Onions—per doz.	4.00
Beans—per doz.	4.00
Coal—per ton	4.50
Wood—per cord	3.50
Lumber—native—per m. ft.	15.00

The Perkins windmill is the best; sold by J. H. Bartell, Harrison, Neb.

C. H. Unitt will soon begin to build on his homestead south of town.

FOR SALE—Twelve nice pigs, five weeks old. Wm. Norensch.

A. T. Hughton is building a new house on his homestead near Andrews.

The photographer who was here for a couple of weeks, departed on Tuesday.

If you want to sell your land, list it with Simmons & Smiley, real estate agents.

Mike Bannon reports that he is putting up a new house on his homestead near Five Points.

For rent or sale at a bargain, a business lot and building in a good location in Harrison. SIMMONS & SMILEY.

J. W. Langdon was in from Antelope on Saturday and said the small grain in that locality would be fair and the corn would be good.

Take out a policy in the Preferred Mutual Accident Association. It is cheap and reliable. L. J. SIMMONS, Agent.

A good many of the farmers have commenced haying, but the rainy weather of late will cause the grass to grow a deal yet.

The steamer will proceed at the church next Sunday at 11 o'clock in the morning and at Pleasant Ridge at 2:30 in the afternoon.

The crop report for the week ending July 10 showed that all parts of the state had suffered from drought and the worst results were in the northeast part of the state.

On last Monday Messrs. Earnest, Cook, Bigelow and Ashbrook shipped a train load of cattle from Andrews. Cattle got fat quite early this season on account of their having come through the winter in an unusually good condition.

Hester & Son have received five car-loads of lumber within the past few days with which to stock up their yard. That and the native lumber produced by the local mills makes one think that the prospects for building were pretty good.

A new time card went into effect on this line of the F. E. & M. V. on last Sunday. There is no change in the time of the arrival of the westbound train, but the train going east leaves here at 2:25, twenty minutes earlier than under the old schedule.

The prospects for corn in this county are said to be the best ever known. The farmers, as a rule, are feeling good even if the hail did hit some of them pretty hard. Some of the small grain will not be as good as it would have been had the rain come a little earlier.

The rains which have fallen since the hail on the 4th have done much to redeem the crops which were not too far advanced at the time of the storm. The loss will not be very great to any one. Some of the grain which was nearly matured was ruined, but aside from that nearly everything will come out pretty well.

It seems from the latest reports that the railroad companies have been checking up the rates provided by house hold 33 and they have determined to fight the law. The reduction is said to be 33 per cent below the schedule in operation when the law was passed, and it also appears that the law effects rates to Kansas City and other cities, and that is given as a reason why the law will be resisted in the courts. It will not be long now until the time for the law to go into effect will arrive and then all will see what will be done. From what can be learned it would be better for this locality if the law should be held to be void by the courts. Many people who desire to see rates reduced will acknowledge that it is unreasonable to presume that the railroads can stand a cut of one-third in their rates with no lessening of expenses and do business without loss, and no fair-minded person wants any business compelled by law to be operated at a loss.

Screen doors at the lumber yard.  
Old papers for sale at THE JOURNAL office, 5 cents per dozen.

John I. Davis has a part of the logs out for a new house on his place west of town.

160 acres adjoining Harrison for sale at a bargain, if taken soon.

### SIMMONS & SMILEY.

E. E. Smiley has traded for quite a number of cattle with which to stock his farm.

D. M. Sutton has gone to the hills with several horses to sell. He thinks he can profit by taking them there.

Mrs. E. F. Pontius has been suffering for some days from a felon on one of her fingers. It is now getting better.

Squire Wilcox treated himself to a new road wagon the first of the week. He thinks that will be more comfortable than to have to travel in a lumber wagon on horseback.

A subscription is being taken to raise funds with which to purchase a pump for the reservoir south of the Andrews building. It would be a good thing to have in case of a fire.

The reports are that C. H. Weller has failed or at best is in very close quarters financially at Chadron. Some reports are that he has been closed out but others are that his place is still running.

