

WOMAN SO ILL COULD NOT WORK

Gained Strength, Weight and Now Doing Own Work, by Taking Lydia E. Pinkham's Vegetable Compound

Marion, Ind.—"I was all run-down, nervous and bent over. I could hardly drag around, let alone do my work. I read some letters in the papers telling what Lydia E. Pinkham's Vegetable Compound had done for others and I thought I would try it. Then a man told my husband about his wife and what good it had done her and wanted him to have me try it. I took one bottle and could see what it did for me in a week's time, and when I had taken three bottles I had gained both in strength and weight and was doing my own work. I took it before my last baby was born and it helped me so much. I sure am glad to recommend the Vegetable Compound to any woman who suffers from female ailments, for I know by experience what it can do. I have used Lydia E. Pinkham's Sanative Wash, also the Liver Pills, too, and think them fine."—Mrs. Wm. Eldridge, 620 E. Grant Street, Marion, Indiana.

A record of nearly fifty years service should convince you of the merit of Lydia E. Pinkham's Compound.

Keep Off the Grass!

The little boy was fond of nursery rhymes and fairy tales, and was always asking questions about them. One day he asked his mother: "Why didn't the man in the nursery rhyme put up a notice to 'keep off the grass'? Then he wouldn't have been cruel to the maiden." "Which man, dear?" said his mother; "and to whom was he cruel?" "Well," said the little chap, "nurse 'ten tells me about the man all tattered and torn who kicked the maiden off the lawn!"

Reichswehr May Oppose the French Invaders

Pueblos Oppose the Bursum Bill

A picturesque delegation of Pueblo Indians arrived in Washington from New Mexico to plead with congress against the destruction, as they allege, of the very lives of their people through enforced starvation and disease. It is the first delegation of its kind to appear in the capital since the days of Abraham Lincoln, who presented each of them at that time with a cane as a token of his promise, they declare, of the permanent retention of their lands. The Bursum bill, which they are fighting, would deprive them of their fast dwindling lands. The Indians are shown carrying the Lincoln canes.

Mt. Katmai, in Alaska, is the largest active volcano in the world. Japanese in the United States now outnumber the Chinese nearly two to one. The city of Danzig has added plants to make benzol and fuel briquets from coke and tar to its municipal gas works to utilize by-products.

The clothing worker is idle 31 per cent of the year, the shoemaker 35 per cent, and the building trades worker 37 per cent. Three 2,000-mile radius radio stations will be erected in Central America, at the capitals of Honduras and Nicaragua and in a Panama city.

NO WONDER SHE SUES

Miss Charlotte Elliott of St. Paul, Minn., has sued the owner of a large apartment building for \$25,000 damages, charging that her personality has been changed as the result of injuries suffered when an automatic elevator in which she was riding crashed two floors to the basement. Miss Elliott, in her complaint, alleges that her former sunny disposition is now marred by fits of melancholia, that she is irritable and not easy to get along with and no longer cares for social affairs; and worst of all, her new personality has brought about a quarrel with her fiancé that has ended in a permanent estrangement.

HAS VALUABLE LEGS

Muriel B. Spring, who has been dancing for four months in Paris, carries a heavy insurance policy on her nether extremities. The other day she arrived in New York and the photographer caught this picture of her and what her friends call her "million dollar legs."

WOULDN'T PAY FOR MATCHES

Scotsman Not Likely to Expend a "Bawbee" When He Could Walk to His Hotel.

A young Scotsman, shortly after his graduation from the University of Edinburgh, came to this country to teach. Thirty years later he revisited the country of his birth. On his return to his teaching post he was regaling some of his confreres with an account of his trip.

"One morning," related the professor, "as I was strolling along a street in Edinburgh, I stopped at a tobacconist's and bought some cigars. Finding myself out of matches I asked the clerk for some.

"'Ha'pence a box,' said he.

"'What! Why, in America when a man buys a cigar he is given a small package of matches.'

"'I'm sorry, sir, but they're ha'penny a box here.'

"'And do you know,' added the professor, 'I had to walk back eight blocks to my hotel to get some matches.'—Judge.

Cause and Effect.

The teacher was angry when Thomas appeared ten minutes late for school one morning.

"Why are you late, Tommy?" he said sharply.

"Please, sir," replied the stinner, "it was late when I started home."

"Then why didn't you start from home earlier?"

"Please sir, it was too late to start early."
