Mrs. A. R. DEW, Secy. pro tem.

A good deal of hay is still being put up by the farmers. Every one is predicting a hard winter and if that proves to be the case the hay will be needed.

All the diphtheria patients are improving. All three of J. W. Scott's children are sick and he was compelled to close his restaurant in order to give them the needed attention.

On Monday afternoon after 4 o'clock the notice of the appeal in the case involving the license money was served on the school treasurer and the appearance day was set for Tuesday, the day following. As a result the school board had to be to a good deal of trouble and expense to notify an attorney at Chadron, as Mr. Conley is attorney for Mr. Guthrie and there is no other lawyer here. But it matters not how much it costs the taxpayers so long as the little ring of cute people can keep that money. The scheme evidently was to secure a reversal of the decision of the district court by reason of the school board not having time to appear and make a showing, but the prompt action of the board blocked that part of their little game.

Last week Chas. E. Verity, grand dictator of the little ring of cute people, thought he would put something off on the people as being said by Mr. Baumgartner. He said that D. H. Griswold and E. H. Hough were candidates for the office of treasurer. Now we have it on good authority that neither of them aspire to any office. He also said that the editor of this paper desired to go to the state convention. As the editor of this paper has not yet learned the art of holding up a candidate for expenses—as has the six per cent. month shark who fixed up the article in question—we cannot afford to make such a trip. Mr. Verity seems to know all about the plans of all the parties. He is a very wise man and awfully cute, but if he had not had his name as publisher of the Independent appear in the subhead on the patent side of the same issue in which he tried to put such words into the mouth of Baumgartner he would have come nearer getting people to believe them. People had a little confidence in Baumgartner.

On last Saturday Eli Smith returned from the state fair. The Sioux county exhibit missed getting a premium for the lack of three samples of threshed grain. Second premium was taken on native grasses, one exhibitor having had one more variety than was in the Sioux county collection. A great many were making inquiries concerning Sioux county with a view to coming here to locate. The number of county premiums was reduced to six so that the exhibit from here must have compared favorably to have come so near winning a prize. The needed samples of grain could have been easily obtained, but was doubtless overlooked in gathering the stuff. We must profit by the experience and next time be sure that nothing is lacking. It is expected that the exhibit will be the means of bringing many new people to Sioux county.

Important Notice.

THE JOURNAL has entered upon its sixth year. In the five years it has been published a great many accounts have accumulated on its books, each one small in itself but amounting to hundreds of dollars in the aggregate. It is desired to call the attention of all who are indebted to us to the fact that we need money. A few dollars from each one who is indebted to us would enable us to meet our bills and make improvements as occasion demands and we trust that all who know themselves indebted to us will respond promptly to our request. Respectfully,
THE PUBLISHER.

PERSONAL.

Samuel Jenkins spent Sunday at Crawford.

J. H. Cook started last evening for Chicago to see more of the worlds fair.

John I. Davis left Saturday evening for Alliance. His family will remain here.

L. E. Lawrence was up from the east part of the county the first of the week.

Judge Barker returned Friday from a visit to Chicago and his former home in Wisconsin.

William Bradley, of Rawhide, Wyo., was doing business in Harrison the first of the week.

Presiding Elder Julian was up from Chadron Monday and spent the day with Rev. Glasner.

J. G. Morris started Tuesday for Bakersfield, Cal., where he expects to remain for a year.

Mr. and Mrs. E. F. Pontius and Mr. and Mrs. W. B. Wright started last Saturday evening for the worlds fair.

M. Smiley and family are expected home today from their visit to the eastern part of the state.

The Morrill boys after an enjoyable time at Agate Springs, left for their home at Lincoln last evening.

Charles Newman received word of the illness of his parents and started last evening for Chicago on Wednesday.

Peter Schaefer expects to start for Seward tomorrow evening. His son will remain here and he will return with his family about December.

Commissioner Johnson and W. A. Bigelow left for the east Saturday evening and will see the big show at Chicago before they return.

V. A. Hester is wearing his head in a sling as the result of a horse having fallen with him on Tuesday. He lay unconscious for some time after the accident and had considerable difficulty in getting home as he was pretty badly used up. It will take him some time to recover.

