F. K. & M. V. R. Time table. Going West. 12:10 No. 6, inf. 12:30

For hour, feed or meet call on E. Rohwer.

Horsebound compound cough syrup the great remedy for coughs and colds at the Pioneer Pharmacy.

Lost or Strayed—A brown gelding, 2 years old, branded circle on left thigh. A. McGINLEY.

If you want a farm paper get one published in Nebraska. THE JOURNAL clubs with the Nebraska Farmer. Call and see a copy of it.

Arrangements are being made for a game of ball, to be played at Lusk some time next week, between Lusk and Harrison and much sport is expected.

We omitted to mention last week the shipment of a car load of fat cattle by Don M. Weir and the departure of Mr. Weir and family for a visit in Missouri.

Louis Gerlach has leased the Cunningham property and will move his family to town about the last of September. The school advantages here will draw quite a number.

If the care of the hair were made a part of a lady's education, we should not see so many gray heads and the use of Hall's Hair Renewer would be unnecessary.

Postmaster and Mrs. Marsteller attended the ice cream social at H. Zimmerman's, near Boland, last Friday evening, and report a very pleasant time. The receipts were \$9.35 which is a very good start on an organ fund.

Prof. W. S. Wollen, of Crawford, will deliver a lecture in Harrison on Friday evening, August 16th on the subject of "Art". All should bear him and especially those interested in art and educational work.

A party was given last evening at the home of Mr. and Mrs. W. R. Wright, in honor of Mrs. Nellie Heyl of Omaha and Mrs. W. L. Handy of Chadron. Music was furnished and the light fantastic was tripped to the satisfaction of the participants.

Mr. Natanael Mortenson, a well-known citizen of Ishpeming, Mich., and editor Superior Poston, who, for a long time suffered the most excruciating pains of rheumatism, was cured, eight years ago, by taking Ayer's Sarsaparilla, having never felt a twinge of it since.

At the last meeting of the village board J. W. Smith qualified as village marshal and is now the duly authorized conservator of the peace, having sworn to perform the duties of his office without fear or favor.

The hair when not properly cared for loses its lustre, becomes crisp and dry and falls out freely with every combing. To prevent this, the best dressing in the market is Ayer's Hair Vigor. It imparts that silky gloss so essential to perfect beauty.

E. P. Maine had the misfortune to have about twenty tons of hay destroyed by a prairie fire last week. The origin of the fire was not learned. Too much care cannot be taken to prevent fires, as it not only destroys the grass on the land but it injures the roots for years.

The editor and his wife had the pleasure of the company of Mr. H. B. Cummins, of Seward, on the trip to Glen Saturday evening. Mr. Cummins was on his way from Colorado to Hot Springs and as he and the writer have been friends since boyhood it is needless to say that the meeting was enjoyed.

A petition is on file in the office of the county clerk asking that a portion of Andrews, Whistle Creek and Snake Creek precincts be taken and erected into a new precinct to be called Fairview precinct. The territory contains the requisite number of voters and in that sense is entitled to be set off as asked for. THE JOURNAL is in favor of making such matters convenient and satisfactory to the people as possible but it is possible to increase the expense of running the county in such matters if care is not taken. Under the new law the ballots, voting booths, poll books and other things necessary must be furnished by the county and delivered by the proper officials. These all cost money. In two precincts last fall no election was held but the expense was nearly as great as it was in the precincts where elections were held. In addition to the increased election expenses the cost of assessment is increased, more precinct supplies have to be furnished and various other expenses arise which in the aggregate amounts to quite a sum. The valuation of the property in the territory in question is not known but unless it is sufficient to pay the running expenses of the precinct, at least, the people should not insist on the forming of the precinct. The assessed valuation of Highland precinct will not produce revenue sufficient to pay the precinct expenses and the rest will have to be met by the other parts of the county and from the reports the population will soon be so small that it will be about all the voters in the precinct can do to organize an election board, and for this reason THE JOURNAL hopes that people will be careful in such matters. With the valuation of this county decreasing year by year too much care cannot be taken.

Important Notice. A polite but firm invitation has been received from the county treasurer by the publisher of THE JOURNAL to call and settle some delinquent taxes. To do that cash is needed as the county treasurer will not take wood, garden truck, etc. in payment of taxes. THE JOURNAL has hundreds of dollars due and when a demand is made for settlement of our debts we must pass the demand along, and we hope that those indebted to us will bring or send in the amount due without further notice.

PERSONAL. E. E. Johnson returned from Omaha Wednesday. Andrew Knori left Monday evening on a business trip to Deadwood. Mr. and Mrs. H. M. Warneke were at Crawford the first of the week. Mes Thomas Devenport returned last Thursday from a visit to Greeley, Colorado.

