Miss Rose Woody was one of the graduates of the Chadron Academy last week.

The faces of all the people have broadened to quite an extent during the past week.

On last Saturday County Judge Wilson issued a marriage licence to Samuel Swinbank and Miss Katie Raben, who are residents in the vicinity of Montrose.

If a good time is not had by all who come to Harrison to celebrate it will not be the fault of the people of the town for every effort will be made to make it pleasant for the visitors.

H. T. Conley and J. W. Smith went to Van Tassel on Sunday to spend a few pleasant hours on the banks of the stream. Some others say they would have gone with them but they did not take the proper kind of bait.

A deal was closed the last of the week whereby Geo. H. Turner disposed of his stock of general merchandise to S. E. Hough & Sons. The business has been under the management of E. G. Hough for the past year so there will be no change, except in ownership.

Dr. Phinney and Attorney Clark have been appointed by the district court to act with the clerk of the district court as a commission of insanity for Sioux county. Now if any one contemplates going crazy they know whom they will have to face.

The basket meeting at Plimpton's grove on last Sunday was a success in every particular. The day was pleasant, the rain of Friday night settled the dust; the grove and flowers were beautiful and the attendance good. The service was conducted by Rev. J. W. Kendall, who delivered a very interesting and instructive sermon. He was assisted by Mr. Chaney and J. E. Wallace.

One of the busiest men in town since Monday morning has been V. A. Hester. He has been carrying himself around in a sling and feeling glad that he is alive. Last week he dislocated his left shoulder and consequently had but little use of that arm. On Monday morning he took a bronc, to which a picket rope was attached, into the barn. The animal decided to go out of the building and foot the rope tangled around Virg's legs and took him along. When he got out of the toils of the rope he took an inventory and found he possessed one sprained wrist, one pinned cheek, one bunged up eye and an unlimited number of scratches and bruises, but no broken bones.

PATENTS

FOR INVENTIONS

PROCURED BY THE Press Claims Company.

Equal with the interest of those having claims against the Government is that of INVENTORS, who often lose the benefit of valuations because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With a view of protecting inventors from worthless or careless attorneys and of seeing that inventions are well protected by valid patents, THE PRESS CLAIMS COMPANY has retained counsel expert in patent practice and is therefore prepared to OBTAIN PATENTS, CONDUCT INTERFERENCES, MAKE SPECIAL EXAMINATIONS, PRESENT REJECTED CASES, REGISTER TRADE MARKS and COPYRIGHTS, RENDER OPINIONS AS TO SCOPE and VALIDITY of PATENTS, PROSECUTE and DEFEND INFRINGEMENT SUITS, ETC., ETC.

If you have an invention on hand send THE PRESS CLAIMS COMPANY a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are not necessary unless the invention is of a complicated nature. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before settling on the matter.
