FARM BUREAU NOTES

(By County Extension Agent, H. R. Fausch)

Accredited Farm Flocks
 O. N. Summers, Poultry Specialist, inspects poultry on farms that are being accredited and mates breeding pens. Following is the list in Webster county: Emil Blumenthal, Blue Hill, White Wyandottes; Mrs. C. Eschelman, Red Cloud, White Wyandottes; Mrs. Robert Fausch, Guide Rock, White and Barred Plymouth Rocks; Henry Lambrecht, Inavale, White Leghorns; Marqust Merrill, Red Cloud, White Leghorns; Mrs. A. Arnold, Inavale, S. C. Rhode Island Reds; Mrs. H. Fausch, Guide Rock, S. C. Rhode Island Reds; Mrs. John Erickson, Red Cloud, Silver Laced Wyandottes.

Accredited Farm Flocks 1922
 Mrs. A. Arnold of Inavale had the only accredited flock in 1922. Her 145 hens averaged 113 eggs. There were 201 accredited flocks in Nebraska with an average of 133 hens and they produced an average of 113.5 eggs. The rank of breeds are first S. C. White Leghorns, second S. C. Rhode Island Reds, third S. C. Brown Leghorns, fourth White Wyandottes, fifth Barred Rocks, sixth Buff Orpingtons, seventh White Rocks, eighth R. C. Rhode Island Reds, ninth Black Minorcas, tenth White Orpingtons.

There were 116,409 farm flocks in Nebraska and almost that many town flocks. The state average for hens is 70 eggs. If culling and better methods were applied to the average State Flocks we could easily increase the egg production 1/2 and at 20 cents per dozen this would amount to \$9,031,398.20 per year. In Webster county it would amount to \$129,019.97.

Guide Rock Community Club
 The Guide Rock Community Club held a banquet for Live Stock Club boys from Guide Rock vicinity. The banquet was held at the Bushee hotel. A short program was given after the dinner.

Lorimer Edson talked on Calf Club; Eugene White on Pig Club; W. B. Vance on Dad's View of Club Work; Harry Vaughan, Business Man's View of Club Work; C. B. Steward, Breeders' View of Club Work; Henry R. Fausch, Live Stock Clubs.

Lorimer Edson and Eugene White have won many honors in Club work and both told of their experiences.

W. B. Vance told how his son, Spencer, became interested in Club work 4 years ago and today they were breeding pure bred cattle and hogs.

Harry Vaughan told of the good Club work had done for his son and what it would mean to other city boys especially those who expect to be the business men of the future. The training along this line would help him to understand the farmers' problems.

C. B. Steward, told why the breeder was interested in Live Stock Clubs. He said few men are in the pure bred livestock business for profit alone. Their love for good stock is either innate or has been acquired from observation, study and association and in any event it has made an idealist out of him. The mind fashions models of his favorite breed and he strives to attain this goal.

Mr. Steward paid tribute to the Guide Rock Community Club for the interest they were taking in Live Stock Club work and he didn't wonder that Guide Rock Community has so much good live stock.
