| Wood—per cord | 3.50 |
| Lumber—native—per m. ft. | 10.00 |

Remember that THE JOURNAL office is headquarters for job printing.

THE JOURNAL and the Irrigation Age, both one year for \$2.50 cash in advance.

If you want to sell your land, list it with Simmons & Smiley, real estate agents.

Paper napkins for sale at THE JOURNAL office.

If you want to learn about irrigation subscribe for the Irrigation Age. Subscriptions taken at this office.

The Ladies' Aid Society met yesterday afternoon with Mrs. George Olinger.

Sheriff Dew expects to remove his flock of sheep to the vicinity of his claim in Warbonnet precinct.

For reliable, first class dental work of any kind, go to T. J. Gibson, Crawford, Nebraska.

Mrs. Helling will be in Harrison, with a stock of Millinery May 1st. And will stay one week.

FOR SALE.—A first-class sewing machine, new. Inquire at THE JOURNAL office.

Samuel Jenkins, practical boot and shoe maker. Cowboy boots a specialty. Repairing promptly and neatly done. Satisfaction guaranteed. Shop second door south court house.

STRAYED—From the residence of the undersigned, near Glen, two dark bay mares, three years old, weight about 1,200 pounds, each, branded colt's foot. A liberal reward will be paid for information leading to their recovery.

JAMES T. MASON, Glen, Neb.

On Sunday April 29, Rev. R. J. Devenport, pastor of the Methodist church at Douglas, Wyo., will preach at Bodare at 11 a. m., and at Harrison at 7 p. m. The people of Bodare will please take notice of the change of the hour for that day. The regular hour will be observed thereafter. No services in Harrison in the morning.

W. S. Johnson was up from Glen on Monday and informed us that they would begin to make chise next week. They expect a much greater output this year than any previous year.

J. M. Smiley is moving to his home-stand east of town. As it is about ten miles from town Jim says he will not come in after supper to get his mail during the busy season.

Geo. Olinger has arranged to run the town herd and will put a competent person in charge so that those who entrust their cows to him can be sure that they will be properly cared for.

Two games of base ball have been played during the past week between the married men and single men and the latter have been defeated in both. The games afford a great deal of amusement.

The farmers report that the ground is in excellent condition and that the early grain is coming on nicely. All are looking forward to a good crop this season and if their hopes are realized a great many new people will come to Sioux county.

It is reported that five hundred men will begin work on the extension of the B. & M. railroad from Sheridan, Wyo., on the first of May. That will afford an opportunity for a good many to work who would rather help build railroads than to join Corsey's cranks.

STRAYED.—From the undersigned, 1 red cow, 4 years old, white spot in forehead, dehorned; 1 dark-brindle half-blood Jersey heifer, 2 years old, heavy with calf. Liberal reward for information leading to their recovery.

E. E. SMILEY,
Harrison, Neb.

We have not been sending out statements to those who come to this place frequently, but all such who have accounts are requested to call and see how they stand. This is especially urged on those whose accounts came into our possession by the late newspaper deal.

One of the most interesting entertainments that has been given in this place for some time was that by the Junior League at the church last Friday evening. Much credit is due to Mrs. Phinney, the president of the organization, who was the manager of the program. The only criticism we wish to make is to say that the program was most too long.

TAKE NOTICE.

All persons indebted to THE JOURNAL on any account and all indebted for subscription to the Independent are urged to call and settle at an early date. We desire to have a settlement with every one on our books and want to raise funds with which to meet our bills. If you cannot pay cash, notes on which we can get money will be acceptable. Do not delay this matter as it deserves your immediate attention.

All kinds of wood work done at Priddy's blacksmith shop, opposite THE JOURNAL office.

Take out a policy in the Preferred Mutual Accident Association. It is cheap and reliable. L. J. SIMMONS, Agent.

Remember that THE JOURNAL clubs with almost any publication in the United States and can save you money on your reading matter for the ensuing year.

Rev. Julian, presiding elder of this district, will preach at the M. E. church on Sunday evening, May 6th.

The new village board met on last Thursday evening and organized by the election of D. H. Griswold as chairman. V. A. Hester was appointed treasurer and L. J. Simmons, clerk.

District court will convene on next Tuesday and it is not likely that it will last more than a couple of days. The farmers who are called here as jurors or witnesses will be glad if it is arranged so that their stay may be short for all have plenty of work to do at home at this season. There will be no cases of special interest to the public and it is doubtful if a single case will come before a jury.

