Do not fail to hear Daugherty and Scamahorn at the court house this afternoon. The hard times social at the court house last Friday night was a very enjoyable affair.

A new safe has been received by Postmaster Marsteller to take the place of the one blown open by robbers a few weeks ago.

Peter Schaefer had the misfortune to lose a valuable horse a few days ago, the animal being taken sick while returning from Edgemont.

Courty Clerk Blewett was walking up the street on Monday with a cage in his hand and said he was in search of a bird. Probably a featherless biped would suit him best.

A party of emigrants from Iowa, relatives of N. D. Hamlin, arrived the first of the week with a car of stock and goods and will make their future home here.

Jim Smiley brought us a turnip last week which measured twenty-nine inches in circumference. Highland precinct will soon have a reputation established for growing fine vegetables.

F. A. Maynard has filed on a quarter section of Uncle Sam's domain in Highland precinct, near the farm of Henry Covey. He likes the crops raised there.

Pat Lacy informs us that one of his sons and two of his brothers-in-law will be here in the near future. Pat is well pleased with the country and will have more of his friends here for neighbors.

Henry Covey has completed the work of digging potatoes. From six and a half acres he got 1,100 bushels of tubers. If that is not a satisfactory crop the growers must be hard to satisfy.

The postoffice at Montrose has been discontinued and mail ordered sent to Gilchrist. If any of the readers of THE JOURNAL desire to have the paper sent to any other office all they need to do is to send word to this office.

O'Connell & Jordan have closed their store at Montrose and consolidated the stock with the one they had at Adeline. The postoffice of Montrose has been discontinued and there remains nothing of the place except the church.

The hop at the court house on last Saturday evening was a very pleasant affair. The attendance was not large but enough were there for a good time and all appreciated it. It is the intention to have such dances more frequent in future.

Henry Covey and P. B. Bigelow shipped another car load of potatoes to Seward last evening. It is safe to predict that in future Sioux county potatoes will be in demand in that city for they will find that they are the finest ever put on the market.

The finest potatoes shipped into Seward this season came from Henry Covey, in Sioux county, Nebraska, to W. R. Davis & Sons. They were of the Late Rose variety, were very large and sound and smooth tubers. They sold them out in less than two days, and have more of them on the way. Seward Blade.

Gustav Noreisch has had the misfortune to lose six head of cattle recently by some unknown cause. Word was sent to the state veterinarian but as there was no appropriation made for that officer by the last legislature he would not come unless his expenses were paid and that was more than the owner of the stock could afford.

G. H. Cutting, chairman of the congressional committee, was in Harrison on Tuesday and reported that the campaign was progressing in a very satisfactory manner. All over the district everything indicates a great falling off of poor votes and in what has been the strongholds of that party the republican ticket will receive a majority at the coming election.

The speech of Hon. James Whitehead at the court house on last Friday was not heard by a very large audience on account of the people being very busy preparing for the approaching winter, but those who were present were rewarded by hearing a good, sound, sensible talk and the statements made were backed up by records so that there was no question as to their truth. Mr. Whitehead made a good speech when here two years ago but his last effort was much better. He showed up the defects, partiality and injustice of the new tariff law and handled other questions of public issue in good shape. His talk lasted for nearly two hours and that it was interesting may be judged by the fact that not a voter left the hall while he was speaking.

Hon. Matt Daugherty and J. A. Scamahorn

Will speak at the court house at 2 o'clock TO-DAY. HEAR THEM!

Mrs. Sarah Davis returned the last of the week from her visit east. She says she never had to cook as small potatoes in Sioux county as they are using in the east.

A Pleasant Event.

Tuesday was the 23d birthday of V. A. Hester and the young people decided to go out and spend the evening and help him celebrate the occasion. Accordingly they met at the residence of G. W. Hester from whence they were to proceed to their place of amusement. Promptly at 7:30 the omnibus—a lumber wagon—was at the door. Then came the rather unpleasant task of seating the members of the party on the bottom of the wagon bed which was covered with hay and an enormous amount of sand. As there was too large a load for one team, Messrs. Blewett and Davis procured horses and rode them out. Those present were Mr. and Mrs. Olinger, Mr. and Mrs. W. H. Davis, Misses Cora Wurts, Mabel Lowry, Lizzie Gerlach, Lou and Iaud Hester, and Messrs. W. B. Marsteller, C. Y. Hough, H. L. Fisher and M. J. Blewett. X. Z.

It is reported that two of Leopold DeBoer's sons killed an elk last week, about ten miles northeast of town.

J. A. Scamahorn was in Harrison on Tuesday looking after his political chances. He has many friends here and all the old settlers are his friends so that he did not need to do any electioneering with them. The newer settlers were not slow in catching onto the fact that he was a pretty good kind of a man to put in a position of trust and he will get a big vote here on November 6th.

Surveyor Ellis returned from the eastern part of the county where he had been doing some official business.

C. McBride, the photographer of Crawford, will be in Harrison on Tuesday, October 30th and will remain until Monday, November 5th. He will have a special gallery so that he can do good work. This is an opportunity none should miss if they desire to get photographs of themselves or family. The light at the court house where Mr. McBride made a number of negatives on his former visit was not good and most of them will have to be made over so that those who had work done at that should call on him when here. He does not deliver poor work so there will be no added expense in the matter. Do not put off coming from day to day thinking he will remain longer for his business at home will not permit him to extend his visit.

In many cases, the first work of Ayer's Sarsaparilla is to expel the effects of the other medicines that have been tried in vain. It would be a saving of time and money if experimenters took Ayer's at first instead of at last.

Why Was It

that Ayer's Sarsaparilla, out of the great number of similar preparations manufactured throughout the world, was the only medicine of the kind admitted at the World's Fair, Chicago? And why was it that, in spite of the united efforts of the manufacturers of other preparations, the decision of the World's Fair Directors was not reversed?

BECAUSE

According to RULE 15—"Articles that are in any way dangerous or offensive, also patent medicines, nostrums, and empirical preparations, whose ingredients are concealed, will not be admitted to the Exposition," and, therefore—

Because Ayer's Sarsaparilla is not a patent medicine, not a nostrum, and not a secret preparation.

Because its proprietors had nothing to conceal when questioned as to the formula from which it is compounded.

Because it is all that is claimed to be—a Compound Concentrated Extract of Sarsaparilla, and in every sense, worthy the indorsement of this most important committee, called together for passing upon the manufactured products of the entire world.
