-Should the board of county commissioners decide to fix up some of the little things which have been neglected during past years on account of paying off the indebtedness of the county, it might be well to have a walk laid along the lots belonging to the county to the front door of the court house. Some years ago the village authorities had a walk constructed by the lot owners to the edge of the street adjoining the county property and it would be no more than right should the walk be completed to the court house. It would cost but little and would be a great improvement.

-In another column appears a call for the people of Sioux county to meet in mass convention to discuss the question of irrigation and what can be done to advance the interests of the county and northwest Nebraska by the use of the water and to make efforts to get a greater supply of water than is now at the command of the people. This meeting should be attended by all who can arrange to be present. It is not alone for those who live along the streams. for the theory of artesian wells will repeive a good deal of attention, so that those living on the table lands should take as much interest in the meeting as any one. Those who desire water for domestic purposes should attend as well as those who want to use the water on the land for an effort should be made to obtain a law which will be fair and just to all and therefore all classes should be on hand to look after their own intereats. The meeting will be one of the most important ever held in Sionx county and a large number will, in all probability, participate.

County Irrigation Convention.

The people of Sioux county are hereby invited to attend a mass meeting to be held at the court house at Harrison, on L. J. Simmons. Editor and Proprietor. Saturday, February 24, 1894, at 1 o'clock, p. a.., for the purpose of organizing a county irrigation association to work in conjunction with the Northwest discuss and devise ways and means to secure the legislation needed to advance and protect the interests of all in the use of the water of the streams both for irrigation and domestic purposes, and also to obtain appropriations for sinking experimental wells for artesian water and storage reservoirs. All are urged to M. J. BLEWETT,

Vice-president for Sioux county of Northwest Mebr. Irrigation Association.

-The board of county commissioners is called to meet on next Tuesday, February 50th, for the transaction of ordipary county business, and any person having business before the board should

be on hand. -Rev. Edward D. Irvine, the Episcoal missionary of the Chadron district, will visit flacrison, the last Wednesday in February, the 28th inst., and hold services at the church at 7:30 o'clock. All

are cordially invited to attend. -J. G. Morris writes that he will return from California some time in the latter part of March. It is not known where he will locate or what he will engage in, but it is hoped that he will

decide to remain in this locality. -Yesterday was St. Valentine's day and all connected with this office were emembered by their friends (3) and were made the recipients of numerous mirthprovoking valentines. The sending of illeged comic valentines is said to afford deasure to weak-minded individuals and t certainly does the recipients no harm.

-The investigations into the creamery matter has progressed far enough so that it is known that a company with capital stock of \$2,000 would be able to build and equip a creamery as good is is needed to handle all the cream that can be got the first year and the building can be made so as to accommodate more machinery when needed. Some even think that \$1,500 would be enough to start with. Many of the farmers express a willingness to take as much stock as their circumstances will permit, but it will be necessary to make the shares small to enable the farmers to take stock. The more of those who sell oream become stock-owners, even in small amounts, the better it will be. If the farmers control it there will be less dissatisfaction than other-

-A "Goose Party" was given to the old maids club by Mrs. I. J. Simmons on Wednesday evening. There were present Misses Wanda and Myrtle Pontius, Louie and Claudia Hester, Lillie Henry, Lozzie Gerlach, Netta Marsteller and Minne Smith. FOR INVENTIONS

PROCURED BY THE

Press Claims Company.

Equal with the interest of those laving claims against the Government is that of INVENTORS, who often less the benefit of valuations because of the incompentency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors. to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With a view of protecting inventors from worthless or careless atttorneys and of seeing that inventions are well protected by valid patents, THE PRESS LAIMS COMPANY has retained counsel expert in patent practice and is there-

ORTAIN PATENTS, CONDUCT INTERFERENCES, MAKE SPECIAL EXAMINATIONS, PRESECUTE REJECTED CASES, REGISTER TRADE MARKS and COPYTIGHTS, RENDER OPINIONS AS to SCOPE and VALIDITY of PATENTS,

PROSECUTE and DEFEND INFRINGEMENT SUITS, ETC. ETC. If ou have an invention on hand send THE PRESS CLAIMS COMPANY a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are not necessary unless the invention is of a complicated nature. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.