Last week C. F. Coffee went to his ranch in Wyoming to round up his cattle. He expects to make a shipment about the first of next week. The cattle shipments seem to be commencing somewhat earlier this year than common.

A new boy which weighed nine and a half pounds arrived at the home of Commissioner Knott on Wednesday of last week. That being the first son at the Knott household the parents are excusable if they do carry their heads a little high.

Mrs. Robert Wilson received the sad news of the death of her youngest sister at the family home at Loda, Illinois. The funeral occurred on last Monday, but the particulars were not learned. Mr. Wilson's family seem to be having their full share of trouble, and they are entitled to the sympathy of all.

Hard times in Australia are said to be driving many residents to emigrate to the United States. Why do these people prefer to settle in America rather than to return to Europe? The superiority of opportunities in this country is measured by its power of attracting those who wish to better their economic condition.—Omaha Bee.

It is understood that the new survey of the line between Nebraska and Colorado is to be made in the near future and it is generally believed that the result will be that this state will gain quite a good deal of new territory thereby. It will not likely be long until some of the people who live along the line will find themselves living in another state, and that too, without their having taken the trouble to move.

In another column appears the advertisement of the only authorized life of the great statesman, James G. Blaine. A number of so-called works have been put on the market and have found a ready sale for people desired to have such a book but the one which will be the best and truest is what is wanted and that will soon be issued under the authority of Gail Hamilton, Mr. Blaine's literary executor.

This season seems to be a very peculiar one all over the land. The rain has fallen in streaks for a number of years. In almost all localities there are strips of territory which have suffered for want of rain and other strips where plenty of moisture has fallen to keep crops growing in good shape. Such a state of things is not confined to Sioux county nor to the state of Nebraska, but seems to be the rule everywhere.

### A Word to Graduates.

Des Moines Capital.  
Superintendent Dick of the Charles City schools told the graduating class last week something not in the conventional order. He said: "Girls, in presenting you these diplomas, if, by their significance you are led to allow your mothers to do all the work, hake all the bread and sweep all the floors because you can read Latin or demonstrate a theorem in geometry, then has your school been a most unfortunate course, and in all the teachings you have ever received at my hands, I trust there has been no lesson that has weaned you from the dish pan. Boys, if from this graduation you go out into the world too nice to carry wood and swill the hogs, if need be, then has our school failed in its purpose and sown wrong seed." The Dick idea is a very practical one.

### PERSONAL.

A. L. Ring was over from Antelope yesterday.

C. E. Schilt returned last evening from Crawford.

W. E. Bridgman was down the road Monday night.

A. R. Kennedy went to Crawford Tuesday evening.

Charles Biehle was in town Monday and called at this office.

S. R. Story and son, Oscar, were over from Antelope Saturday.

Cal Greenlee was up from Agate Springs the first of the week.

Robert Wilson made a business trip to Crawford the first of the week.

Mr. and Mrs. G. W. Hester went to Ardmore Saturday to visit friends.

Peter Ziegler has gone to Patrick, Wyo. to remain a couple of months.

Mr. and Mrs. Sam Tebbet and Miss Sara Parsons were in town Saturday.

Mrs. A. W. Mohr returned yesterday from Iowa, accompanied by her father.

B. L. Smuck's youngest child has been on the sick list during the past week.

W. E. Jones was over from Indian creek the first of the week and called at this office.

L. E. Belden returned Friday from the reunion at Bordeaux. He reports a good time.

Geo. H. Turner was in town on Monday. He says he is getting fat since he got out of the store.

Mrs. H. A. Cunningham returned yesterday from a weeks visit to friends on Running Water.

Rev. Edward D. Irvine, the Episcopal clergyman from the northwest district, spent Tuesday in Harrison.

H. Wasserberger was over from Montrose last Saturday and called to chat with us a few moments.

Mrs. J. E. Marsteller returned from Chadron on Saturday, her mother having somewhat recovered.

