On last Monday three cars were loaded here with cattle by Pratt & Ferris, and at Andrews Phil Unitt loaded six cars, Geo. H. Turner two and E. J. Wilcox one, all cattle. Mr. Unitt shipped two car loads of wheat to Seward on Saturday and his cattle go there to be corned during the winter. The other cattle went to Omaha.

John L. Kay and J. B. Burke were in town the first of the week and called at this office. Both were placed on the pop ticket by the recent convention and they were quite indignant at the course pursued by the managers. They know that the columns of THE JOURNAL are open to minutes of all public gatherings free and no one can blame them for feeling hurt at the sneaking secrecy practiced by the party managers.

Among the premiums won at the state fair by the products from Sioux county was one of twenty-five dollars for the greatest variety of native grasses. Pretty good collections have been made by M. H. Green and Ed Smith, and L. DeBock and Jerry Wilcox had a few. The committee sizes the case up and saw that if each made an entry the premium would go else where. They decided to bunch the entire collection and enter it in the name of the secretary of the county society. That was done and the premium was won by one variety. Sioux county showed up one hundred and eight varieties of native grasses, while the next in the race had one hundred and seven. A warrant was received by the secretary a few days ago and the money is now in the Commercial Bank to be divided among those who had an interest in the exhibit as soon as he is instructed how it is to be divided.

No Wonder They Wanted to Keep It Quiet.

Since the last issue of THE JOURNAL the editor has been at some trouble to find out what the pops did on October 12th, the date to which they adjourned their pop-fizzle convention early in the season. They organized by electing F. W. Knott chairman and Dan Klein, secretary. They then proceeded to put up the following innocents for slaughter:

County treasurer—Claus Christensen. County clerk—M. J. Weber.

County judge—Robert Wilson. County superintendent—J. B. Burke.

County sheriff—John L. Kay. County surveyor—Mike Ruffing.

Coroner—G. J. Shafer.

A wild-eyed financial resolution is reported to have been passed but it was put out of reach of any one we could find. After the affair was over T. V. Golden talked to about a dozen people for some time and tried to make them believe that the present district judges are not fit for the place and ought to be turned down and he and Westover put into their places, but it is safe to say that he accomplished little by the course he took.

The chairman and secretary quietly filed the certificates of nomination with the county clerk and hid themselves to their respective homes.

Verily, the product of the gathering is fearfully and wonderfully made, and the actions of those who managed it is good evidence that they were heartily ashamed of their work and desired that it be kept as quiet as possible, and none who know anything of the situation can blame them for their shame. They did not put up a man whom they hope to elect. A little history may explain some things and the figures herewith given are just as they appear of record in the office of the county clerk:

In 1891 Claus Christensen, whom they nominated for treasurer, was the nominee of the same party for the same office and made a thorough canvass of the entire county and received a total 103 votes when there was more than 440 votes cast; he received a plurality in but two precincts, Cottonwood and White River, and that was because of those precincts having been thoroughly organized by the farmers alliance and S. Mr. Christensen affiliated with that organization he got the solid support of its members; in his own precinct out of a total of 65 votes he received but 6, so it is evident that his neighbors do not consider him a suitable person for the place. The pop managers knew that and knew they could elect no one, so they put his name on the ticket just for fillin'.

M. J. Weber, whom they put up for clerk came into the arena four years ago and was the alliance candidate for commissioner. He was elected and last year his successor was to have been elected. In convention his party turned him down and nominated D. A. Publow. Mr. Weber did not take kindly to that and came out by petition, and as there was no chance to elect a member of any other party the policy of politics was followed—to help the kicker—and Mr. Weber was elected. Those he defeated saw a chance to lay Mr. Weber on the shelf, get him out the way and get even at the same time so they nominated him. They knew that the arbitrary and unwarranted attack made by him on the present treasurer and sheriff is not forgotten and that the people would not entrust such a would-be dictator with

so important an office as clerk; that the west-end pops would not support him, and that the winner had been named. It was a great scheme.

For sheriff they put up John... He did not seek the place and tried to get them to endorse N. D. Hamlin. The middle-of-the-road play was made and an endorsement was refused unless Mr. Hamlin would appear and show that he wore the pop brand. As he was not in the room the exposition demanded was not made and the dose was given to Mr. Kay. It is his first experience in politics and he did not understand the fine plays of the managers.

For superintendent J. B. Burke was named. His was a candidate before the mass convention and has never been known as anything but a democrat, but no demand was made for him to show the pop brand. Four years ago he ran for county clerk on the democratic ticket, made a canvass of the county and received a total of 60 votes, nearly 450 votes having been cast. He got a plurality of 1 in each of two precincts. People have not forgotten that he was one of the officials whom they had to gather with their Winchester to pry loose on the 9th of January, 1890, and as they want nothing more of that kind they will let him remain in private life.

Robert Wilson had been named for county judge at the mass convention so he was given the same place.

Mike Ruffing was named for surveyor. He has been given the place in the past but never qualified.

Dr. G. J. Shafer, a democrat was put up for coroner without showing his brand.

Does any one at all acquainted with the political situation in Sioux county wonder that the pop managers are ashamed of what they did or blame them for trying to keep it quiet?
