—Thanksgiving ball.
—For farm loans go to S. H. Jones.
—Remember the bible school, Sunday afternoon at 3 o'clock.

—Thanksgiving is on Thursday, Nov. 27th and there will be a ball here in the evening. All come.

—Potatoes, onions, cabbage and other kinds of garden "sass" taken on subscription at this office. Anything good to eat is as good as cash to us.

—It only takes \$2.75 to pay a year in advance for THE JOURNAL and the Omaha Weekly Bee. Now is the time to subscribe.

—H. W. MacLachlan has purchased the barn formerly owned by John Thornton, situated east of the residence of C. E. Verity.

—On hallow'een an outhouse was placed in the middle of Main street and left there. On Tuesday evening it was set on fire and soon reduced to ashes.

—A gospel temperance meeting will be held at the church on Sunday evening, Nov. 22d. Good music and an interesting program is promised. All are invited.

—J. W. Scott is still suffering terribly with his eye trouble and steps are being taken to send him to Chadron where he can have treatment at the hands of a specialist. Mr. Scott is an energetic, industrious citizen and has the sympathy of all in his affliction.

—SEASONED LUMBER: We have a good supply of seasoned lumber constantly on hand at our mill on West Boggy. 10 and 12 feet \$10.00; 14 and 16 feet \$12.00 per thousand feet First-class native shingles always on hand. First-class \$3; second-class \$2 per thousand.

J. E. ARNER.
—On last Saturday G. Guthrie received a car load of coal and it was all disposed of before night, and all the orders were not filled. The fact that wood can be had by the farmers for the hauling and coal can be purchased so cheaply is a great advantage that this locality has over those farther east.

—All clergymen desiring half fare permits for 1891 on the F. E. & M. V. and R. C. & P. railroads, C. St. P. M. & O. and C. & N. W. railroads will please apply at once to their nearest agent of the above companies where application blanks will be found. All applications should be received not later than December 15th.

—The publishers of the *Homestead*, the weekly twenty-four page agricultural paper of Des Moines, Iowa, edited by a practical farmer, inform us that they will send their paper from now until the first of next January, free of charge, to every farmer in this county not already a subscriber, who will send his name and address, plainly written on a postal card, to the *Homestead Co.*, Des Moines, Iowa. The copies will be absolutely free, and will be sent to any farmer to enable him to judge for himself of the merits of the *Homestead* as a paper devoted to his special interests. On the first of January the paper will be discontinued unless subscribed for in due form.

—About 11 o'clock last Friday night the farm house of C. R. Wadsworth, about two miles southwest of town, caught fire and burned to the ground, together with nearly all its contents. Mr. Wadsworth was at Crawford at the time. Mrs. Wadsworth and an aunt being the only occupants of the house. They went into the kitchen, putting the lamp on the table, and a moment later the lamp exploded, setting the room on fire. In the excitement water was thrown on the fire which scattered it and made matters worse. Nothing could save the building and an attempt was made to save some of the contents but the building being very dry burned so rapidly that it was impossible to accomplish much in that line. The organs and a trunk were dragged out but were badly scorched, and everything else was destroyed. Both the house and contents were insured, but the amount is not stated. The loss will be a severe one to Mr. Wadsworth.

—Pickled pigs' feet at Turner's.
—C. H. Weller has purchased the building which stood just south of S. H. Jones' residence, and had moved to a new location.

—On last Monday night some one broke into the warehouse back of C. H. Weller's which is used by G. H. Turner as a store room for flour and feed. The staple through which the lock passed was pryed off and a staple which held a short chain to which the lock was attached was also drawn. As near as Mr. Turner can tell from the appearance of things, about eight sacks of flour were stolen. This is the second building that has been broken into in this place recently, and it is about time a halt was called on such work. If such things are going to become frequent, some plan ought to be adopted to make the practice unpopular.

—Dan Klein said he was going to leave Sioux county soon after election, and we are informed that he is gone, but it is safe to say that he did not intend to depart under the circumstances under which he left. We understand that he was nearly ready to go, with his family, to West Virginia, when suddenly a United States marshal came and took him to Omaha to answer to the charge of illegal cutting of timber. A number from that locality were taken along as witnesses. White River ought to be a peaceful locality now that Shay and the "Sage of White River" have taken their departure.

—The evidence given before the coroner's jury in the case of the killing of Tate, appears to be quite different from the first reports, and the jury held that the shooting was done feloniously. On last Thursday Sheriff Reidy took Coker to Rushville for safe keeping, being unable to secure quarters for him at Chadron for lack of room in the jail. The preliminary hearing will be given Coker to-day, and as the law provides for the holding of persons on the verdict of a coroner's jury, it is almost certain that the man will be held to appear at the next term of the district court. Sheriff Reidy went to Rushville last evening to bring the prisoner to court.

—County Attorney Hull continued to try the case of the state vs. Coker in the last issue of the *Herald*, charging Judge Barker, Sheriff Reidy and Deputy Sheriff Decker with acts that were unbecomingly to officers, and states that Attorney Holmes ought to be disbarred, but he says no word in explanation of his own peculiar actions in the case. If the officials are guilty of the acts charged by Mr. Hull why does he not bring action against them, and if Mr. Holmes deserves to be disbarred for defending his client, why does not the party so claiming institute proceedings against him? The court is a much better place to try cases of that kind than a newspaper.

—We understand that the B. & M. has secured some land on their line near the north line of Sioux county and will lay it off in lots and blocks and proceed to build up a town. That is a good thing for the county. The more towns in the county the better and if the B. & M. lay out a town in Sioux county they will get to work and boom it and that will help to boom the entire county, and will also help to increase the wealth of the county. Then, too, the Pacific Short Line will in all probability have its line constructed across the south part of the county before the close of another year, and with the Elkhorn line and the B. & M. will make over a hundred miles of railroad track in the county, which has not cost the county one dollar.

—The people of Sioux county may be pretty hard up financially, but it is safe to say that there are few, if any, in the county who are unable to secure the necessities of life. In this they are more fortunate than a great many people in the southwestern portion of the state. Investigations in that locality have disclosed the fact that the people in that locality are actually suffering, and on last Saturday evening a meeting was held in the city of Lincoln at which Gov. Thayer presided, the object of which was to devise ways and means by which to provide for the unfortunate ones in the locality mentioned. It is always the case in a new country that some families are obliged to suffer some, but we do not believe that any assistance will have to be asked for from outside the county. A good many men have gone from this county to work, and left their families on the farm and it may be that some of the families will run out of supplies at times when the husbands do not send them funds regularly. It would be a good plan for the neighbors of such families to keep a little watch of them and see that they are not permitted to suffer. No deserving person was ever known to starve in new country unless all those in the community were destitute. There are many honest, hard working people in Sioux county striving to make a home here and the community at large cannot afford to let any suffer.

—An error occurred in our last issue, for Mr. Haines did not intend to leave here on the 15th. He is getting up magic lantern slides and will remain a short time yet. He says he will print photos about twice more.

—Charles Biehle is building a new house on his farm northwest of town. He says he was compelled to build in order to accommodate a great, big girl who came to his home a few days ago. Thus does increase and improvement go hand in hand.

—A good deal of excitement has prevailed around the Indian agencies in the northwest and many wild rumors are flying. The war department announces that precautions are being taken and any outbreak will be promptly put down. The excitement among the Indians is a sort of religious craze. There is no occasion for the people in this locality to be alarmed.
