A WONDERFUL INVENTION.

It is interesting to note that fortunes are frequently made by the invention of articles of minor importance. Many of the most popular devices are those designed to benefit the people and meet popular conditions, and one of the most interesting of these that has ever been invented is the Dr. White Electric Comb, patented Jan. 1, 99. These wonderful Combs positively cure dandruff, hair falling out, sick and nervous headaches, and when used with Dr. White's Electric Hair Brush are positively guaranteed to make straight hair curly in 25 days' time. Thousands of these electric combs have been sold in various cities of the Union and the demand is constantly increasing. Our agents are rapidly becoming rich selling these combs. They positively sell on sight. Send for sample. Men's size \$1c. Ladies' 50c. - half price while we are introducing them. The Dr. White Electric Comb Co., Decatur, Ill.

 THE
 NEW YORK WORLD
 THREE-A-WEEK EDITION.

Read wherever the English Language is Spoken.

The tickets are now made up and the most interesting Presidential campaign the United States has known since 1880 has begun. And it is the most important, too.

Which will it be, Parker and Davis or Roosevelt and Fairbanks? Nobody knows yet, but THE THRICE A WEEK WORLD will tell you promptly, fully and truthfully every movement of a hot and thrilling campaign. The real newspaper now prints facts rather than hopes, and it has always been the effort of THE THRICE A WEEK WORLD to tell the truth that has happened exactly as it happened. Thus you can judge for your self and form your opinion.

There is also a great war going on in East, where THE WORLD has a brilliant staff of correspondents in the field, and their reports are found regularly in the columns of THE THRICE A WEEK WORLD. THE THRICE A WEEK WORLD'S regular subscription price is only \$1.00 per year, and this pays for 136 papers. We offer this unequalled newspaper and PIES-JOURNAL together one year for \$1.55. The regular subscription price of the two papers is \$2.00.

Gonyan's Work on "Pilgrim's Progress" Bunyan took the otherwise unemployed hours of three years to finish "Pilgrim's Progress," which was written almost entirely in Bedford Jail. The "Holy War" required but one year.

We saw some fine Crab apples at the county Treasurer's office this week that were grown on S. W. Carey's place on the Little Cottonwood. Mr. Lux says Mr. Carey has some fine apples and he saw 12 apples growing on 8 square inches of surface. There is no question about raising fruit in this county if people would only take care of the trees as they should. Robert Harrison has as fine an orchard as man need care for, and he has demonstrated the fact that fruit can be raised in northwest Nebraska and Sioux county at that. We don't know
