HAS. NEWMAN

Charles Smith was up from Hewitt last week, and informed us that his house came very near burning down. Part of it did burn, and his and Russell's saddles which they had just gressed and were still in the room, were burned so that they are scarcely any good.

**Hunter Happenings.**  
News is scarce.  
A gentle spring rain is falling just now.  
Mrs. J. R. Hunter was a Harrison visit or Friday.  
The weather is so lovely—it seems Spring is nearly here.  
Please Mr. Sun man, U No lives at East Andrews instead of Hunter.  
Dick Hovsy came over from Saw Dust where he had been assisting Jones and Hagerman for some time. He is at home now at South Hunter.  
Thank you Mr. Editor for putting that "Ten Dollars a Day" article in such good type. We hope all who are interested in school work as we are will study it and many may profit by it.  
Mrs. Rice and daughter Veina went to Harrison last Saturday. While on the train Mrs. Rice was very much surprised to meet her brother, who she had not seen for some time.  
Tom Jones came home from Saw Dust via Harrison Thursday to visit family and friends, but did more work than visiting. He was called back to Saw Dust Sunday, so did not get to stay at home as long as he intended.  
Mrs. Tom Jones enjoyed the blizzard at Harrison Heights Wednesday at last week. It was very refreshing, but she took the first train for home where everything was quiet and beautiful in the bright moon light.  
Tom Plunkett came over from Warbonnet Saturday and visited friends at East Andrews until Sunday. He was riding a bad horse and received a wound on the side of his head, caused not by a very gentle touch of the horse's front foot, while saddling it.  
While in Harrison we visited two rooms of the school. Was very much interested in everything, especially the botany class, which was very interesting to us. We think the Primary room management perfect, what we saw of it. We were sorry we had not time to visit the Intermediate room, but hope to do so the next time we come up to Harrison.  
Our pupils held a debate at school last Monday. The question was: "Resolved that city life is more preferable than country life," which resulted in a draw, there being but one judge. We would like to hear the question debated on, it would be very interesting. We of this city know country life is more preferable.

**WANTED**—Agents, Hustlers, Salesmen, Clerks and everybody who wants to enjoy a good hearty laugh to send 50¢ for "Tips to Agents" Worth \$50 to any person who sells goods for a living. If not satisfactory your money back—Circular for stamp. The Dr. White Electric Comb Co., Decatur, Ill.

**WANTED**  
SPECIAL REPRESENTATIVE in this county and adjoining territories, to represent and advertise an old-established wealthy business house of solid financial standing. Salary \$21 weekly, with \$3 per day for expenses, paid each Monday by check direct from headquarters. Expenses advanced, and horse and buggy furnished when necessary; position permanent. Address Blow Bros., 640 Mason Building, Chicago, Ill. 6-40

**Bodarc Cleanings.**  
Mr. H. Wickersham of S. D. is expected to join his family here in a few days.  
Wm. Miller who has been having a siege with Lathrippe for a month past is better.  
Messrs. Hill and Everspecher purchased a couple of handsome calves from John Coffey last week.

Mrs. Henry Zimmerman has been suffering with a severe attack of heart trouble, but is again able to be about.  
Albert Rands is still confined to his bed with inflammatory rheumatism, with few signs of improvement.

The family of Mr. Wickersham seem well pleased with their new home so far. The three youngest children made a welcome addition to the school last week.  
James Brown evidently intends to come out ahead on chickens this spring. He already has seven little peepers nearly a month old.

Miss Lillie Zimmerman who has been caring for the children, and household affairs of her sister Mrs. Doug during the latter's illness, returned home Sunday bringing the children with her to visit their Grandparents.  
Sioux county people have no need to go away for a change of climate, as they have several kinds of climate at home. Last Tuesday was like summer and some of the valley ladies were making sun-bonnets the next day a blizzard raged for six hours.

It seems quite the thing this year, at least for teachers to fail in fulfilling their contracts to teach. We read of such cases in nearly every paper. Miss Egan teacher of District No. 9 has proved no exception to the rule. She left Sunday without giving any notice, except to tell a couple of the pupils that school was ended. When last seen she was speeding toward Crawford, accompanied by a Modern Lochinvar, which fact coupled with her secret, and sudden departure is very suggestive of an elopement.

