THE RANCH SUPPLY HOUSE HAS JUST RECEIVED A LARGE INVOICE OF WINTER

CLOTHING, INCLUDING Overcoats, Coats, Vests, and Pants

and when you need anything in that line you should surely go to GERLACH'S.

He also has a fine assortment of winter underwear, gloves, mittens, hats, caps, boots, shoes, arctic, etc., etc. His stock of staple and fancy groceries is full and complete and on all goods he will make you bedrock.

RANCH SUPPLY HOUSE.

Marsteller Brothers re-arranged the interior of their store to quite an extent the last of the week, so that they have their stock of men's boots and shoes and clothing in better shape.

There is no doubt that spring is here. I. Richstein has moved his bar to the north side of the front room of his building, and wherever he begins to re-arrange his fixtures it may be taken for granted that gentle spring is here.

It is reported that a store is to be opened between Bodarc and Gilchrist postoffices. This will afford a market close to home for the butter, eggs and produce which the people of that locality have to spare, and enable them to get supplies without much loss of time during the busy season. It will be convenient to the people and may prove very profitable to the owner.

It is said that William Noreisch has not yet recovered sufficiently to get out. It is said that he has sold his cattle and intends to leave the country. The belief is expressed by some that he has the family so terrorized that the facts of the recent trouble cannot be obtained, and that should there be any further trouble severe measures would likely be taken. With that feeling existing a change of climate might do much to protect his health.

Fine line of jewelry and clocks at Pioneer Pharmacy. B. L. Smuck moved out to the farm last week and began to put in his crop. Horsehound compound cough syrup the great remedy for coughs and colds at the Pioneer Pharmacy. FOR SALE OR RENT—160 acres near Harrison. Free from incumbrance and well improved. Inquire at this office. WANTED—500 cattle to herd during the coming season. Good range and water, and careful attention guaranteed. Terms, 80 cents for the season. P. N. KIRKPATRICK, Harrison, Nebr.

I have a large list of lands belonging to eastern parties which I will sell or rent on easy terms. May be I have just what you. Call and see me or send description of any land you want. GRANT GUTHRIE, Harrison, Neb.

Alfred Leithoff has secured the relinquishment to the Hugh Smiley claim and has put a homestead filing thereon. Highland precinct seems to be having a boom.

A double-header from the west on Saturday took the first shipment of cattle from the southern ranges to those of the north. They came from Colorado and were enroute to Montana.

J. W. Earnest received word the first of the week from his brother Jim stating that he was stopped in his journey south by small-pox. He is in Indian Territory and finds some sale for mules.

WANTED—A reliable lady or gentleman to distribute samples and make a house to house canvass for our Vegetable Toilet Soap and Pure Flavoring extracts. \$40 to \$75 a month easily made. Address CROFTS & REED, Chicago, Ill.

Jack Frost caught a good many who indulged the fancy that he had left on his visit Friday night. The juvenile portion of THE JOURNAL family mourn the demise of the baby of their gold-fish family, who could not stand the change.

County Clerk Blewett received notice for all parties having filed claims for water rights prior to April 4, 1895, to appear at the office of the county clerk, Harrison, on May 11, 1896, at 9 o'clock, a. m. All claimants are expected to attend at hearings in order to furnish proof or their claims will be dismissed.

Commissioner Tinkham was in town Monday and called at this office. He says the moisture which has fallen will bring the grain and grass up in good shape, and the people are feeling good. He and Bert Dew expect to start in a couple of weeks for the mountains of Wyoming on a prospecting expedition.

Last Thursday night the snow was accompanied by a good deal of lightning. During the storm about eight inches of snow is said to have fallen in the valley and nearly as much on the table. It drifted to some extent but wet all the ground enough to start the grain and grass all right and people are feeling good over it.

County Treasurer Biehle was called home on Thursday on account Mrs. Biehle's arm having become so swollen and inflamed that she became alarmed lest blood-poison set in. The difficulty began with a small sore on the elbow and grew worse until the entire arm became terribly swollen and painful. At last reports the danger was past.

The village schools will close tomorrow and the children and teachers will no doubt enjoy the relief. For the first time in some years the school has escaped the necessity of being closed on account of sickness. The teachers have both been employed for the past two years and they will close their labors here with the best of feeling toward. They expect to spend the summer on their homestead in Dawes county and all wish Mr. and Mrs. Fisher prosperity in all their undertakings.

