THE "NECESSARY" MAGAZINE

The best-informed men and women in the world use the AMERICAN MONTHLY REVIEW OF REVIEWS to keep well informed, and call it the "necessary" and "indispensable" magazine. In the busy rush of to-day ambitious men and women must know about the important questions of the month, and not only this, they want to know about them at the right time. When the whole country is puzzled over the gigantic combination of trusts, a well-informed article is printed in the AMERICAN MONTHLY, giving the facts, and its editor discusses the theory; when the Dreyfus affair is in everyone's mouth, the best story of Dreyfus and the great case comes out in this magazine.

Every month, in "The Progress of the World," Dr. Albert Shaw gives a comprehensive picture of the world's history during the previous thirty days. In the departments, the valuable articles and books that have been published during the past month are reviewed and quoted from, so that the readers of the AMERICAN MONTHLY can get the gist of them. In every issue nearly a hundred pictures are printed, including the portraits of the men and women who are making the history of the month.

To be thoroughly well informed helps any man or woman in his or her work. A subscription to the AMERICAN MONTHLY REVIEW OF REVIEWS represents an investment for the best kind of profit, as well as entertainment. One subscriber has just written: "Count me a life subscriber, and when you send me a number beyond the limit of my subscription and secure no renewal from me, consider it a notice of my death."

Price 25 cents per number, \$2.50 a year.
A sample copy will be sent on receipt of ten cents in stamps.

MERRY XMAS

The republican, gold standard finance bill passed the lower house of congress last Monday, by a vote of 190 for 150 against, or majority of 40, eleven democrats voting with the republicans.

The decision handed down by the supreme court against the Addison pipe trust recently, thrusts the lie in Attorney General Griggs' face when he says, the national government is powerless to act.

Another brave soldier whose life was worth more than the entire Philippine Archipelago, has succumbed as a martyr to McKinleyism, militarism and expansion, in the person of Genl. H. W. Lawton.

Senator Hoar, of Maine still maintains his mind is unchanged relative to the dishonorable war in the Philippines, adding if the administration had dealt with them as it did with Cuba no war would have taken place.

The Republican national convention, will be held in Philadelphia on June 19th 1900. Thus the politically corrupt city of the nation has been selected by the most corrupt political party in the nation for its convention.

Douglas Cose, of Plainview, has been named by Governor Poynter as the successor of Judge W. V. Allen of the ninth judicial district, who resigned to take his place in the U. S. Senate. Judge Cose is a democrat, and the appointment is a merited recognition of his services to the cause of fusion.

On December 9, the official reports of the government gave the total loss to the American army in the Philippines war as 8,908. This includes those killed in battle, died of wounds, permanently disabled or missing. The loss of 3,009 American citizens is but one item of the cost thus far of the process known in the vocabulary of the present administration as benevolent assimilation.

The Democratic state committee will meet at Lincoln, on January 6th, 1900 to arrange for the delegates conventions which will be held later on.

Those young English officers, who seemed so thoroughly to enjoy the "boohunting" and "pig-sticking" in South Africa that seem to like the game so much, when the hunters become the hunted and the stokers become the stock.

It is now stated, on the authority of Senator Hale, that our respective chief executive was not converted to impartialism on the rear end of a palace car after all; but that the operation was performed by the British ambassador, Sir Julian Pauncefote. "Hit's so English, y' know."

Two national banks at Boston and one at Port Jarvis, N. Y. have gone to the wall within past four days. The republican gold standard bill which passed the lower house of congress on last Monday, begins to have an early effect, wait till the bill becomes a law in reality and see how slow the little one horse bank and business concerns fare.

On last Friday, the British forces at the Tugela river in the Transvaal, suffered one of the worst defeats, under General Buller, since the war in South Africa commenced. In the battle referred to at the Tugela river the British is as follows: Killed 82, wounded 657, missing 248. Total 1087, besides the British lost eleven of their large field cannon and hundreds of horses and mules.

Thus all England is enveloped in gloom. Baron Robertson and Lord Kitchener have been ordered to take the field and all the home reserve forces are to be transported to the seat of war, for active field duty.

All, truly American citizens in the United States, and who believe in popular "government of the people, by the people and for the people," cannot help but sympathize with the Transvaal and Orange Free States of South Africa, in their fight against English greed for gold, the extension and expansion of a robber empire, whose only and ultimate object is to perpetuate royalty and its sons in power indefinitely.

God grant that the brave, patriotic Boers and their Allies, who are so heroically shedding their blood and lives upon the battle field for liberty and independence, may teach England such a costly lesson, together with the utter defeat and rout of the English forces from South Africa, that other nations too, may take warning that they must keep hands off in the future.

OOM PAUL CAN SHOOT.

They say Oom Paul can't read nor write, And wears a cowhide boot; But he can pray and he can fight, And, golly, can't he shoot?

They say Oom Paul eats with his knife, And has a bad rep'ute; But he is great with gun and ste, And, golly, can't he shoot?

They say Oom Paul is coarse and rough, And loves to kill and loot; But captives find him kind enough, And, golly, can't he shoot?

They say Oom Paul is badly whipped, But he makes the British sweat; And when they get through with him They'll find that he can shoot.

The Question as to the Century's Beginning.

The Sun has received so many evidences of confused minds regarding the beginning of the twentieth century that it will present a proof that a twentieth century begins after the year 1900 is ended, in the shape of a little conversation: Question—What is a year? Answer—Three hundred and sixty-five days.

What is a century? One hundred years. When did the year No. 1 end? December 31 of the year 1. When did the year No. 2 begin? January 1, of the year 2. When did the year 99 end? December 31, A. D. 99. Did that complete a century? No.

When was the century completed? At the close of the year following 99, or at the close of the year 100. When did the second century begin? January 1 of the year 1 of the second century that is January 1, A. D. 101.

When did the nineteenth century end? At the close of the nineteenth hundred year, or at the close of 1900. When does the twentieth century begin. It begins on day No. 1 of year No. 1 of the twentieth hundred years—that is on January 1, A. D. 1901.

The New York World, Thrice-A-Week Edition.

ALMOST A DAILY--AT THE PRICE OF A WEEKLY.

The most widely circulated "weekly" newspaper in America in the Thrice-a-week edition of The New York World, and with the Presidential campaign now at hand you cannot do without it. Here are some of the reasons why it is easily the leader in dollar a year journalism.

It is issued every other day, and is to all purposes a daily. Every week each subscriber receives 18 pages and often during the "busy" season 24 pages each week. The price is only \$1.00 per year.

It is virtually a daily at the price of a weekly. Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service. The Thrice-A-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—The New York World.

Its political news is absolutely impartial. This fact will be of special value in the presidential campaign coming on. The best of current fiction is found in its columns. These are only some of the reasons; there are others. Read it, and you will see them all.

We offer this unequalled newspaper and Press-JOURNAL together for one year for \$1.75. The regular subscription price of the two papers is \$2.00.