**M. A. C.**  
**COTTONWOOD ITEMS.**  
If this escapes the waste basket I may come again.  
Mrs. Hattie Grove was visiting at E. Stewart's home today Monday.  
Grant sawing is the order of the day Mr. Talley, Meckem and fellows.  
Frank Carlson was surprised last week by the arriving of a friend from Minneapolis Minnesota.  
A surprise dance is reported at Mr. Howards next Friday night, and as this is leap year look out boys.  
Miss Anna Meyer from Hatcreek, a sister of Mrs. Anton Meckem was visiting at the former's home Sunday.  
Mr. and Mrs. Hank Fleischman from near Belmont were visiting at the Carey P. O. a few days this week.  
Charles Nortness was seen on our streets yesterday, come again Charley as we are always glad to see you.  
We are sorry to learn that Gene Nortness, has left our neighborhood, to work for a Mr. Kendricks near Marsland.  
To had Timothy isn't a man to shoulder her gun and help fight the Japs. What's the matter with Timothy sending her Hubby?  
R. C. Talley has received three fine Plymouth Rock cockerals from the east. Anyone wishing to buy eggs will do well by seeing him.  
Frank Carlson and M. D. Northington have gone to housekeeping in one of the Meckem houses. We always welcome new neighbors.  
We understand that Tony Krutz is also playing bachelor ball up to his upper ranch while he is taking care of his cattle for the winter.  
Mr. Vet Canfield and brother-in-law Mr. Phillips of Whites are buying grain on Cottonwood, and while doing so stopped with Mr. Anton Krutz over night.

**MASQUERADE BALL.**  
**St. Patrick's Day,**  
**Leap Year Dance**  
Will be given at the opera house. Prizes will be given to the prettiest costumes, also comic. Everybody invited to come and make this the best dance of the season. Good music as usual. Spectators twenty-five cents.  
R. C. DUNN, Manager

**A WONDERFUL INVENTION.**  
It is interesting to note that fortunes are frequently made by the invention of articles of minor importance. Many of the most popular devices are those designed to benefit the people and meet popular conditions, and one of the most interesting of these that has ever been invented is the Dr. White Electric Comb, patented Jan. 1, 99. These wonderful Combs positively cure dandruff, hair falling out, sick and nervous headaches, and when used with Dr. White's Electric Hair Brush are positively guaranteed to make straight hair curly in 25 days' time. Thousands of these electric combs have been sold in various cities of the Union, and the demand is constantly increasing. Our agents are rapidly becoming rich selling these combs. They positively sell on sight! Send for sample. Men's size 35—ladies 50—full price white wash, not returning them. The Dr. White Electric Comb Co., Decatur, Ill.

**War Bonnet Topics.**  
Robt. Keel was sowing rye the first of the week.  
Mr. and Mrs. Frank S. Ott visited at the S-E Sunday.  
Honus Wills was working at the S-E the past week.  
Will Grimm came home Saturday, returning to the 33 Sunday.

Mrs. Belle Dunn and children and her brother were visiting at Scotts Friday.  
Mrs. Johnson, Mrs. Noreish and Mrs. Brooks visited at Mr. Merriam's Monday.

John Plunkett has lost several head of stock with blackleg lately. Had luck.  
N. L. Anderson and family, also John Andersons visited at Neil Jordan's Sunday.  
Our S. S. is still in progress, but small attendance. It is at 2:30 P. M. as usual. Come one and all.

Mrs. Jack Finley and children arriving with her niece, Mrs. Al Hill and family, of Bodarc, this week.  
A calf was bitten by a gray wolf near the S-E and soon died from the effects. The wolf has not been captured.  
Lewis Witt was down here hunting for violins to play for his dance the 11th, and he found plenty right here.

Mrs. Garrison and children from the divide, visited with her daughter, Mr. Jim Merriam and family Sunday.  
Deekmann and Witt removed their wood saw mill to the ridge last week—also moved themselves, being about time to begin Spring work.

