

THE SIOUX COUNTY JOURNAL

J. L. SIMMONS, Proprietor.

HARRINGTON, NEBRASKA

The Troops Gathering.

OMAHA, NEB., Dec. 3.—The third body of troops ordered to the Indian country is gathering at Omaha today. The first of the column, being a company of the Seventh infantry, reached Omaha this morning via the Missouri Pacific from Fort Leavenworth, in command of Captain Sanno. Four other companies of the same regiment are expected to arrive from Fort Logan. According to dispatches, they are to await further orders here and are to be instructed in pursuance of General Miles' instructions.

The First infantry from San Francisco is reported en route and due to reach Ogden today and Omaha Monday night. They are also under orders to wait here and be mounted. None of the militia have 800 horses at command or know that any are being bought. General Miles believes in mounted infantry on this occasion, however, and did that with the Fifth cavalry.

The troops from Fort Logan were loaded on the cars at Denver on Tuesday and then unloaded. The indication with which the troops are handled suggested that the authorities at Washington may be divided in their counsels.

Col. Stanton, the fighting paymaster, left for Pine Ridge yesterday morning. News was received at army headquarters of the death of Surgeon General Baxter.

A Serious Accident.
OVERTON, S. D., Dec. 2.—Walter Stenning, a rancher here, while intoxicated discharged a pistol in his pocket in a crowded room last night. The bullet passed down his leg inflicting a serious flesh wound and passed through the floor.

Smith Returned.
AMSTERDAM, N. Y., Dec. 1.—Julius E. Smith, the defaulting teller of the Merchants' national bank of this city who left a few weeks ago, has returned, some of his friends having settled the amount of his default, which was nearly \$40,000. Smith is now with his family and it is doubtful if they will ever punish him.

Wants Sunday Concerts.
GREENHAT, O., Dec. 1.—Mrs. Margaret Schmidt-App widow of Charles Schmidt-App, presented to the city \$50,000 for Sunday afternoon concerts in Eden park. The gift is conditional that the fund be raised to \$75,000 by popular subscription.

Eighty-Five Scouts Sent.
PINE RIDGE ARMY, S. D. (via Rockville, Neb.), Dec. 2.—(State Journal Special.)—A party of eighty-five scouts was sent out by General Brooks to ride to Wounded Knee and report to him as soon as possible. They are expected back tonight. The noted Frank Gerard leads the scouts. The general relies and depends upon his judgment greatly.
W. F. K.

On Shipboard.
TULSA, O., Dec. 2.—Fire broke out in the cabin of the steamship Cormorant last evening. The flames spread rapidly throughout the vessel and her entire upper works were burned. She was loaded with ore and it is thought will not sink. She was owned by R. K. Winslow of Cleveland and valued at \$1,000. She was insured.

Back in a Fog.
VICTORIA, B. C., Dec. 2.—Yesterday during a dense fog the steamer Cortis sank near Rock Roads light at the northwest corner of Vancouver Island. The fog was too thick to send assistance and no particulars of the wreck can be learned. The steamer is owned by R. Stearns & Sons and was bound to San Francisco with a cargo of coal.

Fatal Wreck.
PUNDELOT, ORE., Dec. 3.—Near Haystack last night a freight train on the Spokane branch of the Union Pacific was wrecked in which the engineer and fireman and a brakeman J. E. Lecher, were killed, and J. E. Cameron another brakeman was fatally injured. The names of the engineer and fireman could not be learned.

Have Signed a Manifesto.
ROCKWELL, N. Y., Dec. 1.—There has been a strike in the factory of the Corbin manufacturing company since June last against the introduction of leasing machinery. Twenty or a leading manufacturers have signed a manifesto, which was published yesterday, agreeing that on and after December 1 they will withdraw all members of the trust and non-union industrial union until such time as the strike against the Corbin company shall have been completely discontinued.

On Board Steam.
St. Louis, Mo., Nov. 28.—Fire in the engine room of a company's building destroyed a cargo of \$200,000.

Multiple F. F. Y. S.
New York, N. Y., Dec. 2.—Yesterday afternoon of the First Baptist church the Rev. J. F. Y. S. of New York City and several other ministers united in a sermon for the late John Van Dyke.

Another Factory Burned.
ANN ARBOR, O., Dec. 4.—Johnson & Johnson's large spoke factory was entirely destroyed by fire last night, the flames starting in the belting room. The building was a three-story frame and was filled with a large and valuable stock. The Lima fire department was sent for out arrived after the building had been consumed.

