

THE SIOUX COUNTY JOURNAL.

L. J. Simmons, Editor and Proprietor.

F. E. & M. V. R. Time table.
Going West. Going East.
No. 3, mixed, 12:30; No. 5, mixed, 5:30

H. J. Smiley has his new house on his homestead ready for occupancy.

Landlord Rohwer is treating the Harrison House to a new coat of paint.

Homebound compound cough syrup the great remedy for coughs and colds at the Pioneer Pharmacy.

Lots of seed has been buried beneath the soil within the past week. Let us hope that it will bring good returns.

From what can be learned this part of the state is as well off as any locality in the matter of moisture.

The Commissioners were in session on Saturday and decided to have a small bridge built across White river.

A good time was had at the meeting of the whist club at the residence of Mr. and Mrs. Guthrie on Tuesday evening.

Steps are being taken to organize a tennis club. A great deal of pleasure would result from such an organization.

The relief seed wheat is all gone. A great deal more could have been used, but if all that has been distributed yields well it will be a great help.

John Anderson and E. J. Wilcox shipped a car of fat cattle to Omaha on Tuesday. J. W. Earnest also shipped a car load the last of the week.

It was demonstrated last week that when those who should guard the interests of the county fail to do so Judge Kinkaid does not hesitate to do so.

A camp of Modern Woodmen was organized here on last Friday evening with fourteen charter members. The order is a good one and we are glad to note the establishment of a camp.

John Owens passed through the westbound train Monday, having in charge four men who had been convicted of rustling cattle at Newcastle and were on their way to the penitentiary at Cheyenne.

All are invited to attend the Episcopal services at the church on next Thursday afternoon at 3 o'clock, and hear Bishop Graves. He is a man of more than ordinary ability and all who attend will be well repaid.

C. S. Morrison brought us a sample of syrup a few days ago which was made by him from the sap of box alders. As the box alder belongs to the maple family the sap contains quite a percentage of sugar and can be made into quite a palatable syrup.

A number of people met at the home of Mr. and Mrs. G. Guthrie last evening for the purpose of arranging for singing practice. The next meeting will be on next Wednesday evening, at which time the committee on books will report and plans be completed.

By an oversight the notice stating that the dancing club would meet tomorrow evening was left in last week's issue. It was decided by the committee that it was too busy a time to allow the members to attend so it was postponed.

STRAYED—One dark brown or black filley, coming three year old, branded 7 cross bar on left cheek. A liberal reward will be paid for information leading to her recovery.

W. R. JOHNSON,
Glen, Neb.

Here! Save time. Give your wife a rest and buy her a Dish-washing machine that will do the work in four minutes.

B. F. THOMAS,
Agent.

No small objection which young folks had to the old-time spring-medicine was their nauseaousness. In our day, this objection is removed and Ayer's Sarsaparilla, the most powerful and popular of blood-purifiers, is as pleasant to the palate as a cordial.

Henry Ward Beecher once informed a man who came to him complaining of a gloomy and despondent feelings, that what he most needed was a good cathartic, meaning, of course, such a medicine as Ayer's Cathartic Pills, every dose being effective.

The editor and his wife went to Chadron Friday evening and remained until Monday. The people had made preparations for Easter festivities and special exercises were prepared at the various churches. The Easter bonnets and spring suits which appeared were numerous and attractive. The Hotel Blaine kept up, with the procession by serving a dinner Sunday which compared favorably with what is to be had at such times at the hostelrys of much larger cities, and a visit to that house will demonstrate the fact that Ed. Satterlee is the best and most popular landlord in this part of the country. We had the pleasure of taking tea with Dr. E. A. Weir on Saturday evening and meeting his estimable wife and mother. All the older settlers of this locality will be pleased to know that "Ed" Weir, as he was known to all here, is rapidly being recognized as one of the most successful physicians in northwest Nebraska. On Sunday evening we were entertained by Judge and Mrs. Bartow at their cosy home, and with pleasant converse, interspersed with excellent instrumental and vocal music by Mrs. Bartow and Mr. J. W. Wright, had a most enjoyable time.

Agricultural Society Matters.

As spring advances it is generally concluded that the prospects for good crops are better than they have been for several years and it is hoped that every resident of Sioux county will put forth an extra effort this spring in planting crops and caring for them to the end that we may be able to make one of the finest exhibits in the state this fall. The effort will be rewarded in the increase of products, to say nothing of the premiums which you will receive at the county and state fair. In my travels through the east and conversation with people from different counties I am satisfied that so far as natural advantages go we have not got the small end of the stick by a long ways and if every one will make this a personal matter we will be able to demonstrate to the people of the state of Nebraska that Sioux county is alive to her best interests.

The following is a list of the vice-presidents of the Sioux county agricultural society: Antelope precinct, S. J. Leeling, Andrews, H. H. Lorimer; Bodarc, Peter Schaefer; Cottonwood, Wm. Ellsbury; Five Points, Sam Tebbett; White River, A. E. Gates; Bowen, E. E. Livermore; Montrose, Claus Christensen; Sugar Loaf, M. D. Jordan; Warbonnet, Wm. Norsisch; Running Water, J. W. Earnest; Whistle Creek, W. S. Nicholson; Highland, Henry Covey; Hat Creek, C. F. Coffee; Snake Creek, John Curran.

Very Truly
