No appetite? Then do not try to force food down; but use the most scientific means for restoring tone to the stomach. How? Why, by taking Ayer's Sarsaparilla, and in a surprising short time, your appetite will come again, and come to stay.

A dose of Ayer's Cherry Pectoral taken in time has prevented many a fit of sickness and saved numerous lives. This proves the necessity of keeping this incomparable medicine where it can be reached at all hours of the day and night.

The dry weather has used up the corn in some parts of the county. The wheat is not so good as was expected but still little complaint is made. No one is going to sniffer for the vegetable crop is fair and most of the settlers have some stock which they can dispose of.

H. Deickman, Fred Witt and J. Ludwig each filed on a quarter section of land near the Kennedy place northwest of Harrison. They came out from Iowa a couple of weeks ago and concluded that this was a good country for them and located. It will not be long until they will be here to live.

Pet Prosser who was working for Octave Harris had quite an experience with snakes last week. On Wednesday he was bitten on the arm by a rattle snake. He went to Crawford and got necessary medical help and was doing all right and on Friday he went to work again and becoming faint got off his horse and sat down on the ground but was hardly seated before another snake bit him on the leg. He was taken to Hemingford and medical aid called in and at last reports was getting better. It was a pretty close call and for a time it was not thought that his life could be saved. It is said that rattle snakes are unusually numerous along Running Water this season.

A party consisting of Mr. and Mrs. G. Guthrie and son, Ed, Mr. and Mrs. L. J. Simmons, and M. J. Blevett went to Glen on Saturday evening for an outing. They were met at the station by M. J. Weber who transported their camp outfit to a picturesque spot near the banks of White river a couple of miles below Glen. Next day a visit was made to the carp pond near the residence of A. Roland, whose permission was obtained for the party to try their hand at capturing some carp. A great deal of sport was had and about forty pounds of fish captured and were fine eating. The party returned home Monday, except Mr. Guthrie who had to remain to look after some legal business, all well, satisfied with the trip.

The case of Smith against the Village of Harrison on some old warrants which was mentioned in the last issue of THE JOURNAL came up before Justice Puddy on last Monday. The plaintiff was represented by Frank Meredith of Crawford and G. Guthrie represented the village. The plaintiff being a non-resident was required to give security for costs and the court allowed thirty days in which such bond should be filed so the case is continued for that time. It looks like a contemptible piece of business for the case to have been commenced as it was at the most inconvenient place and day for the defendant to appear. Indications were that it was not expected that the village would appear, but the parties interested got fooled a trip. The courts have held that such warrants are no good and the holder had better quit his foolishness.

A Kick.

EDITOR JOURNAL:—Let me thank you, through your paper for the free and laborious puffing you gave me in your last issue, and inform the public that I am too busy harvesting these days to write up eggs for the JOURNAL.

Important Notice.

A polite but firm invitation has been received from the county treasurer by the publisher of THE JOURNAL to call and settle some delinquent taxes. To do that cash is needed as the county treasurer will not take wood, garden truck, etc., in payment of taxes. THE JOURNAL has hundreds of dollars due and when a demand is made for settlement of our debts we must pass the demand along, and we hope that those indebted to us will bring or send in the amount due without further notice.

Notice to Delinquent Tax Payers.

I wish to call your attention to the fact that the County Treasurers have been very lenient with you during the several crop failures and as nearly all school districts are in need of money and the prospects are good for fine crops this year, I shall insist upon the payment of your personal taxes. Gentlemen they have stood long enough.

Very Respectfully, H. S. WOODRUFF, County Treasurer.

Dissolution of Partnership.

Notice is hereby given that the partnership heretofore existing between S. E. Hough, W. H. Hough and C. Y. Hough, of Harrison, Nebraska, under the firm name of S. E. Will Make an Exhibit at the State Fair.