Instantly Killed.
CINCINNATI, O., Dec. 4.—Hos. Lewis N. Jordan, a prominent lawyer of this city and ex-member of congress, was instantly killed at 1 o'clock yesterday morning by falling through an elevator shaft at Lincoln's court, which had been carelessly left open.

In Strictest Secrecy.
OCALA, FLA., Dec. 4.—At the last evening session of the national farmers' alliance the report of the committee on credentials was read. A resolution was adopted enforcing all the members to the strictest secrecy regarding the business transacted. A press committee was appointed, which alone is authorized to give out information. Other committees appointed were on President Polk's message, on order of business, on mileage and per diem and on fraternal relations. The last named committee is a very important one, as its duty is to receive representatives from other national organizations and to enter into a view to securing concerted action on legislation and aiming at the ultimate consolidation of them all.

At Cooper Union.
New York, Dec. 4.—A meeting was held last evening at Cooper Union to protest against the execution of Sophie Gunberg, the young Russian girl who is condemned to death in Russian suspicion of being a nihilist. Resolutions were adopted entreating the Russian government to modify the sentence. A copy will be sent to the Russian minister at Washington and another copy will be sent to Secretary Blaine, with the idea that he will intercede in behalf of the girl.

NO HOPE OF A DECISION.

The Irish-American Envoys Disagree and Are on the Verge of Disruption.

They do not know what to do with it. Funds in Case Farnell is Deported.

HARRINGTON UNSETTLED.

CHICAGO, ILL., Dec. 3.—It is not unlikely that the attitude assumed yesterday by Farnell will lead to the abandonment of the tour of O'Brien and Dillon and their colleagues in behalf of the plan of the campaign. Until long after midnight, when it was supposed they had retired to their respective apartments, the envoys were closeted in parlor 15 and engaged in an animated discussion regarding their future movements. According to the programme originally adopted Dillon and Harrington should appear at Dayton tonight, O'Brien and Sullivan at Indianapolis on Thursday and T. F. Connor at Duluth on the same night, while Dillon, O'Brien Sullivan and Harrington were to meet at St. Louis on Sunday. After that the party will separate, Dillon going to Kansas City in the west, O'Brien east and others to the southeast. This programme, however, is likely to be abandoned, although definite decision will be postponed until this afternoon, in hope that coming developments may change the situation. Harrington is said to have declared that he would not accompany the envoys any further, although he is undecided whether to return to London at once or remain for a while in this country. All will depend upon the instructions which he receives after the London conference has concluded his labors. If Farnell instructs him to go ahead he will make a tour of this country on his own account as Farnell's representative. Dillon insists that the present crisis and especially the manifesto of himself and colleagues has seriously complicated the situation, and holds himself in readiness to return home at once, if McCarthy considers his presence and that of his associates necessary. Meanwhile the question as to the disposition of the funds secured on the present tour will not down. The delegates announced at the onset that they were representatives of Farnell, and likewise gave it out that the money contributed would be forwarded to the trustees at Dublin, appointed by Farnell. The collection books issued by the promoters of the local demonstration of the statement on the covers, that the money raised would be handed to the Irish delegates to be forwarded to Mr. Farnell. The members of the local executive committee, however, are divided on the question whether this pledge should be carried out. Some contend that if Farnell is disposed to can no longer be regarded as a proper recipient of the fund, and they should be entrusted to O'Brien and his colleagues and used at their discretion. This view, however, is strongly antagonized by an influential element in harmony with Harrington and a serious hitch in the distribution of the twenty thousand or more dollars so far subscribed here seems inevitable. Should Farnell be deposed the same trouble would be likely to occur at every place the envoys might visit.

Put His Eye Out.
VILMICA, IA., Dec. 4.—Joe Ruckers, little 15-month-old child, fell on a stick of wood and put his eye out. There has been considerable chicken stealing here among the farmers, and Saturday night Frank Archer shot twice at a chicken thief who was making away with a fat turkey. The first shot killed the turkey and the next one made the thief yell and kept the doctor busy the rest of the night picking out the shot.

Will Reinforce the Troops.
SAN FRANCISCO, Dec. 4.—Orders were received here yesterday for the First United States infantry, now stationed at Angel Island across the bay, to proceed at once to South Dakota to reinforce the troops there. General Gibbon commanding the department of the Pacific has received orders to detach all available troops in Oregon and Washington and rush them to the seat of hostilities.

Another Factory Burned.
ANN ARBOR, O., Dec. 4.—Johnson & Johnson's large spoke factory was entirely destroyed by fire last night, the flames starting in the belting room. The building was a three-story frame and was filled with a large and valuable stock. The Lima fire department was sent for out arrived after the building had been consumed.

