I. Richstein purchased the bicycle formerly owned by County Clerk Blewett a few days ago and Vincent is the proudest boy in town.

Excursion tickets will be sold June 12th, and July 3d and 24th to Hot Springs and return at one fare for the round trip, good returning 30 days from date of sale. E. F. POSTHUS, Agt. F. E. & M. V. R. R.

On Tuesday morning the lead engine on a double-header stock train from the west struck Mayor Rohwer's best cow on the crossing near the depot. The animal was injured so that she had to be killed.

The contract for building the new school house at Andrews was awarded to James Wright, but we are informed that he decided not to accept it and the board will take action to award the job.

The work of making fills of the trestles along the railroad a few miles east of town was commenced the first of the week. Quite a force of men will be employed for some time.

Phil Unitt arrived last week with two car-loads of cattle for his ranch south of town, and remained a couple of days looking after his interests. He says everything indicates a big crop in the east part of the state.

Word was received yesterday that Red Cloud accompanied by his son and a number of sub-chiefs and leading men of the Ogallalas were at Andrews on a visit to James H. Cook. Several from here went down to see the sons of the forest.

When at Chadron last week County Attorney Guthrie found the case against the county which he went down to defend was in such shape that he could do nothing and the county will have to pay the judgment which was rendered before he had anything to do with the case.

The case of Hester & Son against Henry Lindeman was called in Justice Smuck's court on last Thursday. A change of venue was asked for by the defendant and the case was transferred to J. W. Hunter's in Bodarc precinct and is set for hearing today.

Taking effect June 5th the same rates on live stock will be charged as were in effect prior to January 1st. It is \$61.00 per standard car from Harrison, \$62.00 from Van Tassel and \$55.00 from Andrews, adding the usual per cent to these rates for cars over 30 feet, 6 inches long.

A man working on the grade east of town while helping to unload material from a car Tuesday morning got his foot caught between the bumpers so that it was pretty badly mashed. He was brought to Harrison and Dr. Phinney dressed the injury and the man went to Chadron in the evening.

Some people seem to have the idea that if a person does not give in all of his property to the assessor that it is the fault of the county board if he is not called upon to list it all. That is a mistake, as the board has nothing to do unless some one brings the case before them. If any one is not satisfied with the assessment of another it is his place to make a kick to the board of equalization, and if he fails to do so he is more to blame than any one else.

A bad mishap befell Roy Hamlin on Sunday. He was riding a horse into the livery barn when the animal slipped by reason of the planks being wet, and in falling caught the boy's left foot under him in such a manner that it was terribly crushed, the bone of the great toe being forced from the socket and driven out through the flesh and other parts of the foot badly crushed. Dr. Phinney dressed the wound and all done make the lad comfortable, but it will lay him up for a good while.

On last Saturday Adjutant General Gage mustered in a post of the Grand Army of the Republic. The following officers were elected: E. E. Livermors, commander; A. J. Bogart, senior vice-commander; W. D. Lafferty, junior vice-commander; Sanford Hill, quartermaster; John Plunkett, surgeon; Wm. L. Baldwin, chaplain. The next meeting will be on Monday, June 15th, at 1 o'clock, p. m., at which time a full attendance is requested as business of importance is to come before the meeting.

On last Thursday morning the editor of THE JOURNAL accompanied by his wife and two youngest daughters went to Andrews for a few days outing. A tent and complete camp outfit was taken, and just as it was got in shape the train from the east arrived bringing Mayor F. M. Broome, of Alliance, accompanied by Mrs. Broome and their two little daughters, who joined the outing party. A good time was had by all, Mrs. Broome proving to be the most successful angler for the speckled beauties which inhabit the waters of White river. The rain of Saturday and the night following was something of a dampener to the sport but the tent shed the water all right and no serious results followed the experience.

PERSONAL.

Claude Taylor was up from Chadron again on Friday.

D. S. Cox and Wm. Swanson are up from Soldier creek today.

Mrs. M. J. Blewett returned Thursday from her trip to Crawford.

