

THE SIOUX COUNTY JOURNAL.

L. J. Simmons, Editor and Proprietor.

F. E. & M. V. R. E. Time table.
Going West. No. 5, mixed. 12:10. No. 6, mixed. 5:40.

—For flour, feed or meat call on E. Rohrer.

—Paper napkins for sale at THE JOURNAL office.

—Millet seed for sale at Marsteller Brothers.

—Horsehound compound cough syrup the great remedy for coughs and colds at the Pioneer Pharmacy.

—FARM LOANS—Principal and Interest payable monthly or semi-annually as desired. Apply to Grant Guthrie, Harrison, Nebraska.

—If you want a farm paper get one published in Nebraska. THE JOURNAL clubs with the Nebraska Farmer. Call and see a copy of it.

—STRAYED—A bay yearling mare colt; white spot in forehead, two white hind feet and foretop clipped. Will pay a liberal reward for information leading to the recovery of the animal.
GEO. OLINGER.

—WANTED—A good girl to do general housework. Apply at once at THE JOURNAL office.

—For reliable, first-class dental work of any kind, go to T. J. Gibson, Crawford, Nebraska.

—No one in ordinary health need become bald or gray, if he will follow sensible treatment. We advise cleanliness of the scalp and the use of Hall's Hair Renewer.

—The June apportionment of state school funds will be ready for distribution in a short time. It is a trifle less than 71 cents per capita and the total which will be received in Sioux county will be \$437.86.

—A new postoffice has been established at Pleasant Ridge, Wyo., at the residence of S. L. Kirtley and is called Kirtley. It is supplied from Voorhees, Wyo., and at present the mail will be weekly. It will be convenient to the people of that locality.

—Health and happiness are relative conditions at any rate, there can be little happiness without health. To give the body its full measure of strength and energy, the blood should be kept pure and vigorous, by the use of Ayer's Sarsaparilla.

—THE JOURNAL desires to call the attention of the people who live in the vicinity where fruits grow in abundance that it will be well to have some fine samples of each kind of fruit canned so as to make a complete exhibit at the state fair. No county in the state can make so good a showing of wild fruits as Sioux county and its advantages should be shown up.

—A government outfit was here first of the week enroute to Wyoming where the party will work for some time making maps of the elevations. The maps will greatly assist in the irrigation work and are being made at the request of the state engineer of Wyoming. It would be a good thing if similar maps of this locality could be made and it is to be hoped that the state engineer of Nebraska will make the necessary request of Uncle Sam.

—When T. O. Williams returned from Lusk last week he discovered that his pocket-book containing about twenty-five dollars was missing. That sum is a great, big pile these times and Tom was worried. He went a part of the way back and looked for it but found it not. He wrote to Tom Bell, with whom he had spent the night, and received the welcome news that the lost had been found in the bed he had occupied.

—The time of the year has arrived when it must be decided whether or not a celebration will be held at Harrison on July 4th. A good many inquiries are being made by outside parties. The visitors were well pleased with the treatment accorded them last year and there is no reason why the same result cannot be attained next month. There is a lot of work and considerable expense attached to a celebration and it remains for the business men to decide whether or not they desire to undertake it. The recent rains will do all right until about that date and if getting up a celebration will result in such a rain as fell last year the effort will be repaid in that way.

—The indications are that the people of this school district will be called upon at the annual meeting to take some action in regard to the bonds outstanding against the district. The bond is for \$1,000 and there is about \$800 in the hands of the county treasurer. At the last annual meeting the board was instructed to take the necessary action to pay the bond off or to apply what was on hand toward its payment, but the owner refuses to accept a partial payment and the bond is past due and not enough to pay it in the sinking fund. There are funds it seems might be used for the purpose and then what more accumulates in the sinking fund could be used to reimburse the fund from which the necessary amount is taken. It is hardly right that the taxpayers should continue to pay interest on the entire amount of the bond when nearly enough to pay it is on hand.

PERSONAL.

Frank Nutto is over from Indian creek.

Mr. and Mrs. C. H. Unitt are in from the south.

J. B. Johnson is up from Glen this morning.

W. J. A. Raun was up from Cottonwood Tuesday.

A. Christian orders THE JOURNAL sent to Kirtley, Wyo., in the future.

G. Guthrie went down the road Monday evening on a business trip.

Mr. and Mrs. Adam Morrow were down from Van Tassel yesterday.

O. A. Garton's father and mother arrived from the east last week for a visit here.

Mr. and Mrs. R. F. Neece and Edward Downey were at the county seat on Saturday.

W. C. Stover, of Fort Collins, Colo., was here last week looking after his interests.

F. W. Knott was over from Gilchrist yesterday and called to tell us it rained there.

Miss Phoebe Olinger arrived from Iowa last week to visit her brother, George Olinger.

W. B. Marsteller expects to start the last of the week for a visit at his old home in Pennsylvania.

Mr. and Mrs. J. L. Smedes returned from Texas last Thursday and are living on their claim north of town.

Commissioner Tinkham, Mrs. S. Tebbel and Miss Jeffries were up from Five Points last Thursday.

C. H. Plympton writes us enclosing the funds to have THE JOURNAL sent to him at Locks Village, Mass.

W. E. Pontius is now the regular day operator at Rapid City, having taken the place the last of the week.

H. L. Fisher was down from Pleasant Ridge Saturday. He reports his school progressing nicely at that place.

John Serres was in town yesterday with a broad smile on his face over the prospects for big crops in his locality.

