's wild land into a fine farm, and the bride has proven herself capable of assisting him in his efforts by first securing a quarter section of land in her own right. The friends of both parties join in wishing them long life and prosperity.

WELLS—SNYDER—At the residence of the bride's mother on Thursday evening, June 19, 1890, by Rev. L. F. Lusk, Mr. C. R. Wells and Miss Nettie Snyder, both of Harrison, Neb.

The contracting parties are both well known here, the groom being one of the enterprising business men of this place, while the bride is highly esteemed by all. The best wishes of their many friends are extended for a long and happy married life.

The Republican County Central Committee Meeting.

The republican county central committee met at the court house on last Saturday pursuant to call of the chairman and secretary. As soon as the committee was called to order the attention of the members was called to the fact that a sub-committee of the fusion committee consisting of R. W. Windsor, E. G. Hough and Geo. Cobb, was present and desired a conference with a like committee of republicans. On motion the chair appointed C. E. Holmes, A. E. Gates and A. Southworth to confer with the sub-committee of the fusionists and see what they had to offer. The result was that nothing definite was reported. A good deal of discussion was indulged in and finally it was decided to invite the fusionists to come into the committee room and discuss the situation. This they declined to do, but a second sub-committee of the fusionists consisting of R. W. Windsor and J. W. Woody came with a proposition to have two republicans appointed and the four to select a committeeman from each precinct. A motion was made by A. E. Gates and seconded by two or three other members, that the proposition be rejected and a vote taken it was carried, there being but one vote against the motion. That settled all attempts on the part of the fusionists to gain any recognition at the hands of the republicans. When making the proposition R. W. Windsor, the secretary of the fusion committee, admitted to the republican committee that the county committee of which he was secretary was composed partly of democrats. The fact of a committee having democratic members is certainly good proof that that organization is not republican.

The republican committee decided to call the county convention on July 19th, on the basis of representation should be one delegate at large for each precinct and one delegate for each fifteen votes or major fraction thereof cast for Hon. G. H. Hastings for presidential elector in 1892, that being the vote on which the state representation is based.

One of the most important actions of the committee was the adoption of a set of rules to govern the primaries which are published in another column. It is desired that the primary work of the party be purely republican and by adopting such rules there is certain to be a straight republican vote at the primaries, and if any person who is not entitled to take part in the primaries takes the oath prescribed by law and violates it, he will be prosecuted. This law has been tested in other parts of the state and one man was sent to the penitentiary from Lafayette county for violation of the primary law.

The action of the committee is giving very general satisfaction to the republican party for all are anxious to see the party work done by those entitled to do it. Now all that is necessary is for every man who is entitled to participate in the republican primaries to do so and cast his ballot there for good men to represent the party in convention.

Hon. W. V. Lucas, ex-state auditor of Iowa, says: "I have used Chamberlain's Cough Remedy in my family and have no hesitation in saying it is an excellent remedy. I believe it is all that is claimed for it. Persons afflicted by a cough or cold will find it a friend." There is no danger from whooping cough when this remedy is freely given. 50 cent bottles for sale by C. H. Andrews.

Boggy News.

There will be an old fashion celebration on Boggy the 4th, in L. Hovey's grove. There will be dancing, foot racing, pig catching, singing and broncho races. Some one come all and bring your baskets well filled. Lots of music free.

James Arnesburg and Rands have moved their mill over on the Cottonwood.

W. H. Price has irrigated his garden with the water of Boggy, which dried up the stream below so there was a kick.

Oats are heading out very low.

Mrs. Mielhart is going to Robinson to be under the doctors care, and her daughter goes with her to wait on her.

WILD WEST.

Warbonnet.

The meeting in school house No. 22 was well attended last Sunday.

F. L. Simons has sold his farm to the S-E Ranch and wants to buy another place on Indian creek.

Wm. Norrish left Tuesday morning for New Castle. He went there to work for a time.

Isadora Ruthstein has fenced his homestead in Cedar creek canyon. He intends to go into the cattle business.

Herman Feyerherm is working for Otto Tietze this summer.

F. Zerbst is building a new house on his homestead and when finished he will give a free dance.

With His Thumb.

A boy is said to have saved the Netherlands from inundation. Multitudes have been saved from the invasion of disease by a bottle of Ayer's Sarsaparilla. This medicine imparts tone to the system and strengthens every organ and fibre of the body.

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I experienced its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood purifier I know of."—L. W. Ward, St. Paul, Minn.

"Continued to an extent, as I ran, from one year's end to another, with little or no outdoor exercise, I find great help in Ayer's Sarsaparilla, which I have used for several years, and am at present using, with excellent results. It enables me to keep always at my post, enjoying the best of health."—H. C. Barnes, Malden, Mass.

Ayer's Sarsaparilla

PREPARED BY DR. J. C. AYER & CO., Lowell, Mass. Sold by Druggists. 61, 63 & 65, West 9th Street.

—The report mentioned in our last issue of a man being killed on the road from Crawford to Montrose was confirmed. The man's name was Joe Krist and he lived near Montrose. He left Crawford during the forenoon on the 17th inst. with a load of goods for M. Gayhart and when about seven miles from Crawford the load upset and fell upon him. The coroner of Lawes county was notified and started for the scene of the accident, but it was found that a justice of the peace for Sioux county had taken charge of the body and it is reported that an inquest was held, but no report of the inquest has yet been reported to the clerk of the district court. The road on which the accident occurred is on the line between Lawes and Sioux counties. How a justice of the peace could hold an inquest when the coroner was in the county is a little peculiar, but so long as there is no doubt as to how the man came to his death the matter will probably be passed. Deceased leaves a wife and nine children.

When people are bilious and dyspeptic, they need a laxative medicine. In such cases Ayer's Pills give perfect satisfaction.

—At the 1887 session of the legislature an act was passed to protect primary elections and conventions of political parties and to punish offenses at such elections. Said law is to be found in Chapter 26 of Revised Statutes of 1887, entitled Elections, and is composed of Sections 117 to 125 inclusive. Section 118 provides that political parties, organizations or associations in this state may adopt such rules and regulations and appoint presiding officers and inspectors of election at any primary election that they deem just and proper. Section 124 provides who may vote at such primary elections. Sections 120 and 121 provides for the punishment of offenders under the law. The punishment ranges from a fine not exceeding \$500 to 3 years imprisonment in the penitentiary. The republican central committee at a meeting held at Harrison on June 21, 1890, adopted rules and regulations for the governing of primary election, which rules are published in another column of this issue. Cut them out and save them for reference in case of a dispute at the primaries on July 19th.

Ask for Ayer's Sarsaparilla, and do not take any other. Sold by all druggists.