Instantly Killed.
CINCINNATI, O., Dec. 4.—Hos. Lewis N. Jordan, a prominent lawyer of this city and ex-member of congress, was instantly killed at 1 o'clock yesterday morning by falling through an elevator shaft at Lincoln's court, which had been carelessly left open.

In Strictest Secrecy.
OCALA, FLA., Dec. 4.—At the last evening session of the national farmers' alliance the report of the committee on credentials was read. NEBRASKA STATE NEWS.

Ed Pyle, of Humbolt, recently said a Cuffrey cult to Omaha parties for \$1,250.

S. H. Yates, wife and four children of Geneva, have died within the past year.

The creamery at Frisfield is running along all right and the farmers are very well pleased with it.

George Keen if Dawson claims that he has husked 100 bushels of corn several days this year.

The farmers along the Missouri River bottoms near Rulo are stocking their ponds with fish from the state hatchery.

Treasurer-elect Henton and Commissioner-elect Hodgkins, of Red Willow county have been served with a notice of contest.

They are building an ice house out of the base ball fence at McCook. This looks like no ball games there the coming season.

A Kearney woman recently sued a faithless lover for breach of promise in the sum \$5,000. Later she has compromised the case for \$100.

At an election at the M. E. church at Aurora, last week, the vote stood forty to one in favor of allowing women to act as delegates to conference.

The water mill at Tecumseh has put on a sixty horse-power engine to run when the Nemaha is either too high or low. They want to keep on going, and this shows enterprise.

Seward street M. E. church at Omaha is the only M. E. church in the state so far recorded a vote against giving the woman a vote in church matters. The vote there was twenty-three for and fifty against.

Fairfield had a hunting match the other day. One party came home with 127 quail, thirty-four rabbits, four chickens, one mallard, an owl hawk and several other birds. The defeated crew who paid for the supper, said the winners had better luck than they in running across boys who had been hunting and had g game for sale.

The people of Dundy county talk of tapping the Republican river at Beckliams and conveying the water along South divide and then return it to the river at McCook. The object is to irrigate the country along the route. Expert engineers say the plan is practical and will be of an incalculable benefit to the country.

The Hemmingford Guide talks thus of irrigating Box Butte county: The people of Alliance have two plans in view, one of which is to tap the Platte somewhere near Ft. Laramie and bring the water as nearly as possible through the center of the county, and the other is to bring the Scotty Bluffs county ditch across the divide. As the latter plan could bring water to only a small portion of the country, and at a considerable outlay of capital, it can scarcely be considered a good plan, yet it would beat no irrigation at all by a large majority. The better plan of the two, in our estimation is to run the North Platte through the center of the county.

Kearney has a school of telegraphy and it is very successful.

A. M. Trus is now the editor of the Brownville News. He is a son of Professor M. C. C. Trus.

The citizens of Ohioa made Rev. Patterson a present of \$100 the other day for the good work he did at the revival there.

Kearney had a charity ball Thanksgiving and cleared 193, which they turned over to the committee for the relief of the poor.

A Chinese washer at Superior got drunk the other day and was going to lean out the tower. The marshal put him in the cooler.

The Brownville ferry has to run day and night to accommodate the travel along that route. The removal of the pontoon bridge at Nebraska City helps it some.

The Chadron people say this Sioux Indian scare is all a fraud and ask the people to quit talking about any danger. The citizens of that town have signed an address to that effect.

The Methodists of Douglas have added ninety-nine names of converts to the church roll the past two months. The Methodists of Nebraska are having a great awakening this fall.

Dustin & McConnell, proprietors of the Auburn bus line, never charge the dock or rounded to rule with them. They always provide a special bus for the injured and give them every care.

Albert Dalgren, living near Bertrand, was thrown out of a wagon by a runaway team and had his arm broken and a bad gash cut in his head.

There has been nearly three hundred tons of brown corn raised and used for shipping around Quesneville this year. It is a good paying crop and those who raise it make a success of the culture.

Colonel W. W. Patterson, the founder of Kearney, is starting a town in Verwood park, New Mexico. He has plowed 50,000 acres in Chicago to improve the park and is now getting up a colony of Kearneyites to settle in his town.

Len Bollett, a girl almost twenty years old, was found in Perry Duff's orchard, three miles from Dillon, Monday morning at 5 o'clock, having given birth to a child. She threw the child through the apple fence, causing immediate death. Constable White gave a verdict that the child was the child of the mother's brother.

Spencer, Mo., Dec. 1.—At North Anna St. C. E. Smith, while driving on the rail road, broke through the car and was injured. His baby was killed.