Word received here yesterday that Herman Kroning had been arrested a few days before at Ardmore, S. D., and taken to Hot Springs, charged with rustling. It is said that he had been under watch for a long time. He did not like the idea of being arrested and the officer had to pull down on him with his gun before he decided to submit. If they have much evidence against him it may go hard with him for the people of Fall River county do not treat such cases lightly. If he does succeed in getting clear it will cost him a lot of money.

The report is that W. D. Lafferty is recovering from the effects of the surgical operation as well as could be expected. The bill for the operation was received by the county clerk a few days ago from the hospital at Omaha and is for \$15.00. This with what the relief commission advanced him makes \$40.00, and the understanding was that Mr. Lafferty asked it simply as a loan and will refund it in the near future, but if it is never repaid THE JOURNAL considers the money well spent, for the patient would not have lived long had he not received help.

A band of twenty thousand sheep are said to be coming and will be held during the summer on Running Water above J. W. Earnest's. THE JOURNAL is not assured that such is the fact and it hopes it is not. A migratory flock-owner, coming in after the date for assessment and remaining a few months, is of no benefit and every such band that has come in has caused more or less trouble in the community. If a sheep man or any other wants to come and settle in the county he should be accorded every courtesy but a "wandering Willie" is a very different thing.

PERSONAL.

Dan. Klein was up from Glen yesterday. F. M. Smith was up from Five Points the first of the week. D. H. Griswold and H. D. Churchill were at Bodarc Tuesday. John I. Davis has been struggling with an attack of grippe.

Peter Schaefer is reported to be quite low, but he may rally. Mr. and Mrs. Jacob Henry were in from Montrose yesterday. Bob Keel was reading the street signs at the county hub on Wednesday.

Mrs. C. B. Hollingsworth and Miss Daisy Dean were in Harrison Tuesday. Glen Zerbe came up from Chadron Saturday having been attending school there.

Mr. and Mrs. John Daut are up from Crawford visiting friends and "holding down" their homestead.

Married.

HIBBELN-DEBOCK.—At the residence of the bride's parents on East Hat creek, Sioux county, Nebraska, on Thursday, April 16, 1896, by Rev. Father Brophy, of Chadron, Mr. Herman Hibbeln and Miss Mary DeBock, both of Sioux county, Nebraska.

The young people are both well and favorably known to a large circle of acquaintances who extend best wishes to them for a prosperous and happy married life. Their friends to the number of one hundred gathered to participate in the wedding festivities and tread a measure in honor of the event.

Pat Lacy's team broke loose Monday evening and tore things up somewhat.

Hester & Son shipped the balance of their fat sheep to market the first of the week.

The first thunder shower of the season occurred Wednesday. There was more thunder than shower.

Dr. Phinney reports the arrival of a son at the home of Mr. and Mrs. C. H. Unit on Tuesday morning.

John Finley has built a house near the sawmill in Sowbelly canon and has moved his family there.

L. T. Poole will be in Harrison next week and parties in need of water elevators will do well to see him.

Henry Warneke moved the school portion of his family back to the ranch the first of the week.

All persons indebted to me are requested to call and settle their accounts by cash or note by May 2.

Thomas Devenport made a delivery of nursery stock here the first of the week and every one who had given an order called for his goods.

It is reported that the storm last week caused the loss of many sheep in Wyoming. One owner is said to have lost eight thousand head.

Last week C. F. Coffey purchased a thousand head of yearling steers of A. A. Spaugh which he will put on the range at the 7 box L ranch on rawhide, Wyoming.

A lively team was ordered brought to a certain place at a certain time on Tuesday for a couple of gentlemen to make trip into the country. A team stood at the place indicated and they took it and started out. They had not gone far before they discovered their error and returned, much to the amusement of the by-standers, as they had taken a team which a couple of ladies had driven into town.

A man was here on Monday looking up matters in regard to opening a place just outside the government reservation in Sioux county. He will have to get his petition signed by a majority of the resident free-holders of White River precinct and put up a bond in the sum of five thousand dollars, and pay the license fee fixed by the board of county commissioners, which cannot be less than \$500 under the laws of the state. Should he comply with all the preliminary provisions it is doubtful if he would be granted a license. The experience of the county in the past was not such that it will soon be forgotten or a repetition of it be desired. It is also quite evident that neither the officers nor the people will countenance an attempt by any one to run a saloon in that locality without a license.