E. A. Weir writes us that he and his mother expect to arrive in Harrison about the last of this month.

J. H. Newlin was over from Gilchrist Tuesday and called and enrolled himself as a reader of THE JOURNAL.

Judge Barker went to Rushville Monday night. His father has been growing weaker and will not likely last much longer.

Mr. and Mrs. L. Gerlach went to Crawford, on Saturday evening, to consult a physician in regard to their youngest child. They returned Monday.

G. R. Caldwell, of Denver, was in town Saturday representing the Rocky Mountain News, gathering data for a write up of this locality which will appear in that paper in a few days.

W. T. Brown who has resided across the line in Wyoming for some years left with his children for Iowa on Saturday evening with the intention of making his home in that state. He has many friends here who wish him success.

Some Washington lawyers know a good deal about pensions. That is a complicated subject, and a man who is familiar with it has no time to be very expert in anything else. Some other lawyers are well acquainted with patents, but know nothing about pensions. Others know something of the land laws but are innocent of ideas concerning pensions and patents.

The Press Claims Company can handle every class of claims against the government with equal facility. It has at its command a staff of legal specialists so large that it is able to intrust every case to an attorney who is familiar with its peculiar needs. If you are a soldier entitled to a pension, or the widow or dependant relative of such a soldier, if you are an inventor desiring protection for your ideas, if you are a settler anxious to perfect title to your land, if you are a sufferer from Indian depredations; in short, if you have rights of any description requiring the action of any department of the government, your best plan is to write to the Press Claims Company, 618 F. St. N. W., Washington, D. C., and find out what to do. The company charges nothing for information and advice.

### L. E. BELDEN & SON,

Wagon and Carriage Makers.

Repairing done on short notice. Good work and reasonable charges. Shop south of livery barn.

### Literary Note.

The midsummer Cosmopolitan, the first at the new price of 12 1/2 cents per copy, though unchanged in size, excels any other issue of that magazine in the number of its distinguished contributors, in the interest of its contents, and in its overflowing illustrations by famous artists. Francois Coppee, William Dean Howells, Camille Flammarion, Andrew Lang, Frank Dempster Sherman, H. H. Boyson, Charles DeKay, Thomas A. Janvier, Colonel Tillman, Agnes Repplier and Gilbert Parker are a few of the names which appear on its title page. Three frontispieces, all by famous artists, furnish an unusual feature, and among the artists who contribute to the 119 illustrations adorning its pages are Laurens, Reichart, Fenn, Toussaint, Stevens, Saunier, Fittler, Meaulle, and Franzen. The midsummer number is intended to set the pace for the magazine at its new price of 12 1/2 cents a copy, or \$150 a year. The magazine remains unchanged in size and each issue will be an advance upon its predecessors. Literally, every known country is being ransacked for material in the hope of bringing the Cosmopolitan forward as the leading magazine in the world.

## PATENTS

FOR INVENTIONS

PROCURED BY THE

Press Claims Company.

Equal with the interest of those having claims against the Government is that of INVENTORS, who often lose the benefit of valuations because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With a view of protecting inventors from worthless or careless attorneys and of seeing that inventions are well protected by valid patents, THE PRESS CLAIMS COMPANY has retained counsel expert in patent practice and is therefore prepared to

OBTAIN PATENTS, CONDUCT INTERFERENCES, MAKE SPECIAL EXAMINATIONS, PRESENT UNRECORDED CASES, REGISTER TRADE MARKS and COPYRIGHTS, RENDER OPINIONS as to SCOPE and VALIDITY of PATENTS, PROSECUTE and DEFEND INFRINGEMENT SUITS, ETC., ETC.

If you have an invention on hand send THE PRESS CLAIMS COMPANY a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are not necessary unless the invention is of a complicated nature. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.

THE PRESS CLAIMS COMPANY,

WASHINGTON, D. C.  
618 F. Street, northwest. P. O. Box 493.  
JOHN WADDERGURN, managing attorney.
