Brain—per hundred	80
Feed—chopped—per hundred	1.25
Potatoes—per bushel	20
Butter—per doz.	30
Eggs—per doz.	2.40
Poultry—per doz.	4.50
Onions—per doz.	2.50
Beans—per doz.	4.50
Lard—per ton	3.50
Wood—per cord	4.50
Lumber—native—per m. ft.	15.00

—Hides bought at the harness shop.
—Fresh fish and dressed chickens at the meat market.
—Go to Turner's to buy your boots, shoes and overshoes.
—Vitriol your wheat this year, have no smut and be happy.
—Old papers for sale at THE JOURNAL office. 5 cents per dozen.
—Sioux county is getting to the front as fast as any new county.
—Go to Turner's and save 10 to 20 cents on the dollar for cash.
—Charles Bohmert is building a house on his homestead southeast of town.

—Highest market prices paid for wheat.
GRANT GUTHRIE.

—Blue Vitriol at 10 cents per pound means clean wheat, large yield and top price.

—If you want to sell your land, list it with Simmons & Smiley, real estate agents.

—The Young People's Association held a literary session last Saturday evening, at the M. E. church.

—What is going to be done about the agricultural society? It is necessary that action be taken soon.

—FOR SALE OR TRADE FOR LAND—A good span of mares, weight about 1250 each. Inquire at this office.

—WANTED—To trade a good mare for young stock or will sell for cash or on time. Inquire at this office.

—Mares for sale or to trade for stock; also some hay for sale.
WM. A. BIGELOW.

—I am still selling Blue Vitriol at 10 cents per pound cash.
W. E. BRIDGMAN.

—A. Hasselquist appears several inches taller of late on account of the arrival of a new son at his home last Sunday morning.

—WANTED—To trade a good young team, weighing 1,200 pounds, for yearling or two-year-old heifers. Inquire at THE JOURNAL office.

—There is a good opening at Harrison for a shoemaker. J. W. Smith intends to go to his farm the first of the week, and will leave the field clear for some one.

—The men operating the sawmills should get action on themselves. The new settlers need lumber and so far, are unable to get it at the home mills. What is the benefit of the timber if the mills do not bustle?

—Various new business enterprises are being talked and as a natural result of the increase in the number of farmers there will be an increase in the lines of business represented. Prosperity in one line means prosperity in all.

—The editor arrived home last Thursday night, having left Mrs. Simmons and the children at the home of her parents. Her father had been improving for some days and the latest reports are that he is rapidly recovering from his injuries.

—Hugh Smiley, who is one of the colony going to Sioux county to-morrow, concluded that one of the important things to do was to take a wife along, so late Saturday evening he called on Judge Miner to fit him out, and he was married to a Miss Shafer, east of town.—Seward Blade.

—The indications are that it will be but a few days before farm work will begin. Now is the time to get your harness, tools, etc., ready and see that you have plenty of good, clean seed. It will be a wise move for every farmer to use the vitriol treatment on his seed wheat to do away with the smut.

—Since a move has been made to send men east to work up settlers, the passenger department of the railroad has been flooded with applications for transportation by those who desired to make a visit east. The general passenger agent wastes it understood that such transportation cannot be furnished and applications are useless.

SETTLERS ROLLING IN.

New People Coming to Sioux County by the Train Load, Car Load and Wagon Load.

Never in the history of Sioux county have homeseekers come in at the rate they have arrived during the past week. On Thursday C. W. Crousdon arrived from Illinois with a carload of goods, his family and was accompanied by Peter Zeigler, Miss Etie Zeigler and Miss Nellie Montgomery, who will each secure a piece of land and the two young ladies will engage in the dressmaking business.

On Thursday the immigrant special left Seward on the F. E. & M. V. and notwithstanding a leaking engine between Long Pine and Chadron, an average run of nearly twenty miles an hour was made, including stops. On this train was J. M. E. E. and H. J. Smiley and their families, M. M. Underhill and family, N. L. Tipton and family, G. J. Martin and family, C. B. Underhill, C. H. Unitt, W. F. Kittering, Cal Greenlee and C. J. Thredkell from Seward, and also the families of O. B. Tinkham, Elmer Frew and John Worden from Oak.

On Sunday evening Wilmer and Frank Phillips arrived with a carload of goods and a man by the name of Rose came on the same train with a carload. He will locate on the table a few miles east of Harrison, but only shipped to Crawford.

On the arrival of the newcomers at Harrison the entire party was entertained by the citizens. Supper and breakfast were served at the Harrison House and stable room and feed for the stock provided to all at the expense of the business men and citizens, and every one did all they could do to make it pleasant for the new settlers.

