## VICE PRESIDENT HOBART IS DEAD.

PATERSON, N. J., Nov 21—Vice President Hobart died at 8:30 a. m. The family and physician were at Mr. Hobart's side when he expired. —Daily World-Herald.

Senator Thurston, for the second time becomes a Benedict.

According to the daily papers of the state, Senator Hayward is very much improved.

Latest reports from the bedside, of Senator Hayward are almost discouraging. Little or no hope is entertained for his recovery.

A case of Bubonic fever is reported on board a merchant vessel in New York harbor just arrived from the port of Rio de Janeiro, Brazil, S. A.

Vice president Hobart, who has been seriously ill for the past two months, is according to metropolitan dailies, growing weaker every day.

Special via London to the United States, report had fighting at Ladysmith and that the Boers had lost heavily, also that the British were not far behind their opponents in casualties.

The war of the Transvaal, in South Africa, between the Boers and British still continues. The Boers, as far as we can learn by reading the daily dispatches, are holding their own, and a little better.

The Democratic national Committee met in Chicago, Monday for the purpose of deciding when and where the next meeting will be held, at which time the committee will name the Convention city for 1900. Cincinnati, Kansas City, Milwaukee and Chicago, are bidding for the convention.

The Philippine islands, it is said, by those who claim to know, contains 76,000,000 acres of land of every description, while the arid regions of the United States covers an area of 100,000,000 acres. If the \$500,000 a day, it takes to carry on the war in the Philippines, any thing about the precious lives already sacrificed and probably thousands more to suppress freedom, were used to build reservoirs for watering those hundred million acres, then the desert, as Isaiah declared 710 years before the birth of our Lord, "and the desert shall rejoice, and blossom as the rose," it would be more like "benevolent assimilation."

Next year is presidential year. Already, the large cities, some of them in the great, central west are bidding for one, or both of the great party conventions. Why the citizens of Omaha, or Lincoln, or both, have been enterprising enough to agitate and have built long before this an Auditorium building, large enough to accommodate national conventions, both religious and political, is beyond our finite comprehension. Omaha is centrally located, and is a great railroad center; can be reached from all points of the compass and with all is an ideal convention city. Take into consideration the fact, that Nebraska has less illiteracy than any other state in the union and consequently transcends the world, or at least it should, for its store of learning, no, nothing is too good for the citizens of Nebraska.

## AS TO NEBRASKA.

There the issue was Bryan. The Hannaites sent gold without stint, and spent treasure like water to win Nebraska. Next to clenching Ohio for McKinley, the best hope of the black party was to beat Bryan in his own State. They argued, that to overthrow him now would remove him utterly in 1900. And with that the Hanna-Eastern million went to Omaha. Republicans, working on a Hanna assurance, were so sure of Nebraska that on Election Day they offered 3 to 1 in thousands that Bryan would lose the State. And you know the rest of the story. Bryan will be the one name mentioned in the next Democratic convention.—The (New York) Verdict.

## HERE IS A MERRY JEST.

This is not a parade ground of humor. But now and then one meets so stout a joke, one breaks a rule and finds a place for it. Some Lack-brain wrote the Journal a letter and asked sapiently: Why should men marry? The Journal answered as follows:

A man should marry because unmarried he is a left-hand glove with the right-hand glove missing. He is a door without a house, an empty bird's-nest, a shirker of responsibility, an exile from happiness self-expatriated, an icicle on the eyes of time. A man should marry because until he marries he is not a man at all. You might just as well ask why should a hen lay an egg. She should lay an egg because that is what she is for. Man is put here to marry and push along the race. You don't suppose that nature would have troubled to create you for your own sake? You are just one of the little milestones on the road to civilization and your first duty is to supply other little milestones to keep the good work going on. Kipling wrote:

"Down to Gehenna or up to the throne,  
He travels the fastest who travels alone."

"Down to Gehenna" describes the bachelor exactly, but "up to the throne" is a very different proposition. It's hard work getting up there without a good wife to steer you.—The (New York) Verdict.

Reports from Manila, P. I., is that one of Aguinaldo's cabinet officers—Secretary of the Interior—has been captured by the U. S. army.

In round numbers, governor elect Nash's vote in Ohio was 345,000; John R. McLean's vote, was 301,000; Golden Rule Jones' vote was 110,000;

Or the combined Democratic and "Golden Rule" vote 411,000  
Nash's vote deducted 345,000

majority over Nash, 66,000  
Is that a republican victory?

How would Bryan and Aguinaldo sound for the 1899 national democratic ticket? It would be mighty popular among tagal rebels.—Laramie (Wyo.) Republican.