Mrs. E. W. Handy and daughter, Miss Ettie, of Chadron are the guests of Mrs. E. E. Pontius. Grandma Davis and Archie returned Saturday evening from their visit at Douglas, Wyoming.

E. H. Grissold, cashier of the Commercial Bank, started for Omaha Sunday and is expected home today.

W. H. Bousell spent Sunday in Harrison and his brother, J. S. Bousell, accompanied him home Monday.

Herman Kroening was over from Indian creek yesterday. He has recently treated himself to a new frame residence.

H. Deikman, Fred Watt and J. Ludwig arrived from Iowa yesterday to visit friends and look over the country with a view to locating.

THE JOURNAL family went to Glen on Saturday evening where they were met by Commissioner Weber and conveyed to his home a ruff and a half from the station. He has been on his homestead less than a year and consequently has not had time to make all improvements, but has his plans to make it a pleasant and profitable home. The return was made on Monday morning and we brought with us the memory of a pleasant visit and a nice mess of trout.

A large number of cattle have been shipped out of Sioux county of late, about thirty car loads of fat cattle having gone out. Among those who shipped were B. E. Johnson, Henry Warneke and Peter Bourrett, 2 cars each, C. F. Coffee, 11 cars, and others whose names we did not learn made up the balance, quite a number of small bunches having been bought up by outside parties. The result is that a good deal of money has been put into circulation.

While on White river last Sunday we learned more of the effects of the letting of the sheep dip into the stream at Andrews some time ago. Fish were killed eight or nine miles below where the stuff entered the water, some stock died from having drank of the water and two persons, at least, are known to have been made very sick and nearly died from the poison in the water. The results were certainly serious enough so that steps should be taken to render a repetition impossible. The railroad company controls the dipping arrangements and it would seem to be its duty to provide the necessary safeguards to protect life and property.

In another column appears a call for a meeting of the agricultural society. The call is not intended alone for those who have been identified with the work in the past but for all who are interested in the holding of a county fair and making an exhibit at the state fair. There are many things to take action on at the meeting and the larger the attendance the more certain will be the success. It is not a matter which can be carried out by a few but demands the aid of all to be a success. Come everybody and bring your neighbors with you.

The county treasurer has been sending notices to all who are behind with taxes and as a result many are coming up and squaring accounts with the county. Of course some are roaring and just as predicted by THE JOURNAL a few weeks ago some of those who kicked the hardest because the treasurer did not make people pay up are kicking the hardest because he has invited them to do so. It is strange how disagreeable some people find it to be obliged to take their own medicine, but it makes no difference for Treasurer Woodruff is after all who are delinquent.

Dissolution of Partnership. Notice is hereby given that the partnership heretofore existing between S. E. Hough, W. H. Hough and C. Y. Hough, of Harrison, Nebraska, under the firm name of S. E. Hough & Son, who will pay all bills and collect all accounts due said firm.

Agricultural Society Meeting. There will be a meeting of the Sioux County Agricultural Society at the court house at Harrison, on Saturday, August 24, 1896, at 1 o'clock, p. m. for the purpose of discussing the advisability of holding a county fair and making an exhibit at the state fair. Notice to Delinquent Tax Payers. I wish to call your attention to the fact that the County Treasurers have been very lenient with you during the several crop failures and as nearly all school districts are in need of money and the prospects are good for fine crops this year, I shall insist upon the payment of your personal taxes. Gentlemen they have stood long enough. Very Respectfully, H. S. WOODRUFF, County Treasurer.

Independent County Convention. The parties independent electors of Sioux county are requested to send delegates to the county convention to meet at Harrison, Neb., on Saturday, August 17, 1896, at 1 o'clock, p. m., to elect delegates to the state and judicial conventions and to place in nomination candidates for the various county offices. Representation will be as follows, being based on the vote cast for Hon. Silas A. Holman for governor in 1894: Andrews precinct 2 delegates; Antelope, 2; Boland, 2; Bowen, 2; Cottonwood, 2; Fair Point, 2; Hat Creek, 2; Highland, 1; Indian Creek, 1; Jennings, 1; Snake Creek, 2; Sugar land, 1; Warrenton, 2; White River, 2; Whistle Creek, 2, making a total of 25.

It is recommended that primaries be held at the usual place and hours in the various precincts on Thursday, August 15, 1896, for the election of delegates and nomination of candidates for precinct offices. M. J. WRENCH, Chairman Ind. Elect. Com.
