—Improved farm for sale, cheap; one and a half miles from Harrison. Inquire at this office.  
Happy and content is a home with "The Rochester," a lamp with the light of the morning. Catalogues, write Rochester Lamp Co., New York.  
—A gentle zephyr is blowing from the west as we go to press with every indication of becoming a warm Chinook wind in a few hours.  
—It is reported that G. Guthrie contemplates the purchase of lots in the north part of town on which to put a house in the near future.  
—A jolly crowd of young people went to Commissioner Johnson's last Saturday and spent the afternoon skating on his pond. A grand day of sport is reported by members of the party.  
—The inquiries for land and demands for places to live continue to come, and the people will begin to get here the fast of this month, as those who had places rented give possession March 1st.  
—A. R. Dew has arranged to act as weather reporter at this place. He has some of the instruments and expects soon to be fully equipped. Then if we do not have the right kind of weather we will know who to blame.  
—Station Agent Pontius received a world's fair souvenir coin as a present from the Wells, Fargo Express Co. It is the first one of the coins to arrive at this point and Mr. Pontius is justly proud of it, coming from the source it did.  
—It is reported that additional passenger service is to be put on the F. E. & M. V. between Omaha and Chadron about April first. It is hoped that the new service will extend along this line and that it will come before the 15th of March are past.  
—It started in Tuesday night for the coldest night of the season and it succeeded. At 10 o'clock the thermometer showed 22 degrees below zero, but at that point it changed its course and yesterday morning early it showed but 14 degrees below and from that time it got warmer right along.  
—C. E. Verity, cashier of the Bank of Harrison, left for Lincoln Friday evening. He will likely see that an independent is elected to the United States Senate, that a strict usury law is passed and that a penalty be provided for any one who will not ride on a railroad pass, if he can get one. In addition to these little matters he will close up some real estate deals.  
—Last week when the steam pump was being operated it gave out. The plunger was taken out when it was found that the part which held one of the valves was broken, necessitating the raising of the pipe. It was found also that one of the pulleys for hoisting the pipe had been broken by some one who had borrowed it and after starting to raise it the rope began to give away, having been worn out and rotted out by being used and left out in the weather by those who had borrowed it, and another rope had to be procured. It is about time the village board made a rule to prohibit the tools going out of the pump house, or soon there will be none of them left for the use of the village.

## PERSONAL.

J. C. L. Hagland was in town Saturday.  
M. J. Blawitt was up from Crawford Friday.  
C. S. Morrison went to Lusk the first of the week.  
J. F. Schulz contributed on subscription last Friday.  
B. F. Johnson went to Crawford the first of the week.  
Charles Newman went to Chadron Monday evening.  
G. W. Stevens started Monday evening for a visit to Illinois.  
H. L. Whitney was here Friday paying the F. E. & M. V. taxes.  
Mrs. M. C. Doan and daughter, Miss Daisy, were in town Saturday.  
Leo Garner, brother-in-law of W. B. Wright, was up from Whitney on Monday.  
Mrs. Marsch, sister of Mrs. E. E. Livermore, arrived from Laramie Tuesday for a visit.  
Josh Baker returned yesterday from South Dakota and will remain in Sioux county.  
Rev. Snavelly was in Harrison Monday looking after the interests of the Episcopal church.  
C. E. Haas has taken a thirty-day lay-off and is looking after his interests in Sioux county.  
—Presiding Elder Julian came up Tuesday and held the first quarterly conference of the M. E. church.  
—Don't forget that the masquerade ball will occur one week from next Tuesday evening at the court house. The band boys say it is to be the best dance ever held in Harrison.  
—Steps are being taken to have a post-office established at Andrews, one at Pleasant Ridge, just across the Wyoming line and one in the vicinity of Five Points. They would prove a great convenience to the people of the various localities. Postal facilities are always appreciated.  
—Correspondence is being had relative to a mill here with different parties, and it is quite probable that some of them will decide to put in a mill. When they investigate and find what an excellent quality of what is grown here they will realize that a mill will be a paying investment and will not ask for a bonus.  
—It is reported that a few days ago the weather was so cold at Lincoln that the town clock ceased to run and remained at a standstill for several hours, until the sun came out and thawed it out. People are foolish to live in such a cold country. They should move to Sioux county and bring their town clock with them.  
—Lawrence, the 4-year-old son of Mrs. L. Atchison, died at Deadwood, S. D., Jan. 25th. The remains were brought here last Saturday accompanied by Mrs. Atchison and the funeral occurred at the residence of Mr. and Mrs. B. F. Thomas on Sunday. Rev. Glasner officiating. The cause of the death of the child was pneumonia.  
—In most of the counties of Nebraska the taxpayers have to pay a lot of taxes to meet the interest and principal of bonds voted to secure railroads. In this respect Sioux county is much better off. The F. E. & M. V. last week paid to the county treasurer a little over \$5,300 and a short time before the B. & M. paid something over \$1,900. As there are no county bonds or railroad bonds on any part of Sioux county, and the county being out of debt, those sums go quite a ways toward meeting the expenses of the county.  
—Robert Wilson of this place is a good deal worried for the safety of his brother, Rev. Wm. Wilson, whom many of our people will remember. He left Hams Forks, Wyo., on Dec. 29, 1892, for Lander, Wyo., and has not been heard from since. It was his practice to write to his family in the east twice each week. He was about 50 years old, about five feet, eight inches tall and weighed 150 pounds. He is supposed to have left Hams Forks, Wyo., on Dec. 29th with three horses and a road cart. Robert Wilson is making every effort he can to find some trace of him.  
—A paper has been circulated and quite numerous signed setting forth that the place kept by C. R. Wadsworth is a nuisance and asking the village board to cause its removal. That the place is a nuisance all will admit, but whether or not the village board has any way of removing it is a question. If the finances of the village will admit of a legal fight the board could do something but if not its hands are tied and the only course will be for those who desire an action commenced to put up the money for the expense. The people have become heartily tired of the way the liquor traffic has been conducted in this place during the past year and some way should be devised to compel liquor dealers to comply with the law.