The meeting of the Sioux County Agricultural Society on last Saturday was fairly well attended. The question of holding a county fair this fall was taken up and a motion that no fair be held was offered and carried. The question of the state fair was taken up and it was decided to make an exhibit and the following were selected to collect the stuff and have charge of the exhibit: Leo DeBock, William Ellsbery, M. H. Green and J. H. Will. This committee is to be allowed not to exceed \$12 each for work in gathering the exhibit and their expenses while away with it. That is a very small sum and people should do all they can to help get the stuff together. Anything that will not spoil should be fixed up in good shape and the committee notified where it is so that it can be sent for.

This matter is of interest to all and none should stand back. The material is in the county to make a fine exhibit and all that is necessary is to get it together and fix it up. There is no reason why a good premium should not be secured. A large number of the counties of the state will not be able to make exhibits on account of the poor crops so that it will give Sioux county a better show than at former fairs. Now is the time for a strong effort to be made. Last year a premium was won which will pay the expenses of the one for this year and so a much better collection should be secured. Do not wait for some one to call for what you have. Get it in shape and bring it in or notify the committee or the secretary of the society so that it will help to swell the show.

Harrison 9, Lusk 0.

About twenty persons went to Lusk from here last Friday to witness the game of base ball which had been arranged for. The day was pleasant and all looked forward to a good time. The game was simply a social one so there could be no occasion for unpleasantness. As soon as the party arrived the Lusk people began to roar about the pitcher the Harrison team had with them. A good deal of roaring was kept up until the players gathered on the grounds and then the manager flatly refused to play if Williams pitched. The manager of the Harrison team plainly informed the others that if a game was played Williams would pitch. After a lot of fuss the game was commenced with Williams as pitcher. When two and a half innings had been played and the Lusk boys just going to bat it was learned that they intended to jump the game as soon as the inning was finished and as a result it stopped there. Mr. Collins refusing to play any longer and left the grounds, and he being the captain of the Lusk club the fun stopped.

The people who spent their time and money to go to see the game as well as those who went to play felt that they were treated decidedly shabby by the Lusk crowd. The challenge came from Lusk some time ago and was for a game for either fun or money. Our boys did not think a nine could be got together and so informed the writer. Later it was decided that a nine could be raised and Lusk was notified that they could have a game for fun. It was found that there was no pitcher among the players here and it also came to the ears of the people here that Lusk had a college battery and shortstop who were to help them out and that they would also have some of Manville's best players. Not caring to be caught napping they got George Williams of Chadron to pitch for them. It was learned that the college party had left the vicinity of Lusk about a week before the date the game was to have come off so that the actions of the leaders of the Lusk players indicated that they had decided to back out of the game.

It was the first visit of the writer to Lusk and he had always been given to understand that the people of that place were sports. The exhibition of last Friday brought him to the conclusion that Lusk was pure gumbo, not a bit of sand being discernable in its composition. It was thought by some that the course taken by the Lusk players was to even up an old score against the Harrison people of year's standing but if that is true they perpetrated their display of malice on but two who participated in any of the former games. It is quite likely that no attempt will be made to get up a game between the two towns for some time in order to allow the captain of the Lusk team to get big enough so as not to be a baby afraid of being laughed at.

In all other respects the treatment accorded the visitors was all that could have been asked, but the proceedings in regard to the game certainly was very shabby.

Largest Circulation in Nebraska.

It isn't much wonder that the State Journal now has the largest circulation in Nebraska. It has reduced its price to 5 cents a month with Sunday, or 50 cents without Sunday; it has been spending more money for Nebraska than any other paper; it has on its staff such men as Bixby, Whit, Mason and Annin. The Journal is being pushed at every point and is climbing steadily and surely away ahead of the other state dailies. People like a Lincoln paper. Equally well it is as good as the Journal.

DON'T WAIT For a Cold to Run into Bronchitis or Pneumonia.

Check it at Once WITH AYER'S Cherry Pectoral.

Early in the Winter, I took a severe cold which developed into an obstinate, hacking cough, very painful to endure and troubling me day and night, for nine weeks, in spite of numerous remedies. Ayer's Cherry Pectoral being recommended me, I began to take it, and inside of 24 hours, I was relieved of the tickling in my throat. Before I finished the bottle, my cough was nearly gone. I cannot speak too highly of its excellence. Mrs. E. Bosch, Eaton, Ohio.
