A Timely Suggestion.
This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. Always use For sale by All Druggists.

A glass or two of water, taken half an hour before breakfast will usually keep the bowels regular. Harsh cathartics should be avoided. When a purgative is needed, take Chamberlain's Stomach and Liver Tablets. They are mild and gentle in their action. For sale by All Druggists.
The trial in which Guy Kendall arrested George Hill for assault and battery, and was to be held last Wednesday was laid over until Thursday, and so we could not give the results last week. Guy could not secure an attorney, but the trial was held anyway, and was decided in favor of the defendant, and he gave bonds for \$100.00 to keep the peace.
Better Than a Plaster.
A piece of flannel dampened with Chamberlain's Pain Balm and bound on the affected parts, is better than a plaster for a lame back and for aches in the side or chest. Pain Balm has no superior as a liniment for the relief of deep seated muscular and rheumatic pains. For sale by All Druggists.

OLD RESIDENT DIES.

Mrs. Hannah McCoy Called to Rest Tuesday Evening.
Mrs. Hannah McCoy, one of the oldest and most highly respected residents of Boone county, passed away at her home on North Marshall street Tuesday evening, November 24th, at 5:30 o'clock, at the ripe old age of 84 years.
Hannah Gallagher was born in County Donegal, Ireland, in May, 1819. When she was twenty-five years of age she was united in marriage to Dennis McCoy.
Four years later, in 1823, with two young children, James and Anthony, they came to America and settled in Pennsylvania where they resided three years, then removed to Clinton county, Iowa. There they resided until 1856, when they came to Boone county, and settled on the farm in Des Moines township northeast of the city, which farm Mrs. McCoy still owned at the time of her death. Both Mr. and Mrs. McCoy were thrifty, hard working people, honest and conscientious to a fault, and their labors were soon rewarded by a competence sufficient to warrant their retiring from active life, to enjoy the fruits of years of toil and hardships which the building up of a new country had entailed upon all the early settlers. About fifteen years ago they removed to Boone, where they might pass their declining years in peace and comfort, but scarcely had they settled in their new home when Mrs. McCoy was called upon to mourn the loss of her husband. Since then she has lived a quiet and humble life, doing good wherever in her power and winning the respect and esteem of all who knew her.

Deceased was a member of the Catholic church, a devout Christian and had lived an exemplary life. She leaves eight children to mourn her death, James and Anthony, of Harrison township, Mrs. Sarah Jordan of Harrison, Nebr., Mrs. Mary Ann Jordan of Jackson township, Mrs. Lezzie Garland of Des Moines township, Mrs. Julia Garland of Guthrie, Iowa, and Joseph and Mrs. Kate Miller, at home with their mother, one son Daniel, having died in Clinton county. Mrs. McCoy has performed a noble life-work in rearing a large family of respected sons and daughters and has gone to her rest with the consciousness of a life well spent.
The funeral was held this morning, from the Sacred Heart church and the remains laid to rest in the Catholic cemetery. The family have the sympathy of the entire community in their bereavement.—Boone county News.

How to Prevent Croup.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by All Druggists.

Tom Jones and Art Hagerman made a deal by which they became owners of Jack Finley's saw mill. They left Monday morning and soon they are going to live on saw dust, sup, wimpy edge steak, fine needle garish, saw dust tea, potatoes and two-by-fours fried in pitch, saw dust pudding and slab pie; some more saw dust washed down with some more of the same kind of tea. Guess we'll go down and take dinner with them, we don't have that much over here to eat.

To Relieve London Slums.
Antipos of the efforts of the London county council to prevent further congestion in the Whitechapel district and to weed out the population there as it is at present, it is stated by the Jewish Chronicle that Sir Samuel Montagu has placed at the disposal of the council \$50,000 for the provision of workmen's cottages at Edmonton, preference to be given to those tenants who have for more than three years lived in Whitechapel. The council will at once build from 400 to 500 cottages.