W. J. A. Baum was up from Cottonwood the first of the week.

T. B. Snyder was up from Sheep creek Tuesday and called at this office.

Miss Lizzie Gerlach came down from Lusk last evening to visit her parents.

Mrs. D. H. Griswold and children leave this evening for a visit to relatives in Iowa.

James H. Cook was up from Royville Tuesday and made a pleasant call at this office.

M. J. Weber and C. A. Puddy made a business trip into Wyoming the last of the week.

James Wilson, James McCann and F. W. Knott represented Gilchrist at the county seat on Tuesday.

Harrison will celebrate. Come.

A new boy arrived at the home of Mr. and Mrs. J. C. Parsons on Tuesday morning.

A heavy hail storm struck the valley north of town yesterday afternoon. The crops are not far enough advanced to be injured.

All parties who have agreed to do work on the race track and all others who are interested in having a track at Harrison are requested to come prepared to work on Tuesday, June 9th. It is all laid out now and ready for work to begin cutting the sod.

It is reported that a 4th of July celebration at Harrison is a dead sure go, and in the past good times have been had at celebrations here and with a good race track additional sport can be provided. It means a lot of work and some expense to the people of the town, but if all unite a good time can be had. The program will appear later.

I. R. McIntire informs us that he has so much work that he will remain here all of next week so that any who have not obtained photos of themselves or families should lose no time in getting them for it may be a long time before another opportunity will be had to get the class of work that he turns out.

On last Saturday the first soaking rain of the season fell in this locality. It came but a day or two later than the first rains last year, but owing to the light snow-fall during the winter the ground was much dryer than usual and grass was suffering for moisture. The rain last week fixed matters all right and people are happy.

The land office officials are urging parties who have timber claims on which the proof can be made without advertising to do so during the present month. That includes all entries made prior to Sept. 15, 1887. The object of the officials is evidently to close up the proofs of that class and it will cost the claimant no more to make proof now than later.

On last Saturday lightning struck a team of horses near the old brick yard at Fort Robinson. The horses were both killed and the wagon torn to pieces. Two men were in the wagon and they were rendered insensible, and it was thought they would die. They were taken to the hospital and at last reports one was out and the other was improving. They reside on Soldier creek, but their names were not learned.

Excursion Trips.

Excursion tickets will be sold from Harrison at one fare for the round trip to the following points on dates named: To national prohibition convention at Pittsburg, Pa., to be held May 27-29, on May 22 and 23, final return limit June 2. To republican national convention at St. Louis, Mo., June 16th, on June 12, 13, and 14, final return limit June 23. To democratic national convention at Chicago, Ill., July 7, on July 3, 4 and 5, final return limit July 14. E. F. POSTHUS, Agent Harrison, Neb.

Teachers' Institute.

The Sioux county teachers' institute will be held this year in the court house at Harrison, commencing June 22 and closes July 3. The attention of the teachers is called to Sec. 6, Sub-div. 10, of school laws. So if you expect to teach during the coming year be in attendance at the institute. W. H. DAVIS, Co. Supt.

HORSE BREEDERS.

The fine 4-year-old Shire Stallion will make the stand for the season of 1896 at \$5.00 to insure a mare in foal.

He is a bright bay, with good style and action, and weighs about 1,700 pounds. Young stock will be taken at market value in payment of service fees. The horse can be found at all times at the Schaefer barn 1 mile south and 1 mile west of Bodarc postoffice. NICHOLAS SCHAEFER.

LOOK HERE!

DO YOU WANT TO RAISE WATER?

I will put you in a machine which will elevate from 300 gallons to 22,000 gallons per minute with the least possible power. It can be operated by windmill, steam, water or horse power.

It has been tried and its merits are known. It is just the thing to use in streams where a portion of the water can be used to elevate the other portion.

They are cheap. They are durable. Prices on larger machines or on iron work alone, furnished on application. Write for further information to, L. T. POOLE, Agent, Mataud, Neb.
