February 12

The Tenth Grade will give a short musical entertainment followed by a basket supper. The object is to raise funds to pay the expenses of the commencement May 20. Deputy State Superintendent Mc'Brien will be with us to make the Graduation address. His coming will necessarily entail a small expense. This with other incidental expenses, the Tenth Grade hope to raise by their own effort. We earnestly ask all patrons to help us in this our first Graduation efforts.

TENTH GRADE.

THE DAINTY MISTAKE.

We feel very sorry about the mistake in the Hunter items last week, and U No we don't want you to take it so hard, but let it pass away with the day. U No we are all subject to mistakes, but our eyes are not good enough to make a word "dainty" out of that other word which appeared before Ed Schwartz's mustache last week in the items from that place. We are always ready to correct mistakes.—When Ed came into our office last Saturday and told us that U No said we had made a mistake we took the copy off the book and he pronounced the word the same as we, and so have others that we have handed it to. But if you meant it for dainty U No Ed will take your word for it and so will we, and that you don't use such language and call this a pen mistake. We will never let such a mistake happen again. We studied for a long time at the word and finally decided it as a joke and published it.

SPORTING EDITOR.

Watches For The Boys.

The Lincoln Daily Star is making it possible for any boy in Nebraska to be the owner of a handsome American watch. The watches are open face, stem wind and stem set, and are guaranteed by the makers to be good timekeepers. Many boys throughout the state have already secured one of these watches, and they invariably well pleased. Fred Robinson, Tekamah writes us as follows: "I am very much pleased with the watch I got. It keeps very good time. Thank you." A. M. Linner Holdrege writes after getting his watch as follows: "I think it is a good little watch you sent me." We could give the names of many more Nebraska boys who have secured the watches and are more than pleased.

Any boy in Nebraska who will write to us, we will tell him how he may obtain one of these watches. We do not ask you to send us money for them. You can do as well as the other boys who have obtained their watches.

Write us a postal card or a letter now asking for particulars.

Address—Watch Department, Daily Star Lincoln Neb.

WHO SAYS THE BIBLE WON'T STAND THE TEST.

ONLY THE BIBLE WAS SAVED.

All Other Property of a Chicago Church was Burned in the Iniquitous Theater Fire.

(To the Associated Press.)

Chicago, Jan. 21.—Of all the articles for use in the religious services of a central church taken to the Iniquitous theater the day before the fire, only the Bible escaped destruction. Its covers were burned off and its edges burned, but every page of the book remains.

An inspection of the church property has revealed the existence of the Bible, which it had been supposed, was destroyed, but no trace could be found of the other property. Beside the Bible, there were taken to the theatre two pulpits, a communion service, consisting of a large silver pitcher and eight silver cups, and some linen. The property was stored on one side of the stage, in a alcove.

The central church had taken a lease on the Iniquitous theater for a year for the Sunday service hours and the first service was to have been held on the Sunday following the fire.—Associated Press.

OVER IN WYOMING.

It has been somewhat stormy the past week, but has not snowed so very much, just enough to be of benefit to the grass.

The Boyles boys, and Roy Zumbrunnen are getting out posts.

Mr. Children came back from Chadron last Saturday.

Miss McIver will give an entertainment at the west school house Friday eve, the 12th. of February. Everybody invited.

Three months of winter term has past and only two more left in the term for some of the older scholars. It will also be the end of their school days.—Butter improve the time faithfully.

Tom and Sanly Zumbrunnen spent Sunday with the Thompson boys. They report a pleasant time.

Fred Deuel is building a barn. Mr. Will Brown is helping him.

Hal Church had his arm hurt by a horse stepping on him. Mr. Church came to the conclusion that he would not make a good barn floor, and got out of the way as fast as possible.

John Deuel dehorned his cattle last Wednesday. He says that they are doing very well.

SOME PLEAS.

Carey Items.

Hos C. M. Lux made a short visit with his family last week. Come again Carl, only make a longer stay next time.

Dick Lever was in this vicinity visiting friends, and looking after the interests of the R. R. Co. last week.

Frank Carlson, and Malcom Northington sent Sunday on Cottonwood.

News has lately been received of the death of two young people that formerly resided here. One was Miss Pearl Elsbury, aged 18 years; second oldest child of Wm. Elsbury died at her home in Col. and the other was Arthur Dove aged 15 years, son of Mrs. A. C. Dove, died at his home at Lost Cabin Wyoming. Both deaths occurred on New Years day. Did not learn particulars, as to the cause of either death. These young people spent the greater part of their short lives on Cottonwood, and there are many friends and acquaintances here that mourn the loss.

Since our last items appeared, a little son has come to bless the home of Mr. and Mrs. Jesse Archer.

This (Monday) has been a regular old fashioned Nebraska day; started in with a gale about noon it turned into a blizzard minus the cold, and with sand and dirt in the place of snow. It lasted a bout 30 minutes, and ended up with a light snow and a decided fall in temperature, but while it was on, it made old timers think of days gone by.

The teacher and scholars in Dist. No. 2 became frightened at the threatening appearance of the approaching storm and attempted to go to Mr. Tallis about 1/2 mile from the schoolhouse. The dirt storm caught them before they got there and some of the children were almost panic stricken.

The largest photographic picture in existence is being exhibited in Berlin. It is about 40 feet by 5 feet, and represents a view of the Bay of Naples.

Dog Exercisers.

There are people in London who earn quite respectable livings solely by exercising dogs, and some of those who so live are indies. In every suburb, and in every London park these exercisers of dogs may be seen each day, and one gentleman alone pays 15s. a week for the walking out of his valuable bulldogs, the young fellow who undertakes the job having quite a dozen other employers besides.

Waste of Millions.

Daluy harbor, near Port Arthur, built by Russia for an ice-free terminal port for the Siberian railway at a cost of 17,000,000 rubles, is a disappointment, for since the breakwater has been built it freezes over as did Vladivostok. The nearest possible ice-free bay is in Korean territory.

For pity sake Mr. Editor, or the fellow whoever put our work in print last week however did you mistake dainty for that awful word which appeared just before mustache in our article about Ed Schwartz losing his mustache. I heard Ed laughed all night about it, and I know I did not sleep for two nights thinking about such an awful mistake in work I sent for publication. I hope you know I never could have written such a word. Please look at the copy again.

Mr. and Mrs. Bert Archard went up north of Harrison Sunday to visit friends and get some grain.

Volunteer Missionaries.

Bishop Andrews stated at a meeting held in Brooklyn that 9,000 of the young men in the colleges have volunteered for foreign mission work, of whom 3,000 are now in the field, 4,000 are preparing for the work and the others were ready if the churches would send them out.

Be Ye!

From an old English parsonage
Down by the sea,
They came in the twilight
A message for me;
And through the hours
The quiet words ring
Like a low inspiration,
"Do ye the paste thyings."

The Unpossessed.

My Heart's Desire hath led me
Through barren lands and vain,
And bitter bread she fed me,
And bade me drink of pain.
Ah, me! I climbed a weary way
To heights of bread she fed me,
Yet would I give the years I live
To walk the path again.

The Heart's Possessed beside me
Leads me a level way;
There may no ill befall me,
No threat or famine stay,
She hath no wish but wish of mine,
No joy save to obey,
And at my side her form must bide
Until my dying day.

My Heart's Possessed hath stilled me
From all unrest malign;
Yes, ead the hope that thrilled me
With too keen pain and fine.
Yet, O my Heart, my Heart's Desire,
My unguined dream divine,
That never turned the while I yearned
Not closed her hands to mine!
