—If you want the very best terms on farm loans, go to the Bank of Harrison before making application elsewhere.

—An impromptu party occurred at the residence of W. B. Wright on Tuesday evening. A pleasant time is reported.

—By taking advantage of our new clubbing offer you can get a large amount of good reading for a small amount of cash.

—HORSEMAN—my fine stallion "Norman" can always be found at my farm 1 mile southwest of Harrison.

—Parties having stock to pasture will do well to see E. A. Weir, at the Ranch Supply House. Plenty of good grass and water.

—C. C. Jameson of the Commercial Bank is the possessor of a couple of young coons which were brought in by Frank Demasig.

—As there is to be no celebration here on the 4th the boys had a little sport on Tuesday evening by setting off quite a lot of fire works.

—The rooms in the rear of the Ranch Supply building are being fitted up and will be occupied by Mr. and Mrs. H. A. Cunningham in a few days.

—SEASONED LUMBER: We have a good supply of seasoned lumber constantly on hand at our mill on West Boggy.

ARVER BRO'S.

—The bill for the admission of Idaho and Wyoming will likely be signed by the president to-day, so that the people of the two new states may celebrate the event on July 4th.

—Those interested in church music are requested to meet at the M. E. church on Saturday evening, at 8 o'clock, for practice.

MIRIAM SMITH,
Organist.

—O. A. Garten brought us a sample of his wheat on Tuesday which indicated no damage from lack of moisture, and the recent rain will make his crop certain.

—Some one has been sending communications from Harrison to the *Bea* and *World-Herald* on the political situation. Some very ludicrous statements and theories appear in the articles.

—Commissioners Green and Grove have taken a contract to carry the mail from Lusk to Newcastle for a term of years. The trip is to be made three times a week. The work on the contract began July 1st.

—Rev. H. M. Stearns, general missionary (Baptist) for northwest Nebraska, will preach at the M. E. church morning and evening of July 6th. A cordial invitation is extended to every body to be present.

—In the precincts this fall all the officers to be elected are assessors and road overseers and clerks and judges of election, unless there are vacancies to fill in the number of constables or justices of the peace. At the republican primaries each man will vote a ticket, so that no one or two men will do all the business. Each can cast his ballot for the man he wants.

—The Andrew drug stock is closed out, the sale having been completed on Tuesday. It is rumored that a new drug store will be opened in a few days, but how true the report is we cannot say.

—The base ball boys of Harrison go to Lusk to-morrow to cross bats with the players of that place, and quite a number will go to see the sport. As there will be no celebration here the town will doubtless be pretty nearly deserted.

—The latest business venture in Harrison is the addition of a woodwork department to the establishment of E. M. Carrier. It will be in charge of A. A. Davis, who can always be found ready to do anything in the line of wagon or carpenter work. Call and see him.

—The advisory board of the non-partisan prohibition amendment league is called to meet at the court house in Harrison on Thursday, July 10th, at 1 o'clock p. m. All interested in the prohibition movement are invited to attend.

D. P. DAVIS,
Chairman.

—It is reported from the front that the Cheyenne & Northern will not be completed until about August 15th. A change was made in the line making it about four miles longer than at first surveyed and consequently more time will be required to complete the work.

—The regular services will be held by Rev. I. F. Lusk at the Southworth and Bodarc school houses on next Sabbath, in the morning at the former and at the latter in the afternoon. The basket meeting will be held in Plimpton's grove on the Sunday following, July 18th, both in the morning and afternoon. All are invited to attend.

—On Tuesday a case was tried before the county court, wherein Wm. Higgins was plaintiff and Christensen brothers were defendants. The suit was to recover damages to the crops of the former by stock belonging to the latter. The court gave judgment for \$88.40 and costs against the defendants. The case will go to the district court. H. T. Conley appeared for the plaintiff and E. D. Satterlee for the defendants.