—Rev. Glasner steps pretty high of late because his grand-child at Stuart was given a prize recently at a Kickapoo Indian show, for being the handsomest baby in attendance.  
—The repairs for the steam pump are not likely to be here for some days yet. The water supply may run low but there will be enough to supply the ordinary demands. It is the first time such a thing has occurred for nearly three years and it is hoped it will be still better guarded against in future.  
—The parties from Illinois and southern and eastern Nebraska who were here last fall and took land and others who have never been here will arrive sometime during the present month, and from the inquiries for land and the sales being made it is safe to predict that many others will soon be in Sioux county to live and that means added values to property and increased prosperity for all.  
—This is "ground hog" day and according to the old saw it will be six weeks before spring opens in good shape for today is bright and clear and his ground hogship could have no trouble in seeing his shadow. It is a question, judging from the past, whether the ground hog knows anything about Sioux county and if he does it is thought by many that he wields no influence over the coming of spring.  
—The Chadron-Casper flyer yesterday was nearly five hours late. The eccentric on the engine got to slipping at Glen and a delay of an hour was made there. At length Andrews was reached and after a delay of some hours the conductor sent a report up by the section foreman, who accompanied by a couple of the passengers came up on a handcar. The train finally got here and so business was enabled to go along.  
—After a trial of eight months in the issuing of a semi-weekly the editor of the Rushville Standard expresses himself as satisfied with the result and promises his patrons that he will continue to send them two papers a week until such time as he shall feel warranted in issuing a tri-weekly. He justly gives the business men credit for the liberal support extended and he is to be commended for the enterprise shown and the quality of the *Semi-Weekly Standard*.  
—The list of marriage licenses as published in the Omaha Bee of January 25th stated that a legal permit to wed had been granted to Thomas Reidy and Miss Mabel J. Robinson. From that it is inferred that Sioux county's efficient sheriff has been made a captive as well as having effected a capture. The newly married pair are expected to arrive in Harrison in the near future and their many friends will gladly welcome them and extend wishes to them for a long and prosperous married life.

**Nothing Else Like It.**  
When the publishers decided to issue the *Journal* twice a week at the same price of the old weeklies, \$1.00 per year they struck just what the public wanted—something between the old-fashioned weekly and the high-priced daily. The success of the *Semi-Weekly Journal* has been immediate and continued. It has distanced every one of its once-a-week rivals. It doesn't take long to convince people that a good live paper every Tuesday and Friday is better than only one a week, especially when you appeal to their pocket books, and give it to them at the same price. Readers will testify that it is almost as good as a daily. Its markets twice a week are worth the money. Four complete novels each year by "The Duchess," Miss Braddon, and other widely known authors, alone are worth the dollar. Its legislative news is its strong point just now. It is wide-awake, spends money for news, and is always in the lead. You can see its superiority over the old-fashioned weekly. Everyone who subscribes now gets a Seaside Library free. This offer won't hold good always. One of our big offers is the *Semi-Weekly Journal* and *Weekly New York Tribune*, both one year for \$1.25. Regular price of *Tribune* is \$1.00. Our great premium, *History of the United States*, Stanley Book, or *Life of Spurgeon*, prepaid, and the *Journal*, \$1.40. Either book is worth \$1.50 alone. Your choice of these books and the *Tribune* and *Journal* a year for only \$1.65. What a combination of reading matter! If you send us your own and another new name, we will send you either of the above books free. Subscribe now and get 104 papers a year, which is less than one cent per copy. ### "Seeing is Believing."

And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's of old, it is indeed a "wonderful lamp," for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.

Look for this stamp—THE ROCHESTER. If the lamp dealer has not the genuine Rochester, and the style you want, send us for our new illustrated catalogue, and we will send you a lamp safely by express—your choice of over 2,000 varieties from the *Largest Lamp Store in the World*.

ROCHESTER LAMP CO., 42 Park Place, New York City.