Bishop Graves and Rev. Irvine of the Episcopal church will be in Harrison on Friday, May 11th, and will hold services at the church in the evening. The Bishop is a pleasing and instructive speaker and all who hear him will be well repaid.

As house cleaning has been the order this week County Clerk Blewett decided to keep up with the procession so on yesterday he took off his coat and went to work and made a great change in the appearance of his office by the application of water and elbow grease.

A lawsuit is booked for today before Justice Smuck. It seems that Henry Wertz bought a horse of Ed Blunt and when he went to get the animal which was in the possession of Ed Smith that individual claimed to own it and refused to give it up. Wertz thereupon replevined the horse and the trial today will be for the ownership. A. T. Clark is attorney for Wertz and G. Guthrie will look after the interests of Smith.

The Gitchell Comedy Company will appear at the hall in Harrison on tomorrow, Friday, evening. The papers down the road where the company has played say that they give a good entertainment and it is so seldom that a show of any kind comes that it is safe to say that all who can will attend. The company does not pretend to give anything heavy, but has a number of specialties which go to make an interesting entertainment.

The walk along the county property is completed and the repairs on the court house are being made so that it will be considerably improved by the time court convenes. It was hoped that the comfort and convenience of the judge would be added to by the removal of the "pulpit" and the substitution of a plain low platform and a table, but the county board did not see fit to provide for it. The village authorities do not see their way clear to put in the crossing just at this time but it will likely be done in the near future.

Constable Russell was up from Andrews the last of the week consulting County Attorney Conley in regard to the White river seining episode mentioned in THE JOURNAL last week. The parties agreed to appear at the office of Justice Kastor the first of the week for a hearing, but they failed to keep their promise, evidently thinking that the matter would be dropped. In this they were mistaken for the people all along the river, and in fact all over the county, who want the law complied with and the fish with which the streams have been stocked allowed to grow, are watching the matter with interest, and more than that lawabiding people of Dawes county have sent assurance of their aid and support in the prosecution of the vandals. We did not learn the names of any of the parties but are informed that they will be well looked after by the county attorney and it is quite likely that if necessary the state fish commission will take a hand in the matter. The case is an important one, for if it is dropped it will be saying practically that all may seize as much as they please and destroy all the young fish stocked and that the work of the fish commission which is paid for by the state shall be of no consequence. Every one who desires to see that the laws are enforced should lend all the aid and encouragement possible to the officials in the prosecution of the case.

PERSONAL.

E. F. Pontius is expected home from Long Pine today.

Attorney E. W. Daily was up from Crawford yesterday.

Mrs. M. C. Loan was a Harrison visitor the first of the week.

Peter Henry and daughter, Miss Lillian, were in town on Monday.

Mrs. L. DeBock was in Harrison on Friday and made a short call.

H. Brudrige was in Harrison Saturday and called at this think shop.

J. W. Smith became a resident of the county seat the first of the week.

Mrs. Asa Davis and sons arrived from Hot Springs the first of the week.

S. J. Leeling was in town Tuesday and made an agreeable call at this office.

B. E. Brewster arrived last evening to look after his Sioux county interests.

Jacob Forster and John Meckem were in town Saturday making final proof.

John Dout was doing business at Harrison Tuesday and called to see the printer.

Harry Churchill has stopped attending school to prepare to go on the horse round-up.

C. B. Hollingsworth was walking on the side walks at the county seat on Monday.

Rev. J. W. Kendall goes to Manville, Wyo., Saturday to fill the pulpit of Rev. Devenport on the following day.

Mr. and Mrs. B. F. Moore were up from the south part of the county on Saturday and made a pleasant call at this office.

Russell's Little Joke.

Crawford Tribune.

There is some talk of a county seat contest in Sioux county this summer. A proposition will in all probability be submitted for the removal of the county seat from Harrison to Andrews. It is owing to the lack of good water facilities at Harrison that the movement has been sprung.

[As Harrison "went wet" at the recent election the little matter of water cuts no figure.—Ed.]

Old papers for sale at THE JOURNAL office. 5 cents per dozen.

J. W. Scott opened the ice cream season last Monday evening and served it to a large number of the people.

G. W. Stevens received notice the first of the week that one of the horses which he had sent to Edgemont had died.

A number have asked if they can get any gold fish when the fish car comes up. There will be no gold fish to be had before fall and there is no certainty that there will then.

