SIMMONS & SMILEY.

—The building occupied by Marsteller Bros. is receiving a new "side" this week. Messrs. Wertand Greenlee are doing the work.

—THE JOURNAL goes to its readers this week enlarged and improved, and we trust our patrons will appreciate the change.

—A new arrival, a bouncing baby girl arrived at the home of Chris Christenson of Andrews. All concerned doing nicely except Chris and he is mourning because it is not a boy.

—There will be services at the M. E. church next Sunday, both morning and evening. Prayer meeting every Thursday evening. Every body cordially cordially invited to attend.

—The editor of the Independent went west Saturday morning and the editor of THE JOURNAL went east Saturday evening. The devils hold the fort at both newspaper shops and if the papers are better than usual this week just give the devils their dues.

—There was no school on Thursday as an odd day was taught while the diphtheria was quite bad, and teachers and pupils had an opportunity to get a square meal at the court house that day and such things are not to be allowed to go by without being taken advantage of.

—Dr. J. S. Romine, dentist, of Chadron, Neb., will personally visit Harrison, professionally, in the near future, and notice of the exact date will be given later. He will have with him every pain and labor device known to the profession. Dr. Romine is well known to many of our people and has done work for some of them so that his ability is established.

—Commissioner Weber brought up a lot of what is known as the "brown corn" millet seed last week when he came up to attend the meeting of the board. This is said to be the best kind of millet for forage that has been tried in this part of the country, and a number ordered seed from Mr. Weber to sow next season. It has been raised to some extent for several years by some of the farmers on White river and has proven very satisfactory. If what is down in this locality next season does well it will, no doubt, be raised quite extensively in the future.

THE RATIFICATION.

A Good Attendance, a Good Dinner, a Good Dance, and a Good Time Generally.

Last Thursday was the date decided on for holding the ratification dinner and ball in commemoration of the victory of the Citizen's ticket at the polls on Nov. 7th. For some time the work of preparation had been going on and when Thursday arrived the details were as near completed as could be. The day was the coldest of the season and stormy weather was threatened and those conditions deterred many from attending. As it was dinner was served at the court house from 1 o'clock till 5 and about two hundred people were fed. The dinner was a success in every respect and many were the compliments paid to it by those who partook of it. The program of speeches had to be abandoned as it was impossible to accommodate those who came there to dinner and carry out a program.

The dance in the evening was well attended and over one hundred were served with supper at Scott's restaurant, so that part of the arrangement cannot be said to be a failure. The music was furnished by Messrs. Cunningham, Bartlett and Dew and was of the same good quality always furnished by them, so that all were satisfied on that score.

The attendance was not nearly so large either at the dinner or ball as it would have been had the weather been less severe, for few were present from any great distance from town and a great many had expressed their intention of being present who failed to put in an appearance.

A special invitation was sent to each of the defeated candidates, but it seemed that none of them are in a very good humor for not one of them accepted the courtesy extended, and their ill-natured act simply shows they are mad because the people did as they pleased and refused to continue or put them in office, but it did not spite any one but themselves.

Taken as a whole the entire affair was a success and all who attended enjoyed themselves to a high degree. Those who were interested in the affair desire us to express their thanks to the ladies who assisted in preparing and serving the dinner for they realize that without such assistance it would have been impossible to have cared for all who came to partake of the hospitality offered.

DIED.

KENDALL—On Tuesday morning, November 27, 1893, Taylor Elliott, only son of Rev. and Mrs. J. W. Kendall, aged 8 years, 8 months and 17 days.

So again has the grim Reaper visited us and removed from among us, by the aid of that dreadful disease, diphtheria, an other young life that was most dearly loved by all. The little fellow was first taken ill a week ago last Monday, but the true disease was not recognized until several days later. All that could be done by human hands was done by loving parents and tender friends, but all to no purpose, he gradually growing worse until Tuesday morning when the spirit took flight, with seemingly much suffering to the little body. Taylor was conscious up to the last moment, but being unable to speak made known his wants by means of signs and gestures. He fully realized that he was soon to pass to his last beautiful Home and talked freely of things which most interested his parents. The funeral services were held from the house on Wednesday at 11 o'clock, conducted by Rev. A. B. Julian, of Chadron, presiding elder. The community join in extending sincere sympathy to the mourning family.

There is no death! An angel form walks o'er the earth with silent tread; He bears our best loved things away, and then we call them "dead."

RICKARD—Charlie, aged 11 years, son of Mr. and Mrs. Rickard, living near Bodarc, on Friday morning, Nov. 24.

Again has that dread disease diphtheria chosen another bright little boy as its victim and the many friends unite in extending sympathy to the bereaved family.

—Mrs. E. E. Livermore received the sad intelligence of the death of her dear old grandmother this week.

—We are glad to see that Miss Claudia Hester is able to be out, among her many friends, again.

—Miss Minnie Smith gave a "sheet and pillow case party," Thanksgiving night in honor of her friends, Mr. Tom Poole and sister Miss Addie of Marsland. Eight couples were in attendance as "ghosts" and all seemed to have a very pleasant time.

—"Smoke on 'Shorty's' boy!" was an expression heard often Monday, occasioned by the arrival of a bouncing baby boy at the home of Mr. and Mrs. D. H. Griswold just after breakfast on the day mentioned. All parties are progressing nicely, but there is a suspicion that Commercial bank stock will be at a premium hereafter.

—Peter Schaefer is loading two cars with his farm utensils, stock and household goods, and expects to start for Harrison next Monday over the Elkhorn R. R. Mr. Schaefer has an abiding faith in Sioux county. He has visited there several times, and was so well pleased that he bought a quantity of land, and intends to make his home there. —Surrey

MARRIED.

HALL—RICKARD, Thursday, Nov. 23, 1893, at the residence of the bride's parents, near Bodarc, Sioux county, Mr. Francis M. Hall to Miss Sarah Rickard, Rev. J. W. Kendall officiating.

This happy event was witnessed only by the relatives and a few of the more intimate friends of the bride and groom, but at a reception given by the parents of the groom, Mr. and Mrs. S. W. Hall, in the evening at their home a large number of friends gave honor to the event. Both these young people are well known to us and universally esteemed. The bride is the daughter of Mr. Louis Rickard, one of the first settlers in the county, and the groom is also a pioneer, having settled here in the spring of 1887, and has now a comfortable little home, into which the young couple are now cozily settled. THE JOURNAL joins with their many friends in extending congratulations and wishing them a happy and prosperous life.

PATENTS

FOR INVENTIONS

PROCURED BY THE

Press Claims Company.

Equal with the interest of those having claims against the Government is that of INVENTORS, who often lose the benefit of valuations because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With a view of protecting inventors from worthless or careless attorneys and of seeing that inventions are well protected by valid patents, THE PRESS CLAIMS COMPANY has retained counsel expert in patent practice and is therefore prepared to

OBTAIN PATENTS, CONDUCT INTERFERENCES, MAKE SPECIAL EXAMINATIONS, PROSECUTE REJECTED CASES, REGISTER TRADE-MARKS and COPYRIGHTS, RENDER OPINIONS as to SCOPE and VALIDITY of PATENTS, PROSECUTE and DEFEND INFRINGEMENT SUITS, ETC., ETC.

If you have an invention on hand send THE PRESS CLAIMS COMPANY a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are not necessary unless the invention is of a complicated nature. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.
