—The sample ballots can be obtained by the voters at the office of the county clerk. The law provides that to each voter who applies the clerk shall deliver not to exceed three sample ballots.

—G. Guthrie shipped the first car of wheat from Harrison on last Friday.

—The wheat raised in this county is of excellent quality and there will be a good deal of it to ship before the season closes.

—THE JOURNAL will give as a prize for the best half dozen ears of corn brought to this office a first-class pocket knife. All samples will be numbered and a private record kept and the prize awarded by three judges who do not know by whom the corn was brought in. All samples must be brought in prior to December 1, 1891.

—One of the most satisfactory crops that we have heard of was that of G. W. Hester. His wheat averaged 24 bushels per acre and his oats yielded equally well. He had about 7 acres of land on which he had wheat last year and last spring he sowed millet on it. Wheat came up in it and matured and when it was threshed he got 12 bushels of wheat per acre and 10 bushels of millet per acre. In all he had about 400 bushels of grain that he expected.

NOTICE.  
We send out a number of extra copies of THE JOURNAL each week and no one need hesitate to take them from the postoffice as there will be no charges against any who have not ordered the paper.  
THE PUBLISHER.

—A car load of flax was shipped from here this week.

—Threshing in this vicinity is just about completed.

—J. H. Cook shipped another car load of cattle this week.

—G. W. Hester is putting up an aerometer at the Agate Springs Stock Farm.

—Last spring H. T. Merriam planted 20 pounds of seed potatoes and raised therefrom 25 bushels of fine potatoes. That shows as productive a soil as could be desired.

—Rev. Staveland will hold Episcopal services in Harrison on Thursday evening, Nov. 5, at 7:30. At 4 p. m. the celebration of the hold communion will be celebrated. All are invited to attend.

—On Monday S. J. Leeling had his Percheron-Norman horse in town. This is a fine animal. He is four years old and weighs 1400 pounds, is a handsome dun and clean limbed and good tempered. Such horses are appreciated by the farmers who desire to raise good farm horses. The sire of this horse was the choice of 200 head. He weighed 2,000 pounds and cost \$3,200.

—The Herald makes a great fuss about what this paper said in regard to the tuition charged non-resident pupils for attending school and tries to make out that THE JOURNAL did not state the fact in regard to the enrollment. The report of Miss Connor to Supt. Southworth showed an enrollment of ten and that is the authority for the statement. It makes no difference if there are fourteen enrolled now, THE JOURNAL does not recede one point from the position taken, which is that the charge is too high.

Nebraska's great advertising train is still on its way to the east, giving the hundreds of thousands of people along route more information in regard to the resources and productiveness of the state than could possibly be obtained in any other way without visiting the state.

At some places the day spent by the exhibition on wheels proved an occasion for a general holiday and business was suspended and people flocked to see the products of Nebraska. It will do a great deal toward "coaxing" people to come to Nebraska. The prediction of all is that there will be a great many come to Nebraska within the next few months. The work for the people of Sioux county to do is to let people know that there is still hundreds of thousands of acres of free land in Sioux county from which to select homes.