Mrs. Paul Zerbst's sister and family from the eastern part of the state have arrived with their stock and household goods and are going to locate here.  
Some more spite work—poor dogs had to suffer. Gustave Noreish is shy. Two dogs; one was shot four times, the other once. This looks shameful to vent your spite on poor dumb animals.

The new addition to the S-E is rapidly going on under the construction of Homer Kennedy, who seems to be a first class carpenter; and all who anticipate building should see him before looking elsewhere.  
No one need be surprised to meet either Frank Scott or Homer Kennedy any where between the S-E and the Boile place at any time of night as they have fenced such an attachment for one another, they often walk in their sleep.

Now I No, it seems to me any one could see who will be benefited by the fences coming down. It is to give the man with the small herd of stock (and large herd of children) equal chance with the man who has the large herd of stock and small herd of children. Hence the poor man with the rich man. I have a idea any of the men who have put in time and labor to keep other peoples' stock off of government range have been amply paid for their trouble and if they had only fenced the range they owned they wouldn't have to tear the fences down. We have now a good Republican president, who is the poor man's friend as well as the rich man's. I suppose any of us, if we had been able, would have done just like they done. Seems human nature to keep all you've got and get all you can. That is the logic we nearly all go by.

**MIDLAND BREEDING FARM.**  
**55 HEREFORDS 55**  
**AT AUCTION SALE.**  
Plainview, Pierce County, Nebraska,  
March 25th, 1904.

Thirty (30) Bulls 1 1/2 to 2 years old; Fifteen (15) 2 year old bred Heifers, and a number of chosen young cows with calves at side—all richly bred, a majority of the pedigrees running back to ANXIETY 4TH 9904, through the blood lines of the "Archbalds," "Lord Brandon," "Beau Real," and others. The "Earl of Shadeland" and "The Grove 3d" are strongly represented. This is not a dispersion sale, but is made up of the Very Tops of the young stock of my herd, being of a very uniform type and color, with plenty of quality. They are a very choice and desirable lot of cattle. They have not been pampered and are not fat, but are in good thrifty breeding condition, are just about right; have been raised in pasture and open yards and they will certainly prove profitable and satisfactory to the buyer and make him money. This will be an excellent chance for farmers and ranchmen in North Nebraska and South Dakota to buy good breeding cattle at their own prices, delivered at their own doors.

**HOLT BROS., OF LAUREL, NEBRASKA.**  
Proprietors of one of the best pure bred Hereford herds in Northeastern Nebraska, will contribute 7 head in this sale—3 Bulls and 4 cows, all choicely bred. PLAINVIEW is located in Northeast Nebraska, about 75 miles West of Sioux City, on the Great Northern and F. E. & M. V. Railroads.  
Write at once for Catalogues, giving full particulars.  
L. L. YOUNG, Oakland, Nebr.  
HOLT BROS., Laurel, Nebr.

AUCTIONEERS: Col. F. M. Woods, Ed. Dennis, L. W. Newell.

To satisfy said order of sale in the sum of two hundred thirty one dollars and forty six cents (\$231.46) and attorney's fees in the twenty three dollars and fourteen cents (\$23.14) and interest and costs and accruing cost. First publication February 11, 1904.  
ALEX LOWRY,  
Sheriff of said county.

**The Valley of Mexico.**  
The Valley of Mexico is seventy miles in length and forty-seven miles in width. Lake Texcoco, a large body of water lying immediately to the east of the City of Mexico, is only six feet lower than the level of the street pavements. In 1629 this lake rose and inundated the city, drowning thousands of the inhabitants. The waters of the lake covered the site of the city to a depth of three feet, and remained so for over four years. This danger is now obviated by a great drainage canal.

Travel in the Holy Land.  
Carts, wagons, drays, trucks, etc., are not employed largely in Syria and Palestine. On the farms a wagon of any description is hardly ever seen. Grain is brought in on the backs of camels and donkeys. Delivery wagons are unknown in Syrian cities.
