Better Than a Plaster.
A piece of flannel dampened with Chamberlain's Balm and bound on the affected parts, is better than a plaster for a lame back and for pains in the side or chest. Pain Balm has no superior as a liniment for the relief of deep seated muscular and rheumatic pains. For sale by All Druggists.

Witt-Dieckmann.
The young man we saw going up the street last week with Judge Bartell, was Fred Witt. He and Miss Mary Dieckmann were united in the holy bonds of matrimony Wednesday, Dec. 23, 1903 by the Judge.

This young couple are well and favorably known here, and have a host of friends who wish them a long and happy life. They will make their home on the groom's place ten miles northwest of town. Here are the best wishes of the PRESS-JOURNAL.

One of our county officers elect seems to be in some what of a predicament over his failure to file his expense statement within ten days after his election. The statutes make the penalty \$1000.00 and should this officer go ahead and file his bond, and enter upon his duties of the office the first man he offends which will not be very long if there are any cases come before him he will have to meet the charge of a violation of the statutes and we have heard it intimated that action will be brought before he has a chance to try a case, but whatever may be done it places the officer in a queer position to say the least.

A Timely Suggestion.
This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by All Druggists.

A glass or two of water taken half an hour before breakfast will usually keep the bowels regular. Harsh cathartics should be avoided. When a purgative is needed, take Chamberlain's Stomach and Liver Tablets. They are mild and gentle in their action. For sale by All Druggists.

The daily papers are full of Mr. Rockefeller's Christmas gifts. If this gentleman would give the public a little better quality of oil and at a less price he would reach the ones that are really deserving. As things go at present the people are the ones that make these presents by having to buy oil from Rockefeller or to do without, but the imposition on the people is nothing; He is the philanthropist.

To improve the appetite and strengthen the digestion, try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says, "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory moment of the bowels." There are people in this community who need just such a medicine. For sale by All Druggists. Every box warranted.

Some of our young people have got into the unmanly habit of leaving the church after League is over. We don't know whether they mean any disrespect to the minister or the one that is going to speak, or not; It does not show good manners and places the speaker in a somewhat embarrassing position. Young man and lady let us ask you one thing; what if you had spent a whole week in the preparation of some subject that you felt would help some one, or that you wanted it to any way, how would you feel when your turn came the greater part of the people would get up and walk out? Now this is not a rule but the Golden Rule won't you follow it up and help some one feel better and show an appreciation for what is being done in your behalf.

IN MEMORIAL.
Whereas, the grim reaper, death has called to his home, our beloved Neighbor Charles W. McLaughlin of Pleasant Ridge Camp No. 614 W. O. W. therefore be it Resolved; That we the members of Pleasant Ridge Camp No. 614 W. O. W. extend to the family, of our deceased Neighbor our heartfelt sympathy, and earnestly hope that the grand "Grand" Commander of the universe, who doeth all things well, will assuage their grief and be a comforter in this their hour of sorrow; And be it further resolved that a copy of this resolution be spread upon the minutes of the Camp and a copy be sent to the bereaved family.

Walter Smoke was a Harrison visitor Saturday.

Nels Englebret of highland was on our streets Monday.

Mrs. Bassett is visiting at Marsland. She spent Christmas with friends near there.

Mr. and Mrs. Frank Lewis spent Xmas with the old "folks at home".

Mr. Rice moved into the Hageman house. Mrs. Rice has been put in as deputy postmaster; she will be a competent one we think.

T. O. Williams and family of Harrison visited his sister Mrs. Rice and family on Roseland avenue Christmas.

Mrs. Tom Jones got in a scrap with a stick of wood, and sports a very funny nose.

Mrs. Rice and little daughter, and Mrs. Jones went to Harrison. They departed with the understanding, to go home on the freight if it came before the passenger. The freight came, Mrs. Jones was there, but not Mrs. Rice, she looked and waited, but all in vain, she hesitated to go until she nearly got left, she did not like to go without the others, but thinking of the children at home alone, she got on after the train started—got to Andrews, and there being met by the children they waited for Mrs. Rice. The passenger came but not the looked for one, they having hesitated to long got left so Mr. Rice had to do his own cooking until they came home, we have often heard the saying if you hesitate you are lost, but surely if you hesitate with this fast train you are left.

Dear Peggy you surely draw an alluring picture of a saw mill man's house, but first come over, and you will find out we have a good roof it never leaks unless it rains; our kitchen roof never leaks rain or snow, but I won't say anything about the floor, and cracks, they must be seen to be convicting.

Birdie Jones, greeting to the readers of the PRESS-JOURNAL.

I wish you a merry Christmas,
And a Happy New Year,
With your pockets full of money,
And your cellar full of beer.

IN MEMORIAL.
With profound sorrow and loving remembrance, we inscribe on the memorial page of Soc Camp No. 2923, Modern Woodmen of America, the name of our noble neighbor, Chas. E. Umphenour, whom God has called hence, and in whose absence has departed to that unknown country from whence no traveller returns.

Another link has fallen from our golden chain, death once more has entered our social circle, and taken away from us a beloved brother, who was a worthy member of our Lodge and an honor to this community. It remains for us to comfort his sorrowing mother whom God has denied ever again to see the light of day and whose mainstay for existence he had been for many years. His life's work and his untiring efforts never ceased to provide for his widowed mother and his younger brothers and sister; a beautiful light has been extinguished. Therefore be it "Resolved" by this camp, that in the loss of our late neighbor, we deplore the absence of one who was always ready and willing to contribute his time and good counsel to the upbuilding of our order. While we bow with meekness to the will of him who doeth all things well, we feel that one has gone from among us whose goodness of heart and upright demeanor have deservedly won a cherished place in the hearts and memory of the members of this camp.

And be it "Resolved" That we extend to the grief stricken family, of the deceased, our most tender sympathy. And as a further resolve, we agree that a copy of this memorial be spread upon the record of this camp, and a copy be given to his family, and one to the Harrison Press.

War Bonnet Topics.
Happy New Year to all.

Our school closed last Thursday with exercises and Christmas tree which was loaded with presents, candy, nuts and popcorn for the scholars. There were quite a good many parents there to witness the exercises and all seemed to enjoy themselves. I am sure I did, and must say Mrs. Harris did remarkably well for the chance she had. In that little tucked up school house they did possibly get the new seats erected the day before school was out, but I suppose they think the teachers should be thankful for small favors.

Mr. Burke came out from Harrison to hear the exercises, and he also brought a

box of Christmas presents for quite a few of those who were present. He said they were handed to him and refrained from telling who was the donor, but I will say whoever it was showed the thought of some one else besides self, and I know all join with me in thanking them for their kindness, and Mr. Burke in particular.

Dr. Hedin a Wide Traveler.
Dr. Anders Sven Hedin, the illustrious traveler, who lately returned from a wonderful Asiatic journey, was born at Stockholm on Feb. 12, 1865. Stockholm, Upsala, Berlin and Halle contributed to his education and his first expedition was through Persia and Mesopotamia in 1886-88. In 1870 he was a member of King Oscar's embassy to the late shah of Persia, and in the same year began a journey through Khorasan and Turkestan. In 1893 he started on what proved to be a four years' expedition through Asia from Orenburg to Peking, via Lop-nor and Thibet, and his late journey through much of the same country and including several trials in the Gobi desert was begun in 1899 and ended only last year.