J. F. Post was in Harrison Tuesday circulation a petition to have the land office at Crawford. It there is to be but one office for the territory which now comprises the Chadron and Alliance districts the most convenient place for the people to reach would be Crawford, as it is the railroad junction. It certainly would be the most convenient for the people of Sioux county and as a consequence people here would like to see Crawford win.

The sickness among the children in this locality became so prevalent that it was decided by the school board to close school this week, and most people have been keeping their children pretty close to home and taking precautions to prevent the disease from spreading. It has been the worst in the families of J. W. Scott, G. E. Lunsford and the editor of THE JOURNAL, although cases have occurred in a number of other families. Dr. Phinney has demonstrated that he knows what he is about and the people are congratulating themselves on the fact that he came here before the sickness began.

D. M. Sutton has applied for a patent on a contrivance which he has invented for trimming horses' hoofs. He says it is a simple, durable tool which can be manufactured cheaply and we hope he will make some money out of his invention.

A pound party was given to Rev. and Mrs. Glasner at the church on last Saturday. The attendance was not large, owing to the sickness among the children. Mr. and Mrs. Glasner expect to start Saturday for Alliance where the annual conference will be held next week.

STRAYED.—From my place near Gilchrist, two sorrel horses, weight about 1,200 pounds and one buckskin, weight about 1,000 pounds, all branded circle arrow, and AM connected, on left shoulder. Information leading to their recovery will be suitably rewarded.

A. W. MORR, Gilchrist, Neb.

The attempt of the managers of the little ring of cute people to lead people to believe that Judge Barker is their kind of people will do them no good. Judge Barker has never participated in nor countenanced any of their cute tricks. He is a republican and a man of honor, both in business and politics, which is more than can be truthfully said of the little ring that is trying to claim him.

A train of twenty cars was loaded with cattle belonging to Sioux county people, on last Saturday afternoon but they were loaded at Van Tassel and Andrews for the reason that there is no water at the stock yards at this place. The shippers were Coffee, Cook, Bigelow, Bourrette, Hester, Lewis and Johnson.

On Monday A. L. Baumgartner arrived from the east and remained until Tuesday evening when he shook the dust of Harrison from his feet and departed for his home in South Dakota, having disposed of his interest in the Independent. It is not known just who furnished the cash, but it is reported that Banker Verity, when not engaged in loaning money to the homesteaders at six per cent. a month, will run the pop organ and send out sample copies to tell the dear people what a fight there is between labor and capital and how he sympathizes with the poor, oppressed farmers and laborers and he loves to help them—at six per cent. a month—and how they must vote as he tells them to if they ever hope to see any better times. It seems that even after the outfit had bought him it could not get Baumgartner to do enough dirty work to suit them and they have been forced to buy the plant and will do their own dirty work. It is supposed that the name of the paper will be changed to "The Third Termers' Advocate," as that would be much more appropriate than that by which the paper has been known in the past.

Notice.

Notice is hereby given to all persons who have been using the waters of Hat creek and its tributaries for the purpose of irrigation, and those who have contemplated using the same, are requested to meet in Harrison, Sept. 27, 1893, to discuss and devise as to the proper course to pursue in the injunction suit now pending in the district court of Sioux county, Nebr., wherein J. C. Meng is plaintiff, and Charles F. Coffee, B. E. Brewster and others are defendants. E. J. WILCOX.

PATENTS

FOR INVENTIONS

PROCURED BY THE

Press Claims Company.

Equal with the interest of those having claims against the Government is that of INVENTORS, who often lose the benefit of valuations because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With a view of protecting inventors from worthless or careless attorneys and of seeing that inventions are well protected by valid patents, THE PRESS CLAIMS COMPANY has retained counsel expert in patent practice and is therefore prepared to OBTAIN PATENTS, CONDUCT INTERFERENCES, MAKE SPECIAL EXAMINATIONS, PRESECUTE REJECTED CASES, REGISTER TRADE-MARKS and COPYRIGHTS, RENDER OPINIONS as to SCOPE and VALIDITY of PATENTS, PROSECUTE and DEFEND INFRINGEMENT SUITS, ETC., ETC.

If you have an invention on hand send THE PRESS CLAIMS COMPANY a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are not necessary unless the invention is of a complicated nature. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.

THE PRESS CLAIMS COMPANY,

WASHINGTON, D. C.
