The Ladies' Aid Society will give an oyster supper at the hall on Friday evening, January 29th. All are invited to attend and participate.

A. R. Kennedy was up from Crawford the first of the week and leased his farm and stock to P. N. Kirkpatrick. This makes it so that Mr. Kirkpatrick can have some crops growing while he is improving his homestead.
County Judge Wilson has taken up the study of law with a view to being admitted to the bar some time in the near future. He says he must have something to occupy his time and thinks that a good way.
Mrs. MacLachlan, mother of H. W. MacLachlan, who was formerly in business here, received word last week that her grandson had got both legs broken below the knees. She has gone to Chicago to help care for the sufferer.
The cemetery association completed the work of organization at the adjourned meeting on Tuesday. As soon as possible grounds will be secured and properly laid out and all the details arranged.
Jarvis Richards was here the first of the week superintending the hauling of hay at the 33 ranch. It is the intention to bale something over two hundred tons and bring it to Harrison ready to ship to points where a market is found.
C. W. Croudon leaves this evening with his car for Illinois, his family having gone last evening. Sheriff Dew is moving to the Croudon place and Supt. Davis and his mother will occupy the house vacated by Dew.
The installation of new officers of Crawford Post, G. A. R., will occur on Saturday, Jan. 27th. A free dinner will be served to all old soldiers and their families and an urgent request is made that all such who can will be in attendance.
F. M. Smith was up from Five Points yesterday and called to chat for a few moments. He says he is rather lonesome as Mrs. Smith is spending her time at Chadron, Hay Springs and Rushville teaching classes in painting.
V. A. Hester entertained a number of his bachelor friends at dinner at the home of his parents on last Sunday. The party consisted of County Clerk Blawett, County Superintendent Davis, W. B. Marsteller, W. E. Pontius, Harry Churchill, Bert Earnest and Henry Wertz.

PERSONAL.

J. H. Cook was up from Agate Springs Thursday and called at this office.
Octave Harris was up from the south last Tuesday and called to see us.
James Slattery called last Thursday and gave us some cash on subscription.
W. D. Lafferty called yesterday and gave us some cash on subscription.
V. A. Hester made a trip to Whistle creek the first of the week.
A. T. Hogson, of Andrews, is transacting business in Harrison today.
Ex-Commissioner Knott drove up from Gilchrist this morning.
Ex-Supt. Southworth is doing business at the county seat today.
C. J. Grable, of the State Bank of Crawford, was doing business in Harrison Monday and called at this office.

Misses Montgomery and Zeigler who have been engaged in dress-making here for about a year left last evening for Perry, Okl., where they expect to reside. This leaves a good opening for some one to come here and open a dress-making establishment.
Attorney Alvin T. Clark was up from Chadron again the last of the week on legal business and called at this office. He expects to become a resident of Harrison within a very short time. He is anxious to get here by the first of next month if he can complete some business he has under way.
A letter was received a few days ago from E. L. Galpin, who formerly lived here, stated that since he returned to Iowa he has been engaged in driving trotting and pacing horses on the track. He says that if there was a track at Harrison he would like to be here to get out of Iowa mud.
The ladies met at the home of Mrs. Sarah Davis on last Friday and reorganized the Aid Society by the election of the following officers: Mrs. F. A. Castle, president; Mrs. T. O. Williams, vice-president; Miss Louie Hester, secretary; Miss Wanda Pontius, assistant secretary; Mrs. D. H. Griswold, treasurer.
In another column of this issue appears an advertisement of the Crawford Mercantile Company. A great many Sioux county people live so that it is more convenient for them to go to that place than to any other and the above firm desires to let all such know that it will be to their advantage to call at that store to buy goods.
The revival meetings at the M. E. church were closed on Tuesday evening. Rev. Kendall has a credit of eighteen accessions to the membership of his church since the meetings were commenced, which is certainly a very good showing. The entire series of meetings was free from the excitement which is so often noticeable at such times.
S. Barker, now that he is out of office, intends to devote his time to civil engineering. He has had a good deal of experience in that kind of work and it is much to his liking. He is already negotiating with parties engaged in extensive ditch work to take charge of their engineering. At present he is doing some work for Octave Harris on Running Water.
Ex-Treasurer Gayhart came up from Montrose the first of the week and turned the balance of the county funds over to Treasurer Woodruff. The state funds, amounting to about \$3,500 are still held by Mr. Gayhart and will be taken by him to Lincoln in a week or so when he will settle with the state treasurer. He deferred his trip to Lincoln a few days as his son, John, is expected to arrive home tomorrow for a visit, after an absence of four years.
Dr. J. E. Hartwell was up from Crawford on Saturday to learn something of this place and the people and country around it. A number of his relatives and friends contemplate coming west in the near future to secure homes and he is looking to see what he can find for them. He was well pleased with the result of his visit and it is more than likely that it will be the means of getting a number of new settlers for this locality.

A Card.

TO THE PUBLIC:—As the volume of business in the office of county treasurer is not sufficient to warrant my presence at the court house at all times, I therefore set aside Wednesday of each week for the transaction of public business, and those having business before the superintendent should, as far as possible, make it convenient to present it on those days. The third Saturday in each month, as provided by statutes, will also be devoted to such business.
W. H. DAVIS,
Co. Supt.

A Camp of Woodmen of the World was organized at THE JOURNAL office on last Saturday with sixteen charter members. The camp was instituted by Deputy Julian E. Phinney under the name of Harrison Camp and the following officers were elected: E. F. Pontius, consul commander; V. A. Hester, advisory lieutenant; F. A. Castle, clerk; D. H. Griswold, banker; J. W. Scott, escort; C. W. Greenlee, watchman; J. C. Ambrose, sentry; J. W. Robinson, E. E. Smiley and Sol Wilson, managers. A number of others are ready to go in at the next meeting which will be held at the court house on Saturday evening, Jan. 29th, at 8 o'clock, p. m. The camp starts out in good shape and the indications are that a good many will take advantage of the opportunity to get some insurance on the favorable terms offered by the organization.

PATENTS

FOR INVENTIONS
Press Claims Company.

Equal with the interest of those having claims against the Government is that of INVENTORS, who often lose the benefit of valuations because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With a view of protecting inventors from worthless or careless attorneys and of seeing that inventions are well protected by valid patents, THE PRESS CLAIMS COMPANY has retained counsel expert in patent practice and is therefore prepared to OBTAIN PATENTS, CONDUCT INTERFERENCES, MAKE SPECIAL EXAMINATIONS, PRESERVE REJECTED CASES, REGISTER TRADE MARKS and COPYRIGHTS, RENDER OPINIONS as to SCOPE and VALIDITY of PATENTS, PROSECUTE and DEFEND INFRINGEMENT SUITS, ETC., ETC.

If you have an invention on hand send THE PRESS CLAIMS COMPANY a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are not necessary unless the invention is of a complicated nature. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.
