GRANT GUTHRIE.
Rock Springs and Deer Creek coal constantly on hand at the lumber yard.
Don't forget that Harrison will have a mill before another crop is ready for market.
Improved farm for sale, cheap; one and a half miles from Harrison. Inquire at this office.
J. W. Smith has been limping for the past week from the effect of running a nail into his foot.
Happy and content is a home with "The Rochester," a lamp with the light of the morning. Catalogues, write Rochester Lamp Co., New York.
The work of flooding the slating rink has commenced, and if the weather continues as it is, it will soon be the order of the day.
It is reported that the F. E. & M. V. will build a round house here in the near future. It is expected that work will begin thereon shortly.
Last Thursday a son of H. Konrath was hauling hay when the team ran away and threw him off the load and in falling he broke his arm. He was taken to Ft. Robinson for treatment.
Ex-Commissioner Green was up from Royville Friday. He informed us that on the evening of the 10th a party of fifty-two gathered at his home and spent the evening. Such gatherings are always pleasant.
The advertising that has been done for Sioux county is having an effect and people who want to get a home are writing from all parts of the country asking about the homestead land and cheap farms to be had. It will not be many years until homesteads will be things of the past.
General Superintendent Hughes and Division Superintendent Harris made a trip to Casper during the past week. Everything indicates that it will not be long until material for the extension of road will begin to move and that means better train service and increased prosperity to this part of the country.
Dr. Shafer came up from Rushville the first of the week to close up his business affairs and returned last evening. He has been practicing his profession here for a number of years and he has many friends here who disliked to see him leave. In his new location he will not have so many long drives as here and that was the main reason for his changing his location.
A few years ago the village owned a fine set of pump, pipe-cutting and fitting tools and a set of dies. They have been borrowed by one and another until they have been greatly damaged and a number of important pieces lost. It is to be believed that the free use of any one and if it is locked they do not staple or effect an entrance by any window and when done on the pump or must be hunted up or to private parties used. For the village board prohibiting any tools out of the pump house as an entrance he should be. The windmill any one needs if a fire some work on the needed to save property would be morally not to be done but have been loaned

PERSONAL.

J. C. Elberspacher was in town Monday. Sheriff Reidy returned from Chadron Saturday.
B. F. Johnson returned Saturday from Cheyenne.
N. D. White contributed on subscription yesterday.
Sam Tebbet was in town Tuesday and called to see us.
A. McGinley went to Crawford the first of the week.
Joe Decker was up from White River last Thursday and called at this office.
H. C. Foster and W. P. Waters added their names to our list of readers yesterday.
H. T. Merriam left Monday night for Deadwood to visit his daughter, Mrs. F. D. Smith.
County Attorney Conley started Tuesday evening for a business and pleasure trip to the Eastern part of the state.
County Treasurer Gayhart left Tuesday evening for Lincoln to make his annual settlement with the state treasurer.
Postmaster Hough went east Saturday evening. Mrs. A. L. Baumgartner has been in charge of the office during his absence.
Henry Brandige was in town Friday and called at this office. His two brothers-in-law have recently located near Glen.
Sheriff Reidy left for the east last evening. People will be surprised if he does not return with a prisoner bound with fetters stronger than steel.
Don't forget that THE JOURNAL office is the place to get nice job painting done.
This office is having a good run of job work right along. Good work speaks for itself.
A necktie social will be held at the court house on Saturday evening, Jan. 21, at 6:30, in the form of a supper. Enveloped neckties will be sold and the buyer can get his partner for supper by finding a lady wearing a similar necktie. Those who can't get a partner can get supper anyway.
THE JOURNAL is in receipt of a letter from Supt. O'Brien, of the fish hatcheries, stating that he will be here some time in February or March with a supply of trout for the streams in this locality. All who desire to obtain a supply should leave word at this office so that notice may be given when the fish car will be here. The streams of Sioux county may just as well be stocked with good fish as not.
The land seekers who came during the past week, like all who came before them, were heartily disgusted over the trip from Crawford to Harrison. It would be a good plan for the people here to formulate a petition and sign it and send it to the railroad officials asking for better train service. It is decidedly unpleasant to work for new settlers who will be of more direct benefit to the railroad than to any other interest and have the company show such a total lack of interest in the matter.
Yesterday H. C. Foster and W. P. Waters came up from Seward to view the land. The latter left a sick child at home and was anxious to return and the former saw enough so that he will return with his family in February when the crowd comes and they left for home last evening. Mr. Waters expects to return in a couple of weeks to see more of the country and he and his brother expect to be residents of Sioux county within a few months. They report that the special train from Seward in February will contain not less than thirty cars and accessions to the colony are being made right along. Every one who comes here is well pleased with the country and from the indications the county will settle more rapidly within the next year than at any time in its history.

Died.

MYERS—At the residence of A. R. Dew, in Harrison, Neb., on Monday, January 16, 1893, John L. Myers, aged 46 years. Deceased was the brother of Mrs. A. R. Dew. The Hemingford Guide is urging the use of blue vitriol to kill the smut in wheat. Every paper in northwest Nebraska should do likewise. It is to the interest of every resident of this part of the state to improve the quality of the wheat raised by destroying the smut.

"Seeing is Believing."
And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's of old, it is indeed a "wonderful lamp," for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.
Look for this stamp—THE ROCHESTER. If the lamp dealer has not the genuine Rochester, and the style you want, send us for our new illustrated catalogue, and we will send you a lamp safely by express—your choice of over 2,000 varieties from the Largest Lamp Store in the World.
