Mr. Editor - The trouble with Zekiel is, he got off his base and concluded to cease his writing to the Press; but if his letters are appreciated by the Press-JOURNAL and its readers, he will try to interest them a while longer.

No doubt there are plenty of news on the Ridge, but as your correspondent does not get away from home at all and never sees anyone it is hard to write items, so if we draw on our imagination to a certain extent, to one need take offence, but come over and we will explain; but be careful to let us know you are around, as it is so seldom any one comes that we are liable to die of heart failure to hear a knock at the door.

OBITUARY.

DIED - At her home in Warbonnet on January 9th, of heart failure. Mary beloved wife of Fred Witt aged 49 years. The funeral was held on last Friday at 2 o'clock from the M. E. Church in Harrison and was conducted by Rev. Smith the Pastor. After singing the hymn in the rifted Rock I'm resting. The pastor read from scripture some most appropriate selections and then attempted to portray to his hearers the necessity of all preparing for the final call, lest perhaps it come as in this instance unaware. After a short word of consolation to the bereaved husband and father as well as the motherless little ones. The choir sang another hymn, and the funeral cortege took up its mournful route and the remains of Mrs. Witt were laid to rest in the Harrison cemetery to await the morning of the resurrection. The deceased leaves a husband and nine children who will have the sympathy of the entire community in this sad hour of trial.

A ROYAL BANQUET.

On last Friday evening, occurred the third annual banquet, of the Woodmen of the World, at their Lodge room in the Andrews blk. Only a few outside of the members and their families were present. The address of welcome and invitation to partake of the elaborate repast, was made by consul commander Gerlach. Immediately all the tables were filled, after which Rev. Smith returned thanks. Covers were laid for thirty, and the tables were filled three times, or a little better in all about one hundred guests were present. They were served by members of the lodge, who acted as chefs and waiters. Nothing was left undone to satisfy the inner man, as the tables were laden with all the good things which any epicurean taste could desire. After supper, games were indulged in and general social merriment prevailed until a late hour, when all left for their homes feeling that another link of friendship between the Woodmen of the World and their guests had been cemented. And now how many know what the Woodmen of the World mean? Ye scribe will explain as briefly as possible; in the first place we wish to say to men who have families; and in fact all men of sterling worth, that no better organization exists, as it not only provides for the families of its members after death by insurance but it also looks after its sick members, and provides a monument for them after they are laid in the bosom of mother earth. What more could any one expect.
