F. E. & M. V R. R. Time table. Going West. So. 5, mixed,...... 11:15 | No. 6, mixed...... 6:25

-Read in this paper how to get fifty world's fair views free.

-All kinds of wood work done at Priddy's blacksmith shop, opposite THE JOURNAL office.

-An I. O. G. T. lodge was organized last Friday night by Miss Anna Saonders, grand chief templar, with about twenty-two charter members.

-The supplies for the Woodmen camp have arrived and the first meeting will be held on Saturday evening. February 17th. All who are ready to be initiated should be present. -A Senior Epworth League was or-

ganized at the church last Sunday night but we were unable to secure a list of the officers and committees of the organization. They will meet at the church Sunday evening at 6:30 o'clock.

-The ladies aid society will give a "box social" Friday evening Feb. 16. A box containing lunch for two and the ladies name who will be your partner for supper, will be sold for 25 cents. Come out and have a good time.

The ladies aid society met with Mrs. J. E. Phinney last Wednesday afternoon and a very pleasant as well as a profitable afternoon was spent. The next regular meeting will be with Mrs. L. J. Bimmons Wednesday, February 21st.

-Fine spring suits and overcoats made to order from \$25.00 to \$40.00. PERFECT FITS GUARANTEED. Also cleaning and repairing done in firstclass order.

J. CERNY, Merchant Tailor.

Crawford, Neb. -Rev. Edward D. Irvine, the Episcopal missionary of the Chadron district. will visit Harrison, the last Wednesday in February, the 28th inst., and hold services at the church at 7:30 o'clock. All are cordially invited to attend.

-Alvin T. Clark came up from Chadron on Monday and has entered the law practice here. He is now to be found at the Commercial Bank until he can get an office fixed up. He has had experi ence in the courts of Illinois and Nebraska and people who need the services of a lawyer will do well to consult nim.

-The hearing in the commissioner contest last Monday did not amount to anything. Mr. Prieshoff's attorney, Mr. Conley, tried to get the case thrown out on technicalities and failing in that got a continuance until the 23d inst. to prefare his answer. It simply shows that the tactics will be to keep the case hanging as long as possible.

-A man by the name of James Gadsden, formerly a resident of Schuyler, Neb., will be here next Tuesday to exhibit samples of the products of Alberta. British Columbia. It is likely that some of those who have no use for Sioux county since being sat down upon are contemplating going there to locate, as that province is said to be on a boom.

-The girls do not propose to be outdone by the boys so they have organized an "old maids" club and were pleasantly entertained at tea on Saturday evening by Mrs. J. E. Marsteller. Misses Lizzie Gerlach, Wanda and Myrtle Pontius. Louie and Claudia Hester, Lillie Henry, Maggie Lindeman, Ida Swartz, Minne Smith and Netta Marsteller were the maids present. The bachelars came later and a very enjoyable evening was spent.

-The farmers who bring feed with them for their teams when they come to League are requested to meet at the town complain that the town cows steal a good share of it from the horses and want to know if there is not on ordinance to protect them. There is such a law and it should be enforced at this season of the year. It may be a little inconvenient for the owners of the cows but it is no more than justice to the far-

- Saloon-keeper Richstein received through the mails on Wednesday a letter intimating that if he did not change his course and do certain thingr he would have to suffer. Some consider it a joke, but if the guilty party is discovered it may not be very funny for him. The letter was signed "White Caps" and The letter was signed "White Caps" and again being discussed by the people of this locality. The drift of the talk now any one does not want Richstein to vious to drganize a stock company and purlate the law and go unpunished there is a way to get at it without resorting to white cap work. It is about time to consider that this is a civilized country and the law should be respected and obeyed by all.

The work of getting figures and prices for the creamery is progressing nicely and the prospects are that it will cost less than was expected. From Cost less than was expected. From Cost less than was expected. From Cost less than was expected. -The work of getting figures and what has been gathered so far there is no question but what enough stock can be placed so that the company can be organized. The farmers, who are the ones to be most benefited by the institution, are getting interested in the matter and many inquiries are made as to the progress of the work. It has been suggested that when the organization is made that the top has mostly disappeared and some of the ornaments which were in the vicinity of the tower have blown down and the pluidding begins to look rather shabby. It would be good economy to have such things fixed up before gone beyond repair and it can be done now with little expense. There the top has mostly disappeared and some of the ornaments which were in the vicinity of the tower have blown down and the pluidding begins to look rather shabby. It would be good economy to have such things fixed up before gone beyond repair and it can be done now with little expense. There are not or the organization of the tower have blown down and the pluidding begins to look rather shabby. It would be good economy to have such though the following with said swit, and swit, and

and other citizens of Sioux county who

C. J. Grable, M. J. Blewett and Clark Olds were appointed a committee on constitution and by-laws.

A general discussion of the subject of sented Five Points at the county seat on irrigation followed and was participated in by a good number. Judge Barker was called out and by his knowledge and experience as a civil engineer be was able to give a great deal of valuable information on the subject. The general sentiment seemed to be that every effort should be made to get a law that will allow the use of all the water for irrigation that is not needed for domestic use and at the same time protect the rights of all settlers along the streams; to work for a state appropriation for test artesian wells, and also for interstate legislation and appropriations by congress, and if the proper interest is taken there is no doubt but what good can be accomplished.

> After the constitution was adopted the following officers were elected:

President, L. J. Simmons. Secretary, A. E. Sheldon. Treasurer, C. J. Grable.

County vice-presidents: M. J. Blewett, of Sioux, B. H. McGrew, of Dawes,

A. Sherwood, of Box Butte, H. F. Wasmund, of Sheridan, The convention then adjourned to L. E. BELDEN & SON,

meet at Crawford on March 6, 1894, when officers will be elected for the ensuing year and all necessary steps taken to carry on the work.

County Clerk Blewett, as vice-president for Sioux county, will call a meet- HARRISON, ing of the people in the near future that they may express their views on the subject so that a proper report may be made at the next meeting of the district | Fashionable Barber & Hair Dresser association and it is urged that every Report of the Grammar department of one who can will attend and take part in the work.

HARRISON PATENTS

FOR INVENTIONS

> PROCURED BY THE Press Claims Company.

Equal with the interest of those having claims against the Government in that of INVENTORS, who often lose the benefit of valuations because of the incompentency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With a view of protecting inventors from worthless or careless atttorneys and of seeing that inventions are well protected by valid patents, THE PRESS CLAIMS COMPANY has retained counsel expert in patent practice and is therefore prepared to

OBTAIN PATENTS, CONDUCT INTERFERENCES, MAKE SPECIAL EXAMINATIONS, PRESECUTE REJECTED CASES, REGISTER TRADE-MARKS and COPYTIGHTS, RENDER OPINIONS as to SCOPE and VALIDITY of PATENTS, PROSECUTE and DEFEND INFRINGEMENT SUITS,

ETC., ETC. If you have an invention on hand send THE PRESS CLAIMS COMPANY sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are not necessary unless the invention is of a complicated nature. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.

THE PRESS CLAIMS COMPANY, 618 F street, northwest WASHINGTON, D. C. JCH : WEDDERBURN, managing attorney. P. O. Box 463.