At Casper, Wyo., they are shearing sheep by steam. That will doubtless be fully as humane as was the treatment given the sheep by the professional shearers who formerly did the work.

We are in receipt of a letter from J. G. Morris who is at Jewetta, Cal. He says he and his family made the trip all right and like the place very much. It has been very dry in that state, the southern portion being completely dried out and as a result times are hard.

If looks as if the creamery project would have to be given up for this year as it is getting so late in the season. It would be a good plan for the farmers to begin right now to make their arrangements so as to have one ready to begin operations next spring. The main drawback to the establishment of a plant this season has been the fact that the farmers had no money with which to pay for the stock in the company and the business men were not able to take all the stock. If the matter is taken hold of now and the farmers set themselves about it with the determination of having \$25 or \$50 ready to put into the enterprise during the coming fall or winter it will be comparatively an easy matter to establish the creamery. If the owners of cows want to get more than eight or ten cents a pound for their butter they know they can do it by taking hold of the creamery project and making it a go. It would be better if the farmers would own all the stock and conduct the business themselves for then they would have no one to kick at and charge with not running it in the interest of the farmers. There is no doubt that a creamery here would be a paying institution both to patrons and stockholders if once established and it would pay the farmers better than any other class.

PATENTS
CAVEATS, TRADE MARKS
COPYRIGHTS.

CAN I OBTAIN A PATENT? For a prompt answer and an honest opinion, write to MUNN & CO., who have had nearly fifty years' experience in the patent business. Communications strictly confidential. A Handbook of Information concerning Patents and how to obtain them sent free. Also a catalogue of mechanical and scientific books sent free. Patents taken through Munn & Co. receive special notice in the Scientific American, and thus are brought widely before the public without cost to the inventor. This splendid paper, issued weekly, elegantly illustrated, has by far the largest circulation of any scientific work in the world, \$3 a year. Sample copies sent free. Building Station, monthly, \$2.50 a year. Single copies, 25 cents. A large number of beautiful plates, in colors, and photographs of new houses, with plans, enabling builders to show the latest designs and secure contracts. Address MUNN & CO., NEW YORK, 361 BROADWAY.

Notice to Non-Resident Defendant.

To Sanford H. Thompson, non-resident defendant: You are hereby notified that on the 29th day of March, A. D. 1904, Charles S. Browne filed in the District Court of Sioux County, Nebraska, his petition against you as defendant, the object and prayer of which is, to have an accounting of the amount due upon a principal note of \$200.00, dated May 29th, A. D. 1898, and due 3 years after date with semi-annual interest thereon at the rate of 7 per centum per annum, executed and delivered by you to the Western Farm Mortgage Company, which said payments of interest were further evidenced by ten coupon notes attached to said principal note, of even date therewith, each for the sum of \$10.00 and maturing on the first day of June and December in each year which said promissory notes have been endorsed and delivered to this plaintiff; to foreclose the mortgage deed given to secure the payment of said notes, upon the northwest quarter of section twenty-two (22) in township twenty-nine (29) north of range fifty-three (53) west, in said county for the payment and satisfaction thereof together with taxes paid by said plaintiff for the protection of his security, and for general relief. And you are further notified and required to answer said petition on or before the 10th day of May, A. D. 1904. ALBERT W. CRITES, Attorney for Plaintiff. First Publication April 15, 1904.

PATENTS

FOR INVENTIONS
PROCESSED BY THE
Press Claims Company.

Equal with the interest of those having claims against the Government is that of INVENTORS, who often lose the benefit of valuations because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With a view of protecting inventors from worthless or careless attorneys and of seeing that inventions are well protected by valid patents, THE PRESS CLAIMS COMPANY has retained counsel expert in patent practice and is therefore prepared to OBTAIN PATENTS, CONDUCT INTERFERENCES, MAKE SPECIAL EXAMINATIONS, PRESERVE REJECTED CASES, REGISTER TRADE MARKS and COPYRIGHTS, RENDER OPINIONS as to SCOPE and VALIDITY of PATENTS, PROSECUTE and DEFEND INFRINGEMENT SUITS, ETC., ETC.

If you have an invention on hand send THE PRESS CLAIMS COMPANY a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are not necessary unless the invention is of a complicated nature. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.
THE PRESS CLAIMS COMPANY,
WASHINGTON, D. C.
618 F Street, northwest
P. O. Box 463.
Send this out and send it with your inquiry.
