at is the committee appointed to  
the organization of a county  
society doing? It is getting  
the matter was put in shape.  
known that a county fair is going  
old the farmers will prepare to  
and it will also greatly assist in  
up an exhibit for the state fair.  
and the committee will soon be  
call a meeting for the purpose  
of doing.

—On last Saturday Mrs. G. H. Turner  
received a letter from Texas informing  
her of the death of her sister, as the re-  
sult of an attack of measles. The news  
was a great shock to Mrs. Turner as the  
deceased had always been a strong, ro-  
bust person.

—On last Sunday night snow began to  
fall and it continued to fall until some  
time Tuesday night. The wind blew  
quite hard from the northwest during  
the entire storm, but it did not get very  
cold. It is estimated that not less than  
eight inches of snow fell on the level.

—At the last term of the district  
court the petition of L. O. Hull in his  
suit for damages against the county  
commissioners was knocked out and the  
plaintiff was given 30 days in which to  
file an amended petition. The time has  
expired and no new papers have been  
filed in the case and the probabilities are  
that it is practically ended.

—Who has a better proposition for a  
test arctic well than that made by Mr.  
Zerbe? If his proposition is as good as  
can be secured the next thing in order  
is to raise enough to pay for the five  
hundred feet after the first three hundred  
feet for which Mr. Zerbe agrees to pay.  
Any one who will put up a dollar or  
more toward a test well should let it be  
known. All information in that line  
should be given to Judge Barker.

—The offer made by the state board of  
agriculture in regard to sugar beet seed  
should be taken advantage of by every  
farmer who is so situated that he can  
properly plant, cultivate and harvest a  
quarter of an acre of beets. The fact of  
such rich beets having been grown in  
Sioux county in 1890 indicates that this  
county has an excellent show to win the  
premiums offered, and to capture some,  
or all of them would be the biggest ad-  
vertisement Sioux county could have.

—The committee who are looking after  
the sugar beet interests of this  
locality received a small quantity of  
beet seed from the agricultural depart-  
ment at Washington last week and has  
been distributed in small lots among the  
farmers who applied for it. It is urged  
upon all who put in sugar beets that  
they measure the ground and keep a re-  
cord of the date of planting and the cul-  
tivation given the plants and also of the  
kind of soil, date of harvesting, yield,  
etc., so that a record can be made for  
future reference as a basis from which to  
figure what the cost and profit of beet  
raising in Sioux county will be. The  
committee are expecting to hear from  
Germany in a short time and it is also  
expected in soon that out where beet  
seed in quantity can be secured, and as  
soon as that is the case the committee  
will likely be able to make a report.  
The fact that Sioux county raised the  
richest sugar beets in 1890 that have ever  
been tested is attracting a good deal of  
attention and the indications are that  
this will in a few years be one of the  
best sugar producing districts in the  
country. Statistics show that well-to-do  
people pay more for sugar every year  
than they do for flour.

**Sugar Beet Seed.**  
The state board of agriculture has  
taken the experimental business in hand  
and are going to work in a manner  
which will enable them to know within  
the next year just what can be done in  
all parts of the state. Bulletin No. 2  
has been issued on the subject of sugar  
beets and shows the following proposi-  
tions:  
Nine premiums ranging from \$50 to  
\$100 for the best one-quarter of one acre  
of sugar beets grown in Nebraska in the  
year 1891. The Oxnard Company dupli-  
cates the offer, so that the cash pre-  
miums offered are well worth competing  
for.  
The state board of agriculture will fur-  
nish four pounds of beet seed to each  
person who will sign a receipt therefor  
and an agreement to plant, cultivate and  
harvest the beets properly and also to  
measure the ground, and make a record  
of the date of planting, etc., for which  
blanks will be furnished, and in addition  
to that the persons receiving the seed  
are to select, pack and ship, prepaid, to  
the director of the U. S. experiment sta-  
tion at Lincoln, 4 beets and put 12 beets on  
exhibition at the state fair at Lincoln in  
September, 1891. Persons who will  
agree to the above can secure the four  
pounds of seed at a cost of 25 cents and  
the expense of transportation. It has  
been suggested that a number club be  
gathered and have the seed sent by freight  
and thus save expense. The committee  
of sugar beet factory have sent for a  
supply of blanks and receipts and will  
get the seed here at a cost of not to ex-  
ceed 35 cents to each person, providing  
twenty-five or more applications are  
made so that they can be sent in at once.  
For further particulars, blanks, etc.,  
all at THE JOURNAL office.

**Sheriff's Sale.**  
By virtue of an order of sale directed to  
me from the district court of Sioux county,  
Nebraska, on a judgment rendered in said  
court on the 17th day of February, 1891, in  
favor of L. Alice Watson as plaintiff, and  
against Elmer McFarling and E. S. Ormsby,  
trustees, as defendants, for the sum of \$11.57,  
and costs taxed at \$12.54 and accruing costs;  
I have levied upon the following real estate  
taken as the property of said defendant,  
Elmer McFarling, to-wit: Lots 1 and 2 and  
the S. 1/2 of NW 1/4 of section 4, in township 33  
N., range 53 W. of the 5th P. M., in Sioux  
county, Nebraska, subject to the first  
mortgage of J. S. Ormsby, trust for \$250  
and accrued interest and will, for the same  
for sale subject to the first mortgage of  
E. S. Ormsby, trustee, to the highest bidder  
for cash in hand, on the 29th day of April, A.  
D. 1891, at the front door of the court house  
of said county, at Harrison, that being the  
building wherein the last term of court was  
held, at the hour of one o'clock, P. M., of  
said day, when and where the attendance  
will be given by the undersigned.  
Dated the 25th day of March, 1891.  
[25-31] THOS. HINDY,  
Sheriff of said County.

Ayer's Cherry Pectoral is adapted to  
every age and to either sex. Being very  
palatable, the youngest children take it  
readily.

Number of days taught, 78.  
Names of scholars neither absent nor  
tardy during term, Annie Satterlee, Min-  
nie Lunsford and Pearl Lunsford.

Mrs. Ida H. Olinger, Teacher.

**Hat Creek Items.**

Who has seed oats and wheat for  
sale?  
Mrs. Daniels has been on the sick list  
for several days.

Miss Pansy Poan has returned from  
her visit in the east.

J. M. Daniels has managed to get his  
wagon home from Soldier creek, where  
it had been ever since the first big snow.

Mrs. Andrews has her house nearly  
completed.

C. H. Redd contemplates building a  
bran new house out of some old ones on  
his homestead. Who is the lucky miss?

We hear some talk of planting po-  
tatoes.

There is a rumor of a railroad being  
built through the valley, passing near  
Five Points. All hope it will be built.

A boy who had run away from home  
was overtaken at D. K. Gilbert's a few  
days ago. It is foolish for boys to desert  
their home and go among strangers.
