ROAD NOTICE.
 TO WHOM IT MAY CONCERN:
 The commissioner appointed to locate a certain road petitioned for by Patrick Lacy and others commencing at a point in the public road number 41 across the same duplex between the section corner between sections 11, 12, 13 and 14 Township 24, Range 57 from thence running south to the section line between sections 13 and 14 to the section corner between sections 18, 14, 13 and 24 and township and range from thence in a direction about south and by west (a point eighty rods east of the line between said sections 23 and 24 and twenty rods south of the line between said sections 13 and 24 from thence running in a direction about south and by west (a point one hundred and sixty rods east of the line between said sections 13 and 24, and eighty rods south of the line between sections 13 and 24; from thence east on quarter section line in section 23, eighty rods south of the section line between sections 13 and 24 to the township line between sections 13 and 24; from thence north and by east (a point eighty rods east of the line between sections 13 and 24) to the section line between sections 19 and 20 Township 22, Range 59 on quarter section line east section 19 eighty rods south of the section line between sections 13 and 24; from thence north and by east (a point one hundred and ten rods east of the section line between sections 13 and 24) to the section line between sections 20 and 29; also between sections 21 and 29 until it connects with county Road Number 2; reports in favor of locating said road.
 All objections thereto or claims for damages must be filed in the County Clerk's office on or before June 17, 1904 or such road will be allowed without reference thereto.
 Harrison, Neb., April, 19, 1904.
 E. F. POTTES, County Clerk.

Continued from last issue.
REGULATIONS TO PREVENT THE SPREAD OF SCABIE (Mange) OR ITCH IN CATTLE.
 U. S. DEPARTMENT AGRICULTURE
 OFFICE OF THE SECRETARY,
 Washington, D. C. March 18.
 The dipping must be done thoroughly; the cattle must be kept in the dip between two and three minutes and be completely submerged twice. The dip must be maintained as nearly as possible at a temperature of 105° F. while cattle are in it. It must be changed as soon as it becomes filthy regarding the number of cattle dipped in it and in no case shall it be used when more than one week old. In emptying the vat the entire contents must be removed, including all sediments and droppings or other foreign matter. The Department assumes no responsibility for loss or damage resulting from the dipping.
 Suitable dripping and drying pens shall be provided. In cold weather cattle shall not be dipped unless they can be kept in a warm pen until dry. Cattle shall not be loaded until they have become dry.
 9. Where large numbers of cattle in a district are ready for transportation, inspectors of the Bureau of Animal Industry will make inspections and give certificates for cattle found free from disease and not to have exposed to the contagion and for cattle dipped under their supervision. Certificates will also be given at

feeding stations and stockyard where inspectors may be stationed.
 10. Cattle shipped under a certificate are not guaranteed uninterrupted transit; for in the event of the development of scabies or exposure to it or site they shall then be included as affected or exposed cattle, and the cars or other vehicles and the chutes, alleys, and pens that may have been occupied shall be cleaned and disinfected.

11. Public stockyards shall be considered as infected and the cattle yarded therein as having been exposed to the disease, and no cattle may be shipped out without being dipped, with the exception noted in Rule 4. Where, however, a part of the stockyards is set apart for the reception of uninfected shipments of cattle and is kept free of disease, cattle may be shipped from such part without dipping. If, by chance, affected cattle are introduced into such reserved part, they shall be immediately removed therefrom and the chutes, alleys, and pens used by them thoroughly cleaned and disinfected. No cattle may be shipped for feeding or stocking from any stockyards where an inspector of the Bureau of Animal Industry is stationed without a certificate of inspection or dipping given by him.

12. Cars and other vehicles, yards, pens, sheds, chutes, etc., that have contained affected or exposed cattle shall be cleaned and disinfected immediately if the cattle are removed therefrom.
 13. Cleaning and disinfection shall be done by first removing all litter and manure and then saturating the interior surfaces of the cars and the woodwork, flooring, and the ground of the chutes, alleys, and pens with a 5 percent solution of crude carbolic acid in water, with sufficient lime to show where it has been applied.

14. Violation of this order is punishable by a fine of not less than \$100 nor more than \$1,000, or by imprisonment not exceeding one year, or by both fine and imprisonment.
 15. B. A. I. Order No. 114 is hereby revoked.
 J. H. BRIGHAM,
 Acting Secretary

THE BLACK HILLS.
 The Richest Hundred Miles Square in the world.
 The Black Hills, in the southwestern part of the state of South Dakota, produce one-third of the gold found in the United States, and are said to be the richest one-hundred miles square in the world. A new booklet on the Black Hills, has been issued by the North-Western Line, with a fine detailed map of this wonderful region. Send four cents in stamps for copy of the booklet to J. A. Kuhn, Ass't Gen. Frt. & Pass. Agt., Chicago & North-Western R'y., Omaha, Neb.

Sheriff Sale.
 By virtue of an order of sale issued by the Clerk of the District Court of Sioux county, Nebraska, upon a decree rendered in said county in favor of Mabel G. Souther, plaintiff, and against John H. Barron, Mary Barron, his wife, and William Souther, defendants
 I will on the 31st day of May 1904 at one o'clock in the afternoon of said day at the east front door of the court house of the said county at Harrison, Nebraska, sell at public auction to the highest bidder for cash in hand the following described real estate situated in Sioux county, to-wit:
 Southwest quarter of northwest quarter and lot two, (2) in section twenty-five (25) and the southeast quarter of northeast quarter (SE 1/4 NE 1/4) and lot one (1) in section twenty-six (26) in township thirty-one (31) north of Range fifty-three (53) west of 6th Principal Meridian.
 To satisfy said order of sale in the sum of seven hundred and sixty-five dollars and twelve cents and interest and costs and accruing costs.
 First publication April, 29, 1904

A WONDERFUL INVENTION.
 It is interesting to note that fortunes are frequently made by the invention of articles of minor importance. Many of the most popular devices are those designed to benefit the people and meet popular conditions, and one of the most interesting of these that has ever been invented is the Dr. White Electric Comb, patented Jan. 1, 90. These wonderful Combs positively cure dandruff, hair falling out, sick and nervous headaches, and when used with Dr. White's Electric Hair Brush are positively guaranteed to make straight hair curls in 25 days' time. Thousands of these electric combs have been sold in various cities of the Union, and the demand is constantly increasing. Our agents are rapidly becoming rich selling these combs. They positively sell on sight. Send for sample. Men's size 35c. Ladies' 50c. (half price while we are introducing them.) The Dr. White Electric Comb Co., Decatur, Ill.