—S. R. Story, member of the republican county central committee for Antelope precinct, was in Harrison the first

of the committee meeting, but says the action of the committee in declining to consolidate with the fusionists was exactly in accord with his views. In conversation with T. B. Snyder, the member of the republican committee for Sheep Creek precinct, he stated to a representative of THE JOURNAL that he agreed with the committee in their action on the above mentioned point.

—The teachers' institute opens on July 21st. Superintendent Southworth says he hopes every teacher in the county will be on hand ready to do a good day's work on that day. The institute should be attended as much as possible by all who are interested in school work. It affords an excellent opportunity for school officers to select teachers and form an estimate of their ability by the work they do in the institute. Good instructors have been provided and a beneficial session is assured.

—Yesterday afternoon the clouds gathered and a nice shower of rain followed. Appearances indicate that the rain extended quite generally over the county, but reports have not come in from the outside districts. The rain of yesterday makes the crops on the table land a certainty and corn in all localities where it rained will be all right. Of course the rain came too late for some of the small grain in the Hat Creek country, as the soil there will not stand dry weather as well as other portions of the county, because of the peculiar formation of the soil. The people feel much encouraged and it is the general opinion that now that the dry spell is broken plenty of rain will follow.

—The annual school meeting of school district No. 7 was held at the school house in Harrison at 1 p. m. last Monday. The report of D. H. Griswold as treasurer was read and approved. The board reported the amount thought necessary to run the school for the ensuing year and a 5 mill levy for a general fund was voted. It was decided to have ten months school during the year. A committee of five was appointed to check up the books of Mr. Griswold's predecessor in the treasurer's office, John Thornton, said committee to report to the school district at the adjourned meeting on July 25, 1890, at 2 o'clock, p. m. G. W. Heaster was elected treasurer for the ensuing term. He has children of school age and is therefore more interested than he would otherwise be and there is no question but what he will give the district good service.

The question of redress needed by the people of the state of Nebraska opens a great field for discussion. There is no question but that the farmers and laborers have grievances and wrongs, received at the hands of corporations and organized capital, which should be righted. The fact of the farmers and laborers organizing for the purpose of protecting their rights created an opportunity for a class of demagogues to whom Judge Thurston has very appropriately applied the name "professional heroes," to assume the role of friends of the farmer and seek to ride into popularity on the wave which is rolling over the state. They have harped upon the hard times experienced by the farmers until a feeling of distrust has been aroused in the east so that it is almost impossible to find a market for Nebraska securities in the east. The legislature of New York has passed a law prohibiting the savings banks of that state from investing in Nebraska real estate securities and private capital is certainly as cautious. It is right and proper that the farmers should demand justice at the hands of corporations, but it is not justice to the interests of the state that demagogues should seek to further their own personal ambition at the expense of the prosperity of the entire commonwealth. A great deal of the rapid development of this state is due to the bringing in of eastern capital, and if it was figured down to a certainty it would be proven that the farmers of Nebraska have received, on an average, better returns for the capital invested than any other class of people in the state. It is hoped for the general welfare of the state that they will continue to work for the correction of wrongs, and at the same time will put their foot down on any movement gotten up by political aspirants which will cripple the financial standing of the state.

The Shah of Perla

Though advanced in years, has hair of raven hue. Gray hairs are strictly prohibited in his dominions, and hence the large shipments to that country of Ayer's Hair Vigor, by the use of which the Shah's subjects save not only their hair but their heads. Ayer's Hair Vigor restores the natural color of the hair. It should be on every toilet-table.

"Some time ago my hair began to fade and to fall out so badly that I thought I should be bald; but the use of Ayer's Hair Vigor has restored the original color and made my hair strong, abundant, and healthy. It does not fall out any more."—Addie Shaffer, 226 Race st., Cincinnati, Ohio.

"My hair (which had partly turned gray) was restored to its youthful color and beauty by the use of a few bottles of Ayer's Hair Vigor. I shall continue to use it, as there is no better dressing for the hair."—Gladys Gapp, Georgiana, Ala.