Every once in a while some boy or girl takes a notion that they are not treated right at home and that they will have better times and receive better treatment at the hands of strangers and as a result of such notion they run away from home. There are instances, no doubt, where such proves to be the case, but few parents get so unfeeling that they ill-treat their children. It is not natural for them to do so, neither is it natural for others to be as considerate of the children of others as they are of their own. To the boy or girl who contemplates leaving home in hope of receiving better treatment THE JOURNAL would say don't do it. Home is the best place you can find and after life you will look back to the days spent there as the happiest of your life. It will matter not if having been your home will lend a charm surpassing that of gilded hall or palace.

Notice. Notice is hereby given that on the 5th day of May, 1896, Isador Richstein will make application to the board of trustees of the village of Harrison, Sioux county, Nebraska, for a license to be granted to him to sell malt, spirituous and vinous liquors in said village for the next year of 1896. All objections, protests or remonstrances to the issuance of said license must be made in writing and filed with the village clerk on or before noon of the 5th day of May, 1896, or said license will be prayed for without reference thereto. Dated Harrison, Nebraska, April 22, 1896. ISADOR RICHSTEIN.

Spring Fever in the Feet.

If that very painful and troublesome complaint, spring fever in the feet, is present, the hot foot-bath should be used every night, adding a spoonful of alum to the salt and mustard, and rubbing the feet afterwards with alcohol and lemon-juice in equal proportions, or with a weak solution of carbolic acid. This treatment will speedily reduce the swelling, and the tired feeling and soreness are at once relieved by either lotion. They are so valuable remedies that they ought to be on every toilet table.—From "Spring Ailments," in DeForest's Magazine for April.

Auction Sale.

I will sell my entire stock of harness, saddles, whips and harness and other supplies on Saturday, May 2, 1896, at 10 o'clock, sharp. Terms cash. J. W. SMITH.

Government Land.

Probably the last great chance to secure a quarter section of good farming land under the homestead laws will be at the opening of the Chippewa Indian reservations this spring, which comprises the majority of the land in about fifty townships, and will furnish excellent homes for thousands of people. But little is known concerning this opening by the general public for the reason that congress wisely provides in the act opening the reservation to settlement for the publication of the notice of opening in but two papers in the United States, both of which are near the lands in question. This will effectually shut out speculators and land sharks and gives the bona-fide settler who is informed a much better chance to secure a good homestead. An effort is being made to furnish all necessary information to all honest intended settlers, which can be obtained by addressing at once. DEPARTMENT OF INFORMATION, 600 Calumet Bldg., Chicago, Ill.

Final Proof Notices.

All persons having final proof notices in this paper will receive a marked copy of the paper and are requested to examine their notice and if any errors exist report the same to this office at once.

Notice for Publication.

Land Office at Alliance, Neb., April 7, 1896. Notice is hereby given that the following named settler has filed notice of his intention to make final proof to support his claim, and that said proof will be made before M. J. Blewett, clerk of the district court, at Harrison, Neb., on May 16, 1896, viz: Joseph Roos, of Gilchrist, Neb., on behalf of heirs of Richard Roos, deceased, who made H. E. No. 261 for the ne. 1/4 sec. 9, tp. 33 n., r. 54 w.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: John F. Meyer, Frank Meyer, Paul Serres, all of Gilchrist, Neb.; Jackson Kreisler, of Bodarc, Neb. Otto Petze, of Harrison, Neb., who made H. E. No. 263 for the w. 1/2 sec. 14, ne. 1/4 sw. 1/4 & sw. 1/4 sec. 24, tp. 32 n., r. 56 w.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Isador Richstein, J. Gerlach, Grant Guthrie, B. L. Smuck, all of Harrison, Neb. J. W. WEHS, JR., Register.

LOOK HERE!

DO YOU WANT TO RAISE WATER?

I will put you a machine which will elevate from 300 gallons to 22,000 gallons per minute with the least possible power. It can be operated by windmill, steam, water or horse power. It has been tried and its merits are known. It is just the thing to use in streams where a portion of the water can be used to elevate the other portion.

They are cheap. They are durable. They are simple. They are up-to-date. Prices on larger machines or on iron work alone, furnished on application. Write for further information to L. T. POOLE, Agent, Marsland, Neb.