Well, what's the matter of McKinley and the Sultan of Sulu as the head of the republican ticket, in 1900. The republican party are opposed to the "Declaration of independence," and with the polygamous Sultan as a running mate to president McKinley, would lend respectability to the party.

The voting machine in use at Buffalo was an entire success. The vote was counted and the result given out in forty five minutes after the closing of the polls. That kind of a machine will hardly do in Kentucky.—Laramie (Wyo.) Republican.

Not as long as Governor Bradley with his state Militia can intimidate, the voters at the polls.

Companion stories for 1900, The stories published in The YOUTH'S COMPANION portray the many and womanly virtues with no sacrifice of interest or vitality, and they appeal to the sympathies of old and young alike. During 1900 the companion will offer special series of stories—among them being stories of Former Political Campaigns and adventures of Linemen.

Besides these there will be a score of stories for girls by such writers as Sarah Orne Jewett, Mary E. Wilkins, Margaret Deland, Elizabeth Stuart Phelps, Edith Wharton, Kate Chopin and Margaret Sangster. There will be four serial stories—"A Prairie Infants," by Eva Wilder Brodhead running a merry-go-round.

All new subscribers will receive the companion for the remaining weeks of 1899 free from the time of subscription and then for a full year, fifty-two weeks to January 1 1901; also the companion new calendar for 1900, suitable as an ornament for the prettiest room in the house.

Illustrated Announcement Number containing a full prospectus of the volume for 1900 will be sent free to any address.

208 Columbus Avenue, Boston, Mass.

## SIOUX COUNTY TEACHERS ASSOCIATION.

The First Annual Meeting.

The Sioux County Teachers association assembled at the church in Cottonwood Precinct at the appointed time.

Association meeting called to order by the president 1st 3rd & 4th members of the morning programs not present.

The meeting was opened with the reading of a very interesting paper on the "Growth of American Industries and their influence on education," by Mrs. Ella L. Hales.

A general discussion of same, opened by M. J. O'Connell followed. Mrs. Hattie Walpole read a very interesting and instructive discussion on the subject, "How easy Psychology is applied to the art of teaching."

Mr. Alexander Johnson read the general discussion of this paper and a number of helpful thoughts were brought out. Morning session adjourned until after dinner which was served in the church after partaking of a bountiful repast association was again called to order.

M. J. O'Connell, M. C. Pounds, Miss Katie Bretty and Mrs. Ella L. Hales had appointed committee on Resolutions. Hartley Saxton Secretary Mr. C. E. Rice led a discussion on the subject "Does Science teach temperance?" and proved to all present that Science does emphatically teach temperance.

In the absence of a paper on a Rock-belt educational laws. Mr. M. C. Pounds gave a short but very clear and interesting explanation of some of Groebel's educational ideas and methods.

A question box was substituted for No. 2, 3, & 5 of afternoon programs and several interesting topics were discussed. The leading thoughts brought out in the days meeting were:

That to be successful teachers, we must be co-operative, we must be progressive, we must give more attention to primary reading, we must impress on the minds of our pupils the blighting effects on the whole nature caused by the use of narcotic poisons, we must study the nature of our pupils, we must control whispering.

We must teach our pupils that to steal another pupil's time is as much of a sin as to steal from his money. Business meeting of association, and carried unamously. Motion made and seconded that the next meeting be held in Bodarc precinct the 2nd Sat. in April.

Motion made and seconded that M. C. Pounds be elected vice president of association.

Motion made and seconded that the present officers constitute on committee by laws for the association.

Motion made and seconded that the present officers constitute a committee to arrange programs for next meeting.

Motion made and seconded that the teachers send in topics they wished discussed by Feb, 1900 from which the program may be selected.

Motion made and seconded that a copy of the minutes of this meeting be sent or published in some paper circulating in this county.

The following resolution were read by chairman of Committee on Resolution and adopted by the association.

RESOLVED.—That we extend to the good people of Cottonwood our sincere thanks for the hearty welcome extended to us, for their kindness in providing a bountiful repast, a table loaded with the most delicious viands, and for making every effort to make our stay among them both pleasant and profitable.

RESOLVED.—That our special thanks are due the Rev. Mr. and Mrs. Rice for their untiring efforts to make our stay pleasant and for their kind assistance and co-operation in the work of our association.

RESOLVED.—That we extend Miss Elsie Merriam, president of the Teacher's association of Sioux County our approval for her earnestness in the work and good judgment in conducting this meeting.

RESOLVED.—That our sympathies are extended to those teachers, who, through absence, have missed an opportunity to improve their minds for school work, and what is fully as important to contribute their share to the improvement of those present.

Association adjourned to meet 2nd Sat. in April at Bodarc precinct.  
H. W. SAXTON, Sec. Protem.