Mrs. Elizabeth Jordan, Miss Donahue and James McCann, of Gilchrist, were doing business in Harrison on Tuesday.

H. D. Churchill went to Wheatland, Wyo., the first of the week to join a trail herd belonging to Bartlett Richards.

W. S. Nicholson and John Curran were up from the South part of the county the first of the week making returns as assessors.

Native lumber nine dollars per thousand feet at Hester & Son's.

Mr. and Mrs. N. D. Hamlin had the misfortune to lose their infant son a few days ago. All sympathize with them.

Assessor Nicholson brought up the result of his work the first of the week and also brought the editor a photograph of his place on Whistle creek. It shows some of the features of life on the prairies of the new west and is duly appreciated by us.

Rev. E. D. Irvine who has been in charge of the work of the Episcopal church in this locality has resigned to take charge of a church at Hastings. His friends wish him success in his new field of labor.

A correspondent of the Crawford Beacon tells of Dan Klein and J. H. Newlin having found a portion of the body of a child which had evidently been thrown from the westbound train. As the story goes, the remains were buried by the finders and that adds to the improbability thereof for either of those parties ought to have known that the proper thing to have done would have been to have notified the authorities.

The friends of Roy Maine planned a surprise for him on his birthday. Therefore Wednesday evening they met at the home of Mr. and Mrs. W. H. Davis, and from there proceeded to the pleasant home of his parents, a mile west of town, where the evening was very pleasantly spent in playing games in the moonlight as well as in the house until eleven o'clock, when delicious ice cream and cake was served. The following were present, Misses DeBock, Van Boskirk, Olinger, Gerlach, Pontius, Louis and Claudia Hester, Mesdames Sarah Davis, W. H. Davis, N. L. Tipton, Connell, Olinger, Griswold, Marsteller, Guthrie, Pontius, Maine and Simmons, and Messrs Guthrie, W. B. Marsteller, Connell, Olinger, Ed., and Roy Maine.

It has come to be a rule for the people here not to be surprised at what Grant Guthrie does but it was hard to repress surprise at his latest. He has been reading law for a number of years and has practiced considerable in the lower courts. On Monday evening he went to Chadron on business. District court convened there on Tuesday and a man from Box Butte county was there to be examined for admission to the bar. Mr. Guthrie decided to be examined also. The examination took place Tuesday afternoon in open court and both were admitted and Grant came home yesterday a full-fledged lawyer with authority to practice in all the courts. He has quite a library and is now prepared to look after the needs of all in legal matters.

—On Tuesday John Anderson made a deal for three quarters of a section of land with Leonard Daut. The land joins the Star E ranch and gives the owner control of the water up to the hills.

The rainy weather which began on Tuesday of last week kept right on until last Monday evening, making a whole week of rainy weather. It is estimated by conservative people that during that time not less than eight inches of water fell. It rained a little and then let up and allowed what had fallen to soak in and then let down another dose. It is said to be the most rain that has fallen here at this season of the year since 1888. The ground is soaked full of water and the crops will certainly not be a failure this season. One good rain on the 4th of July and a big crop is assured. The grass is flourishing and plenty of feed will make fat cattle and horses in this country. The rain was general all over the state but a greater amount fell in the northwest part of the state than in any other locality.

Four Big Successes.

Having the merit to more than make good all the advertising claimed for them the following four remedies have reached a phenomenal sale. Dr. King's New Discovery, for consumption, coughs and colds, each bottle guaranteed—Electric Bitters, the great remedy for liver, stomach and kidneys, Bucklen's Arnica Salve, the best in the world, and Dr. King's New Life Pills, which are a perfect pill. At a Hundred Junction Points

in Nebraska, connections are made with Burlington Route trains for Chicago, St. Louis, Kansas City, St. Joseph, Omaha, Lincoln, Denver, Cheyenne and beyond. Our maps and time-tables showing where, when and how our trains run and wherein they excel the trains of other lines in many important respects, are sent on request—free.

Always glad to quote rates and give information.
J. FRANCIS, G. P. & T. A. Omaha, Nebraska.

50 Cents to January 1, 1896.

That is an awful little bit of money for a twice-a-week paper like the Semi-Weekly Journal, but if you will send 50 cents you will receive that paper until January 1, 1896. You will find it the farmer's daily. Markets alone are worth more money than that. If you take it the rest of this year for 50 cents you will want to keep it always. If you get up a club of five 50-cent subscribers you can have a copy free for your trouble. Address, Nebraska State Journal, Lincoln, Neb.

Why Was It

that Ayer's Sarsaparilla, out of the great number of similar preparations manufactured throughout the world, was the only medicine of its kind admitted at the World's Fair, Chicago? And why was it that, in spite of the united efforts of the manufacturers of other preparations, the decision of the World's Fair Directors was not reversed?

BECAUSE

According to Rule 12—"Articles that are in any way dangerous or offensive, also patent medicines, nostrums, and empirical preparations, whose ingredients are concealed, will not be admitted to the Exposition," and, therefore—

Because Ayer's Sarsaparilla is not a patent medicine, not a nostrum, and not a secret preparation.

Because its proprietors had nothing to conceal when questioned as to the formula from which it is compounded.

Because it is all that it is claimed to be—a Compound Concentrated Extract of Sarsaparilla, and in every sense, worthy the endorsement of this most important committee, called together for passing upon the manufactured products of the entire world.