The entire party is highly pleased with the country here and the indications are that it will be but a short time until others will be here to spy out the land. The weather has been pleasant and all have been enabled to get settled in comfortable quarters.

Those who have taken land will soon build houses thereon and those who have not taken land are looking the country over to select a location.

Two or more car loads are to come from Seward within the next few weeks and many intend to come, up to see the country from various parts of the state in the near future.

Taken all in all it looks very much as if Sioux county would be settled very rapidly from now on. The late arrivals brought fine large teams and good implements and some fine cattle and driving horses and they have come here with the intention of farming the same as they did in the east, and there is no question about their success.

—A stock buyer shipped out some steers the first of the week for which he paid \$45 per head.
—160 acres adjoining Harrison for sale at a bargain, if taken soon.

SIMMONS & SMILEY.

—Jerry Sourber is fitting up his homestead southeast of town and will move his family thereon in a short time.

—The crop acreage in Sioux county for 1893 will be a great deal larger than ever before. That means increased business and increased prosperity.

—A cantata, "Miss Mary and her Flower Garden" will be given at the M. E. church for the benefit of the L. T. L. Friday evening, March 17. Admission 10 cents.

—If you have friends who want to get homesteads or cheap land, the best thing you can do is to tell them to get here as soon as possible. Good openings are not going to be found very easily a little later.

—On account of the blizzard which raged in the eastern part of the state on Feb. 27th the Phillips boys could not load their car in time to come on the special. As a consequence they did not arrive until Sunday night.

—Smut wheat worth 25 cents per bushel; clean wheat worth 45 cents per bushel; yield 20 bushels per acre. Five cents per acre in Blue Vitriol last spring would have brought returns of \$4.00 in the selling price per acre.

—J. M. Smiley and family, Ed Smiley and family, Hugh Smiley, Mr. Tipton and family, Jack Martin and family, two of B. R. Phillips' sons, two of Morris Underhill's sons, Jack Bogart, Chet Unitt and two others whose names we failed to get, will leave to-morrow over the Elkhorn for Harrison, Sioux county, where they have all purchased or taken government land. They will have a special train of ten cars, loaded with stock, implements, household goods, feed, grain for seed, etc., with a coach attached, and will follow the 128 passenger train out of Seward. The best wishes of the Blade and a host of friends go with them to their new home. May they all live long and prosper.—Seward Blade.

Sioux County Emigrants.

Seward Reporter.

The special train of Seward county people who are going to Sioux county will leave today over the F. E. & M. V. railroad. The train will consist of ten freight cars and a passenger coach, and will start about 2 o'clock this afternoon. The railroad people have promised to run the train through on passenger time, and it will reach Harrison in about twenty-four hours. The following people are going on the train:

The Stanley brothers, Jim, Ed, and Hugh.

J. G. Martin.

N. L. Tipton.

C. H. Unitt.

M. M. Underhill.

Bert Underhill.

W. F. Kittering.

Cal Greenlee.

Wilmer and Frank Phillips.

C. J. Thredkell.

Of these, J. M. and Ed. Smiley, Martin, Tipton and M. M. Underhill have families, the rest being single men. Mr. Crousdon, of Illinois, is also expected. He has bought a good deal of Sioux county land, and it is thought that he will go there with the Seward party.

Several families from Nuckolls county are also expected to join the party.

The train carries a lot of good people from Seward county, and Sioux county is to be congratulated on receiving so large an accession of good citizens. The best wishes of Seward county people go with them. We regret to lose them from among us, but wish them all prosperity.

To the Citizens of Harrison.

The immigrant party desires to return its thanks to the people of Harrison for the cordial reception extended on its arrival. Such treatment at the hands of strangers is highly appreciated by every member of the party.

—W. C. O'Connor is building a house on his homestead southwest of town and expects soon to have it ready for occupancy.

—Word was received last Saturday that the fish car had to be sent to the shop for repairs and would not be here until tomorrow (Friday). A number now want fish who made no application but the supply will not likely be large enough to go around. Other varieties can be had later.

—W. L. Witely arrived Wednesday from Oregon. He had learned of Sioux county from parties who arrived here last fall and he made up his mind to come here and secure a home. He says that the winter in Oregon has been very severe. People are finding out that Sioux county is a desirable place to live in.

—On Tuesday night a lot of snow fell, and although it was melting all the time it accumulated to a depth of fully three inches. No wind accompanied it and the warm sun yesterday caused it to disappear very rapidly. In the valley it rained and in all parts of the county it put the ground in excellent condition to receive the seed. The late rains last fall wet the ground down deep and the moisture coming of late will soak the top which had dried out a little and as soon as the snow disappears those who have fall plowing will begin seeding.
